Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences:

Syntactic Phrase Structure Phenomena in Noun Phrases and Sentences Christa Bhatt, Elisabeth Löbel, Claudia Maria Schmidt, 1989-01-01 The main topic of this volume is the phrase structural analysis of noun phrases and sentences This analysis is based on recent ideas within the Government and Binding framework and makes crucial use of such modules as Theta assignment Binding Theory Case assignment as well as different definitions of the notion Barrier The ten papers deal with certain aspects of English and German noun phrases

English Noun Phrases from a Functional-Cognitive Perspective Lotte Sommerer, Evelien Keizer, 2022-01-15 Despite a significant increase in interest over the last two decades in the English Noun Phrase there are still many open questions and unexplored issues The papers collected in this volume contribute to this ongoing research by addressing a range of topics concerning the internal structure use and development of English Noun Phrases The eleven chapters represent three main themes 1 Determination modification and complementation 2 Shell nouns and the X is construction 3 Binominal constructions These topics are approached in different ways some chapters are synchronic in nature others diachronic and while most subscribe to functional cognitive modelling some take a more formal approach In addition different methodologies are employed varying from qualitative and quantitative corpus analyses to experimental methods As a result the contributions to this volume represent both the main topics currently discussed in research on the English Noun Phrase and the diversity in the way these topics are investigated

German: Syntactic Problems - Problematic Syntax Werner Abraham, Elly van Gelderen, 2017-10-10 The volume assembles eleven articles presenting a linguistic approach to the grammar of German English and the diachronic forerunners of English Common to all is a theoretical discussion against the background of Chomskyan minimalism 1993 and more recent developments of it Kayne 1993 Chomsky 1995 all of which make language typology comparisons an interesting proposition Some of the articles are critical of certain aspects of these theoretical approaches For all their claims to descriptive universality it transpires that they fail to address a number of features specific to German

Syntax, semantics, and the lexicon Łukasz Jędrzejowski, Uwe Junghanns, Kerstin Schwabe, Carla Umbach, 2025-05-20 This book is dedicated to Ilse Zimmermann who was a pioneer of Generative Grammar in Germany and made important contributions to the analysis of German and Slavic languages It contains original articles by Zimmermann as well as newly written papers inspired by her work Zimmermann's original articles cover a wide range of topics over a long period of research the earliest dating from 1983 and they make it clear that issues that are highly topical today have long been the subject of linguistic research The newly written papers are closely related to Zimmermann's topics ranging from DP structure verbal inflection and reciprocity to the modification of causative verbs all from a Slavic perspective They are rounded off by a contribution highlighting the leading role played by the Strukturelle Grammatik research group of which Zimmermann was a member in the development of linguistics in Germany Dieses Buch ist Ilse Zimmermann gewidmet die eine Pionierin der Generativen Grammatik in

Deutschland war und wichtige Beiträge zur Analyse des Deutschen und der slawischen Sprachen geleistet hat. Es enthält sowohl Originalartikel von Zimmermann als auch neu verfasste Beiträge, die durch ihre Arbeit inspiriert wurden. Zimmermanns Originalartikel decken ein breites Spektrum von Themen in einem langen Forschungszeitraum ab, der früheste datiert aus dem Jahr 1983 und sie machen deutlich, dass Fragen, die heute hochaktuell sind, schon lange Gegenstand der linguistischen Forschung sind. Die neu verfassten Kapitel stehen in engem Zusammenhang mit Zimmermanns Themen. Sie reichen von der DP-Struktur über verbale Flexion und Reziprozität bis hin zur Modifikation kausativer Verben, alles aus slawischer Perspektive. Abgerundet werden sie durch einen Beitrag, der die führende Rolle der Forschungsgruppe Strukturelle Grammatik, deren Mitglied Zimmermann war, für die Entwicklung der Linguistik in Deutschland hervorhebt.

The Semantics of Prepositions Cornelia Zelinsky-Wibbelt, 2011-09-06. No detailed description available for *The Semantics of Prepositions*.

Balkan Syntax and Semantics Olga Mičeska Tomić, 2004-01-01. The book deals with some syntactic and semantic aspects of the shared Balkan Sprachbund properties. In a comprehensive introductory chapter, Tomić offers an overview of the Balkan Sprachbund properties. Sobolev, displaying the areal distribution of 65 properties, argues for dialect cartography. Friedman, on the example of the evidentials, argues for a typologically informed areal explanation of the Balkan properties. The other contributions analyze specific phenomena: polidefinite DPs in Greek and Aromanian (Campos and Stavrou), Balkan constructions in which datives combine with impersonal clitics or non-active morphology (Rivero), Balkan optatives (Ammann) and Auwera, imperative force in the Balkan languages (Isac and Jakab), clitic placement in Greek imperatives (Bošković), focused constituents in Romanian and Bulgarian (Hill), synthetic and analytic tenses in Romanian (D. Hulst), Coene and Avram, purpose-like modification in a number of Balkan languages (Buračević), Balkan modal existential constructions (Grosu), child and adult strategies in interpreting empty subjects in Serbian (Croatian) (Stojanović and Marelj), conditional sentences in Judeo-Spanish (Montoliu and Auwera).

Syntactic Categories Gisa Rauh, 2010-06-03. This book offers a systematic account of syntactic categories, the building blocks of sentences and the units of grammatical analysis and explains their place in different theories of language. It sets out and clarifies the conflicting definitions of competing frameworks, which frequently make it hard or impossible to compare grammars. Gisa Rauh describes the history and nature of traditional and contemporary accounts and definitions of grammatical categories. She explains their properties and use in generative, cognitive and functional theories and considers their function in language typology. She distinguishes between the cognitive functions of categories that relate to traditional parts of speech and serve to structure a language's lexicon and those which determine the syntactic behaviour of the linguistic items they specify. Professor Rauh illustrates her account with a wide range of examples. Her clear and balanced exposition will be welcomed by students and scholars in all branches of linguistics as well as by those in related subjects such as computational science and the philosophy of language.

Syntactic architecture and its consequences II András Bárány, Theresa Biberauer, Jamie Douglas, Sten Vikner

,2020-12-30 This volume collects novel contributions to comparative generative linguistics that rethink existing approaches to an extensive range of phenomena domains and architectural questions in linguistic theory At the heart of the contributions is the tension between descriptive and explanatory adequacy which has long animated generative linguistics and which continues to grow thanks to the increasing amount and diversity of data available to us The chapters address research questions in comparative morphosyntax including the modelling of syntactic categories relative clauses and demonstrative systems Many of these contributions show the influence of research by Ian Roberts and collaborators and give the reader a sense of the lively nature of current discussion of topics in morphosyntax and morphosyntactic variation The Syntax of

Relative Clauses Artemis Alexiadou,2000-01-01 This book presents a cross section of recent generative research into the syntax of relative clauses constructions Most of the papers collected here react in some way to Kayne s 1994 proposal to handle relative clauses in terms of determiner complementation and raising of the relativized nominal The editors provide a thorough introduction of these proposals their background and motivations arguments for and against There are detailed studies in the syntax and the semantics of relative clauses constructions in Latin Ancient Greek Romanian Hindi Old English Old High German dialects of Dutch Turkish Swedish and Japanese The book should be of interest to any linguist working within generative syntax **Finiteness** Irina Nikolaeva,2007 This book explores the nature of finiteness one of most commonly used notions in descriptive and theoretical linguistics but possibly one of the least understood Scholars representing a variety of theoretical positions seek to clarify what it is and to establish its usefulness and limitations In doing so they reveal cross linguistically valid correlations between subject licensing subject agreement tense syntactic opacity and independent clausehood show how these properties are associated with finiteness and discuss what this means for the content of the category The issues explored include how different grammatical theories represent finiteness whether the finite nonfinite distinction is universal whether there are degrees of finiteness whether the syntactic notion of finiteness has a semantic corollary whether and how finiteness is subject to change and how finiteness features in language acquisition Irina Nikolaeva opens the book by describing the history of finiteness and its place in current thinking and research She then introduces the chapters of the book comparing the authors perspectives and showing what they have in common The book is then divided into four parts Part I considers the role finiteness plays in formal syntactic theories and Part II its deployment in functional theories and as the subject of research in typology Parts III and IV look respectively at the finite nonfinite opposition in individual languages and at the role finiteness plays in linguistic change and linguistic development The book is written and structured to appeal to scholars and students of syntax and general linguistics at graduate level and above **A**

Phi-Syntax for Nominal Concord Marco Benincasa,2018-03-26 The book focusses on the grammatical feature definiteness in German visible in the inflection of adjectives ein sch n es Kind vs das sch n e Kind It argues for an analysis of this effect that draws a connection to the visible categories of number and gender on nouns and related words rather than an abstract

property This conclusion rests on the conflation of the established grammatical categories into a single one number gender which explains a vast body of grammatical phenomena in German and principles of language in general

Possessors, Predicates, and Movement in the Determiner Phrase Artemis Alexiadou, Chris Wilder, 1998-01-01 This volume presents a cross section of current research on the internal syntax of Determiner Phrases DPs with special emphasis on the analysis of DPs modified by genitival adjectival and other non finite attributes Possessors Predicates and Movement in the DP illustrates clearly the ongoing debate over older and more recent approaches to the syntax of DPs in particular in the wake of the minimalist program Chomsky 1995 and Kayne s antisymmetry hypothesis Kayne 1994 The relative theoretical coherence among the contributions permits detailed comparison of specific syntactic proposals providing a solid basis for further debate Several of the papers address the syntactic questions in parallel with related semantic or morphological issues The value of this collection to the study of Universal Grammar is also underlined by its comparative bias Analyses of Germanic Romance and Balkan languages figure prominently and a number of new empirical generalizations within and between languages are discussed

Verbal Complexes Hilda Judith Koopman, Anna Szabolcsi, 2000 The central idea of Dynamic Antisymmetry is that movement and phrase structure are not independent properties of grammar more specifically that movement is triggered by the geometry of phrase structure Assuming a minimalist framework movement is traced back to the necessity for natural language to organize words in linear order at the interface with the perceptual articulatory module Andrea Moro uses this innovative perspective to analyze several empirical domains focusing on small clauses split wh movement and clitic constructions In a final speculative chapter he examines the general consequences for the design of grammar implied by Dynamic Antisymmetry The book is self contained with a synopsis of current theories of movement and a synthetic presentation of the theory of antisymmetry An appendix presents the essentials of a unified theory of copular sentences which plays a central role in the argument and has several important consequences for syntax for example for expletives and locality Linguistic Inquiry Monograph No 38

Clitics Between Syntax and Lexicon Birgit Gerlach, 2002-01-01 As a typical interface phenomenon clitics have become increasingly important in linguistic theory during the last decade The present book contributes to the recent discussion and first provides a comprehensive overview of clitic sequencing clitic placement and clitic doubling in the major Romance languages In addition new data from a northern Italian dialect are introduced The author then gives a critical summary of the current morphological analyses of clitic phenomena She also discusses recent Optimality theoretical analyses of clitic combinations and clitic placement and shows how these analyses can be improved upon when we also consider a morphological treatment of clitics This book provides innovative solutions to clitic phenomena within the framework of a constraint based morphological theory and will be of interest not only to morphologists syntacticians and those working on the grammar of Romance languages but also to linguists who are interested in the organisation of the grammar and the lexicon

Clitics in Phonology, Morphology and Syntax Birgit

Gerlach, Janet Grijzenhout, 2001-02-01 This book contains fourteen articles that reflect current ideas on the phonology morphology and syntax of clitics It covers the forms and functions of clitics in various typologically diverse languages and presents data from e g European Portuguese Macedonian and Yoruba It extensively deals with the prosodic structure of clitics their morphological status clitic placement and clitic doubling The form and behavior of clitics with respect to tonal phenomena and in verse are discussed in two articles Akinlabi Liberman Reindl Franks Other articles address the prosodic representation of clitics in Irish Green the differences in the acquisition of clitics and strong pronouns in Catalan Escobar Gavarro the similarities between clitics and affixes or words in Romance and Bantu languages Cocchi Crysman Monachesi Ortman Popescu the semantics of clitics in the Greek DP and in Spanish doubling Alexiadou Stavrou Uriagereka and complex problems concerning verbal clitics in Romanian and Balkan languages Legendre Spencer Tomic **Adjectives** Patricia

Cabredo Hoffher, Ora Matushansky, 2010 Adjectives are comparatively less well studied than the lexical categories of nouns and verbs The present volume brings together studies in the syntax and semantics of adjectives Four of the contributions investigate the syntax of adjectives in a variety of languages English French Mandarin Chinese Modern Hebrew Russian Spanish and Serbocroatian The theoretical issues explored include the syntax of attributive and predicative adjectives the syntax of nominalized adjectives and the identification of adjectives as a distinct lexical category in Mandarin Chinese A further four contributions examine different aspects in the semantics of adjectives in English French and Spanish dealing with superlatives comparatives and aspect in adjectives This volume will be of interest to researchers and students in syntax formal semantics and language typology Semi-lexical Categories Norbert Corver, Henk van Riemsdijk, 2013-05-22 The

distinction between functional categories and lexical categories is at the heart of present day grammatical theory in theories on language acquisition code switching and aphasia At the same time it has become clear however that there are many lexical items for which it is less easy to decide whether they side with the lexical categories or the functional ones This book deals with the grammatical behavior of such in between categories which are referred to here as semi lexical categories

The Blackwell Companion to Syntax Martin Everaert, Henk Van Riemsdijk, 2008-04-15 Pre Order The Wiley Blackwell Companion to Syntax second edition publishing December 2017 Find out more at www.companiontosyntax.com This long awaited reference work marks the culmination of numerous years of research and international collaboration by the world's leading syntacticians There exists no other comparable collection of research that documents the development of syntax in this way Under the editorial direction of Martin Everaert and Henk van Riemsdijk this 5 volume set comprises 70 case studies commissioned specifically for this volume The 80 contributors are drawn from an international group of prestigious linguists including Joe Emonds Sandra Chung Susan Rothstein Adriana Belletti Jim Huang Howard Lasnik and Marcel den Dikken among many others A unique collection of 70 newly commissioned case studies offering access to research completed over the last 40 years Brings together the world's leading syntacticians to provide a large and diverse number of case studies

in the field Explores a comprehensive range of syntax topics from an historical perspective Investigates empirical domains which have been well documented and which have played a prominent role in theoretical syntax at some stage in the development of generative grammar Serves as a research tool for not only theoretical linguistics but also the various forms of applied linguistics Contains an accessible alphabetical structure with an index integral to each volume featuring keywords and key figures Each multi volume set is also accompanied by a CD Rom of the entire Companion Like the prestigious Blackwell Handbooks in Linguistics series this multi volume work in the new The Wiley Blackwell Companions to Linguistics series can be relied upon to deliver the quality and expertise with which Blackwell Publishing's linguistics list is associated

Morphology-Driven Syntax Bernhard Wolfgang Rohrbacher, 1999-06-15 This book argues that syntactic parameters are set in a principled fashion on the basis of overt functional morphology The main focus of the book is on the different positions of the finite verb in the Germanic SVO languages In addition other syntactic phenomena null subjects transitive expletive constructions and object shift and other language families Romance Semitic and Slavic are discussed A common explanation for all of the discussed phenomena is proposed If and only if the features for person are distinctively marked by the agreement morphology the agreement affixes are listed separately in the lexicon and project phrases of their own in syntax where they attract the verb to the head positions and allow the specifier positions to be filled by various phonologically un realized elements Special attention is given to issues of historical development and child language acquisition *Studies in Comparative Germanic Syntax* C. Jan-Wouter Zwart, Werner Abraham, 2002 This volume presents a collection of articles reporting on new research carried out within the theoretical framework of generative grammar on the comparative syntax of the Germanic languages Divided in four main sections the book focuses on issues of subordination and complementation with emphasis on German Dutch and Danish displacement phenomena discussed in relation with richness of morphology with special attention to English German Dutch and Norwegian as well as presenting more general discussion of the issue language variation and change studying historical English syntax and Frisian contact dialects and the syntax semantics interface viewed from a Germanic perspective addressing ellipsis reflexivity and the behavior of quantifiers

Whispering the Strategies of Language: An Emotional Quest through **Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences**

In a digitally-driven world where screens reign supreme and immediate transmission drowns out the subtleties of language, the profound strategies and mental subtleties hidden within phrases usually get unheard. However, set within the pages of **Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences** a interesting fictional prize sporting with raw thoughts, lies a fantastic journey waiting to be undertaken. Penned by a talented wordsmith, this marvelous opus encourages readers on an introspective journey, lightly unraveling the veiled truths and profound influence resonating within the material of each word. Within the mental depths of the poignant evaluation, we shall embark upon a honest exploration of the book is primary subjects, dissect their interesting publishing model, and fail to the powerful resonance it evokes deep within the recesses of readers hearts.

Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific

titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook's credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What's the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences is one of the best books in our library for free trial. We provide a copy of Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences in digital format, so the resources that you find are reliable. There are also many eBooks related to Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences. Where to download Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences online for free? Are you looking for

Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences To get started finding Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences So depending on what exactly you are searching, you will be able tochoose ebook to suit your own need. Thank you for reading Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Syntactic Phrase Structure Phenomena In Noun Phrases And Sentences is universally compatible with any devices to read.
