Syntax Of Subjects:

The Syntax of "subjects" Koichi Tateishi, 1994-01-01 This book examines Japanese as a configurational language

Handbook of Japanese Syntax Masayoshi Shibatani, Shigeru Miyagawa, Hisashi Noda, 2017-10-23 Studies of Japanese syntax have played a central role in the long history of Japanese linguistics spanning more than 250 years in Japan and abroad More recently Japanese has been among the languages most intensely studied within modern linguistic theories such as Generative Grammar and Cognitive Functional Linguistics over the past fifty years This volume presents a comprehensive survey of Japanese syntax from these three research strands namely studies based on the traditional research methods developed in Japan those from broader functional perspectives and those couched in the generative linguistics framework The twenty four studies contained in this volume are characterized by a detailed analysis of a grammatical phenomenon with broader implications to general linguistics making the volume attractive to both specialists of Japanese and those interested in learning about the impact of Japanese syntax to the general study of language Each chapter is authored by a leading authority on the topic Broad issues covered include sentence types declarative imperative etc and their interactions with grammatical verbal categories modality polarity politeness etc grammatical relations topic subject etc transitivity nominalizations grammaticalization word order subject scrambling numeral quantifier configurationality case marking ga no conversion morphology and syntax modification adjectives relative clause and structure and interpretation modality negation prosody ellipsis Chapter titles Introduction Chapter 1 Basic structures of sentences and grammatical categories Yoshio Nitta Kansai University of Foreign Studies Chapter 2 Transitivity Wesley Jacobsen Harvard University Chapter 3 Topic and subject Takashi Masuoka Kobe City University of Foreign Studies Chapter 4 Toritate Focusing and defocusing of words phrases and clauses Hisashi Noda National Institute for Japanese Language and Linguistics Chapter 5 The layered structure of the sentence Isao Iori Hitotsubashi University Chapter 6 Functional syntax Ken Ichi Takami Gakushuin University and Susumu Kuno Harvard University Chapter 7 Locative alternation Seizi Iwata Osaka City University Chapter 8 Nominalizations Masayoshi Shibatani Rice University Chapter 9 The morphosyntax of grammaticalization Heiko Narrog Tohoku University Chapter 10 Modality Nobuko Hasegawa Kanda University of International Studies Chapter 11 The passive voice Tomoko Ishizuka Tama University Chapter 12 Case marking Hideki Kishimoto Kobe University Chapter 13 Interfacing syntax with sounds and meanings Yoshihisa Kitagawa Indiana University Chapter 14 Subject Masatoshi Koizumi Tohoku University Chapter 15 Numeral quantifiers Shigeru Miyagawa MIT Chapter 16 Relative clauses Yoichi Miyamoto Osaka University Chapter 17 Expressions that contain negation Nobuaki Nishioka Kyushu University Chapter 18 Ga No conversion Masao Ochi Osaka University Chapter 19 Ellipsis Mamoru Saito Nanzan University Chapter 20 Syntax and argument structure Natsuko Tsujimura Indiana University Chapter 21 Attributive modification Akira Watanabe University of Tokyo Chapter 22 Scrambling Noriko Yoshimura Shizuoka Prefectural University **Theories of Syntax** Koenraad Kuiper, Jacqui Nokes, 2017-09-16 Do

you want a deeper understanding of syntax and grammar Theories of Syntax Concepts and Case Studies is an indispensable student companion Starting with basic concepts of syntax Kuiper and Nokes then delve deeper by explaining how we understand syntactic phenomena and show us how to use different theoretical frameworks Theories of Syntax Explores syntactic phenomena through a scientific lens Shows how syntactic models are shaped by theoretical frameworks Summarizes four theories of syntax Systemic Functional Grammar the Principles and Parameters Framework Lexical Functional Grammar and Minimalism Illustrates seven sets of syntactic phenomena through case studies With questions for revision reflection and discussion in each chapter this is an ideal book for students who want to further their studies

The Oxford Handbook of Experimental Syntax Jon Sprouse, 2023 This handbook the first volume of its kind showcases the multiple experimental methods that are used to explore the central questions in syntactic research The chapters provide reviews of major experimental work offer methodological guidance and will inspire new research that will push the boundaries of the theory of syntax

Predicates and Their Subjects Susan Rothstein, 2012-12-06 Predicates and their Subjects is an in depth study of the syntax semantics interface focusing on the structure of the subject predicate relation Starting from where the author's 1983 dissertation left off the book argues that there is syntactic constraint that clauses small and tensed are constructed out of a one place unsaturated expression the predicate which must be applied to a syntactic argument its subject The author shows that this predication relation cannot be reduced to a thematic relation or a projection of argument structure but must be a purely syntactic constraint Chapters in the book show how the syntactic predication relation is semantically interpreted and how the predication relation explains constraints on DP raising and on the distribution of pleonastics in English The second half of the book extends the theory of predication to cover copular constructions it includes an account of the structure of small clauses in Hebrew of the use of be in predicative and identity sentences in English and concludes with a study of the meaning of the verb be

The Syntax-Information Structure Interface Eugenia Casielles-Suárez, 2004-08 Central questions addressed are the analysis of subjects in Spanish and English DP vs NP and null vs preverbal vs postverbal and the nature of constructions such as topicalization left dislocation and focus preposing

Historical Syntax Jacek Fisiak, 1984 TRENDS IN LINGUISTICS is a series of books that open new perspectives in our understanding of language The series publishes state of the art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by approaching language from an interdisciplinary perspective TRENDS IN LINGUISTICS considers itself a forum for cutting edge research based on solid empirical data on language in its various manifestations including sign languages It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language TRENDS IN LINGUISTICS publishes monographs and outstanding dissertations as well as edited volumes which provide the opportunity to address controversial topics from

different empirical and theoretical viewpoints High quality standards are ensured through anonymous reviewing

The Acquisition of Syntax Marc-Ariel Friedemann, Luigi Rizzi, 2014-06-11 This volume contains a collection of studies that survey recent research in developmental linguistics illustrating the fruitful interaction between comparative syntax and language acquisition The contributors each analyse a well defined range of acquisition data aiming to derive them from primitive differences between child and adult grammar The book covers cross linguistic and cross categorial phenomena shedding light on major developments in this novel and rapidly growing field Extensions to second language acquisition and neuropathology are also suggested

The Acquisition of Syntax in Romance Languages Vincent Torrens, Linda Escobar, 2006-07-26 This volume includes a selection of papers that address a wide range of acquisition phenomena from different Romance languages and all share a common theoretical approach based on the Principles and Parameters theory They favour discuss and sometimes challenge traditional explanations of first and second language acquisition in terms of maturation of general principles universal to all languages They all depart from the view that language acquisition can be explained in terms of learning language specific rules constraints or structures The different parts into which this volume is organized reflect different approaches that current research has offered which deal with issues of development of reflexive pronouns determiners clitics verbs auxiliaries inflection wh movement resumptive pronouns topic and focus mood the syntax discourse interface and null arguments

The Substance of Language Volume I: The Domain of Syntax John Mathieson Anderson, 2011-10-20 The Domain of Syntax explores the consequences for syntax of assuming that language is grounded in cognition and perception He considers whether this permits a lexicalist approach to syntax that would allow it to dispense not only with structural mutations but with universal grammar itself

Existence: Semantics and Syntax Ileana Comorovski, Klaus von Heusinger, 2008-08-20 This collection of essays grew out of the workshop Existence Semantics and Syntax which was held at the University of Nancy 2 in September 2002 The workshop organized by Ileana Comorovski and Claire Gardent was supported by a grant from the Reseau de Sciences Cognitives du Grand Est Cognitive Science Network of the Greater East which is gratefully acknowledged The first editor wishes to thank Claire Gardent Fred Landman and Georges Rebuschi for encouraging her to pursue the publication of a volume based on papers presented at the workshop Among those who participated in the workshop was Klaus von Heusinger who joined Ileana Comorovski in editing this volume Besides papers that developed out of presentations at the workshop the volume contains invited contributions We are grateful to Wayles Browne Fred Landman Paul Portner and Georges Rebuschi for their help with reviewing some of the papers Our thanks go also to a Springer reviewer for the careful reading of the book manuscript We wish to thank all the participants in the workshop not only those whose contributions appear in this volume for making the workshop an interactive and constructive event Ileana Comorovski Klaus von Heusinger vii ILEANA COMOROVSKI AND KLAUS VON HEUSINGER

INTRODUCTION The notion of existence which we take to have solid intuitive grounding plays a central role in the

interpretation of at least three types of linguistic constructions copular clauses existential sentences and in de nite noun phrases

The Substance of Language Volume III: Phonology-Syntax Analogies John Mathieson Anderson, 2011-10-20
 Phonology Syntax Analogies looks at the degree to which analogies between syntax and phonology result from their being representational subsystems within the overall system of language at why they sometimes break down and at how far semantic and phonetic properties limit such analogies

Bilingual Language Development: The Role of Dominance Cornelia Hamann, Esther Rinke, Dobrinka Genevska-Hanke, 2019-09-20
 It has long been established that bilingual speakers are rarely balanced in their languages so that one language is dominant The contributions to the Research Topic Bilingual Language Development The Role of Dominance focus on the potential effects of language dominance on the competence and processing of bilinguals covering a large variety of language combinations and domains Important aspects of such work are the interplay of L1 maintenance attrition and possible L2 dominance the direction of cross linguistic influence CLI or code mixing as well as the effects of bilingualism on cognitive development each addressed in several contributions However such research presupposes a definition of dominance which is far from being settled This gives rise to considerable differences in the operationalization of the concept across studies The studies in this Research Topic present a multifaceted picture of the role of language dominance for L1 maintenance attrition L2 development and CLI Though a unified story cannot emerge for such a complex subject interesting new venues are explored including the impact of dominance shift during L1 re exposure comparisons of different types of bilingual groups or operationalization of dominance through experiential measures The variety of approaches and results is in part owed to the many language combinations studied and the fact that bilingual children adults and atypical speakers are investigated This diversity constitutes the interest of this Research Topic

The Beginner's Greek Book John Williams White, 1892

Topics in Scandinavian Syntax L. Hellan, K.K. Christensen, 2012-12-06
 The present collection of papers grew out of a Workshop on Scandinavian Syntax and Theory of Grammar held in Trondheim in 1982 Five of the contributions those by Maling Herslund Cooper Platzack and Thniinsson are developments of papers read at this workshop and all of the contributions reflect and have partly inspired the strong momentum which this area of research has gained over the last few years It is our hope that the collection will be useful for those who want to familiarize themselves with this research as well as for those actively engaged in it We are grateful to the authors for their collaboration in getting the volume together and to Frank Heny and the Reidel staff Martin Scrivener editor in particular for their help encouragement and patience through the various phases of the production of this book Very many thanks also to our anonymous referees and to Elisabet Engdahl for help and advice

KIRST KOCH CHRISTENSEN LARS HELLAN vii LARS HELLAN AND KIRSTI KOCH CHRISTENSEN INTRODUCTION
 O INTRODUCTION A natural theoretical perspective for a language family oriented anthology like the present one is that of COMPARATIVE RESEARCH This is not to say that the papers of this volume are all focused on comparative issues in fact most of them are not but rather that the language family

from which most of the data are drawn lends itself naturally to comparative studies

Syntactic Structures and Morphological Information Uwe Junghanns, Luka Szucsich, 2011-11-21 The book contains ten papers discussing issues of the relation between syntax and morphology from the perspective of morphologically rich languages including among others Indo European languages indigenous languages of the Americas Turkish and Hungarian The overall question discussed in this book is to what extent morphological information shows up in syntactic structures and how this information is represented The authors adopt different theoretical frameworks such as the Derivational Theory of Morphology Distributed Optimality Head driven Phrase Structure Grammar Lexical Functional Grammar Lexical Decomposition Grammar combined with Linking Theory and OT like constraints Paradigm Based Morphosyntax as well as the Principles and Parameters Approach of Generative Grammar

Handbook of Generative Approaches to Language Acquisition Jill de Villiers, Tom Roeper, 2011-08-27 Modern linguistic theory has been based on the promise of explaining how language acquisition can occur so rapidly with such subtlety and with both surprising uniformity and diversity across languages This handbook provides a summary and assessment of how far that promise has been fulfilled exploring core concepts in acquisition theory including notions of the initial state parameters triggering theory the role of competition and frequency and many others across a variety of syntactic topics that have formed the central domains of investigation and debate These topics are treated from the unique perspective of central actors in each domain who have helped shape the research agenda The authors have presented a summary of the data the theories under discussion and their own best assessments of where each domain stands Providing as well the agenda for future work in the field showing both particular needs and general directions that should be pursued in the coming decades

The Minimalist Parameter Galina M. Alexandrova, Olga Arnaudova, 2001 In view of its exploratory nature Chomsky's minimalist model has undergone multiple changes triggering in response numerous proposals that are consistent with the tendencies that it follows or anticipates and numerous proposals that offer alternatives to it A good illustration of the variety of parallel proposals is provided in the present volume The articles derive from papers read at the Challenges of Minimalism session of the Open Linguistics Forum held in Ottawa in March 1997 This OLF meeting started as a graduate student initiative but because of the topic chosen attracted a wide and international audience The twenty contributions are grouped in five sections I Syntactic Structure Relations Operations II Syntactic Movement Cyclicity Optionality Non overtness III Case Topic Focus Interrogativity IV Ellipsis Reconstruction and Related Phenomena V DPs Features and Syntactic Relations

A Notional Theory of Syntactic Categories John Mathieson Anderson, 1997-04-28 This book presents an innovative theory of syntactic categories and the lexical classes they define It revives the traditional idea that these are to be distinguished notionally semantically The author proposes a notation based on semantic features which accounts for the syntactic behaviour of classes The book also presents a case for considering this classification SH again in rather traditional vein SH to be basic to determining the syntactic structure of sentences

Oblique Subjects in

Germanic Jóhanna Barðdal, 2023-09-18 Pulling together the threads of forty years of research on oblique subjects in the Germanic languages this book introduces a novel approach to grammatical relations based on a definition of subject as the first argument of the argument structure New data are presented from Gothic Old Saxon Old Norse Icelandic Old Swedish and Old Danish as well as from Icelandic Faroese and German This includes alternating Dat Nom Nom Dat predicates where either argument the dative or the nominative takes on subject behavior The subject concept is modeled with the formalism of Construction Grammar both synchronically and for the purpose of reconstructing grammatical relations for Proto Germanic

Immerse yourself in heartwarming tales of love and emotion with is touching creation, **Syntax Of Subjects** . This emotionally charged ebook, available for download in a PDF format (PDF Size: *), is a celebration of love in all its forms. Download now and let the warmth of these stories envelop your heart.

Syntax Of Subjects Introduction

Syntax Of Subjects Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Syntax Of Subjects Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Syntax Of Subjects : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Syntax Of Subjects : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Syntax Of Subjects Offers a diverse range of free eBooks across various genres. Syntax Of Subjects Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Syntax Of Subjects Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Syntax Of Subjects, especially related to Syntax Of Subjects, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Syntax Of Subjects, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Syntax Of Subjects books or magazines might include. Look for these in online stores or libraries. Remember that while Syntax Of Subjects, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Syntax Of Subjects eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Syntax Of Subjects full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Syntax Of Subjects eBooks, including some popular titles.

FAQs About Syntax Of Subjects Books

1. Where can I buy Syntax Of Subjects books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.

2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Syntax Of Subjects book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Syntax Of Subjects books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Syntax Of Subjects audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Syntax Of Subjects books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
