Marie de l'Incarnation (1599-1672) Anya Mali,2021-11-01 As one of the first female missionaries to the New World and the author of a classic mystical autobiography Marie de l Incarnation has long been seen as an exemplary type reflecting the mood and aims of the Catholic Reformation In contrast to studies which portray her against the backdrop of religious trends in Catholic Reformation France this book argues that the New France wilderness was the crucial context for the formation of her spiritual identity Marie de l Incarnation brought her traditional notions to bear on her encounter with the Amerindians but was soon compelled to adjust her views on the natives and the nature of religious experience A close textual analysis of her writings makes it clear that her mysticism was informed by the images of her tradition but also gave new meaning to old concepts Beyond its relevance for those interested in this mystic the book addresses the broader issue of shifting attitudes and boundaries in early modern religious life and demonstrates the need for more variegated typologies of mystical experience in studies on spiritual literature **Union with Christ** Dennis E. Tamburello,1994-01-01 The Columbia Series in Reformed Theology represents a joint commitment on the part of Columbia Theological Seminary and Westminster John Knox Press to provide theological resources from the Reformed tradition for the church today The Reformed tradition seeks to discern what the living God revealed in Scripture is saying and doing in every new time and situation This series intends to be a part of that ongoing tradition by examining theological and ethical issues that confront church and society in our particular time and place Volumes in this series are intended for scholars professional theologians and for pastors and lay people who are committed to faith in search of understanding *Sustainable Alternatives for Poverty Reduction and Eco-Justice* Lucas Andrianos,Guillermo Kerber,Jan-Willem Snee,2014-10-21 This book presents edited and revised versions of most of the papers presented at the First International Conference on Sustainable Alternatives for Poverty Reduction and Ecological Justice in 2012 SAPREJ 12 The selected papers are classified into six thematic sections Biodiversity and ecological crisis Sustainability religion and ethics Climate change eco justice and health Poverty financial crisis and human rights Green economy and food security and Global crisis and case studies SAPREJ 12 is a new initiative in sustainability development and

Dialectics and the Sublime in Underhill's Mysticism Peter Chong-Beng Gan, 2015-04-29 This book represents a study of Evelyn Underhill's premier work on mysticism using Hegel's dialectics and Kant's theory of the sublime as interpretive tools It especially focuses on two prominent features of Underhill's text the description of the mystical life as one permeated by an intense love between the mystic and infinite reality and the detailed delineation of stages of mystical development Given these two features the text lends itself to a construction of a valuable discourse predicated on dialecticism sublimity and mysticism The book also articulates a number of insights into the content and nature of the writings of Christian mystics
