The Narrow Bridge Jewish Views On Multiculturalism:

The Narrow Bridge Marla Brettschneider, 1996 Multiculturalism in the United States has been tricky for Jews Remaining outside of the dominant Christian culture yet often excluded from multicultural agendas Jews walk a precarious line a narrow bridge between dominance and marginality Many Jews aware of the shaky identity of Jewishness are deeply involved in all levels of the multiculturalism debate But there still exists a need for careful reflective analysis of the importance and dangers of multiculturalism to the Jewish community What is multiculturalism What can it be to the Jews What can the Jewish community learn from and contribute to the current debate Through a collection of essays by scholars and activists whose writing ranges from the personal to the philosophical The Narrow Bridge examines multiculturalism within and beyond the Jewish community How does classism work within the Jewish community How can synagogues reach out to gays and lesbians How have tensions between Jews and Blacks developed historically and what can we learn from that history How can we include Jewish studies in multicultural curricula This timely collection of provocative articles makes fine use of these and other questions offering us a look at where Jews have stood where they now stand and what they can hope for in the complex arena of multiculturalism

Jewish Feminism and Intersectionality Marla Brettschneider, 2016-05-01 Jewish Feminism and Intersectionality explores a range of opportunities to apply and build intersectionality studies from within the life and work of Jewish feminism in the United States today Marla Brettschneider builds on the best of what has been done in the field and offers a constructive internal critique Working from a nonidentitarian paradigm Brettschneider uses a Jewish critical lens to discuss the ways different politically salient identity signifiers cocreate and mutually constitute each other She also includes analyses of matters of import in queer critical race and class based feminist studies This book is designed to demonstrate a range of ways that Jewish feminist work can operate with the full breadth of what intersectionality studies has to offer

Jews and Jazz Charles B Hersch, 2016-10-14 Jews and Jazz Improvising Ethnicity explores the meaning of Jewish involvement in the world of American jazz It focuses on the ways prominent jazz musicians like Stan Getz Benny Goodman Artie Shaw Lee Konitz Dave Liebman Michael Brecker and Red Rodney have engaged with jazz in order to explore and construct ethnic identities The author looks at Jewish identity through jazz in the context of the surrounding American culture believing that American Jews have used jazz to construct three kinds of identities to become more American to emphasize their minority outsider status and to become more Jewish From the beginning Jewish musicians have used jazz for all three of these purposes but the emphasis has shifted over time In the 1920s and 1930s when Jews were seen as foreign Jews used jazz to make a more inclusive America for themselves and for blacks establishing their American identity Beginning in the 1940s as Jews became more accepted into the mainstream they used jazz to re minoritize and avoid over assimilation through identification with African Americans Finally starting in the 1960s as ethnic assertion became more predominant in America Jews have used jazz to explore and advance their identities as Jews in a multicultural society

Coming Out Jewish Jon Stratton, 2003-09-02 *Coming Out Jewish* explores the idea of Jewishness as a problem of racial ethnic identity in the modern and post modern world It is a path breaking book that firmly places the Jewish experience on the Cultural Studies agenda

Jewish Lesbian Scholarship in a Time of Change Marla Brettschneider, 2022-07-25 *Jewish Lesbian Scholarship in a Time of Change* is the first major work in Jewish lesbian studies in more than a decade Once a vibrant field few works in Jewish queer studies in recent years have looked at the experiences of and scholarship on Jewish women feminists and those identified as lesbians Correcting a twenty first century shift away from explicitly feminist investigations in Jewish queer and LGBTQ studies this work signals a new trend of scholarly works in the field The chapters span an array of genres presenting the rich diversity of Jewish lesbians as they are as well as of Jewish lesbian scholarship today This collection makes an innovative contribution to Jewish studies lesbian and queer studies gender studies as well as to racial and cultural diversity studies This book was originally published as a special issue of the *Journal of Lesbian Studies*

Something Ain't Kosher Here Vincent Brook, 2003 In this humorous work Brook explores the cultural significance of the recent unprecedented explosion in Jewish sitcoms

Unfinalized Moments Derek Parker Royal, 2012-01-06 Focusing on a diversely rich selection of writers the pieces featured in *Unfinalized Moments* Essays in the Development of Contemporary Jewish American Narrative explore the community of Jewish American writers who published their first book after the mid 1980s It is the first book length collection of essays on this subject matter with contributions from the leading scholars in the field The manuscript does not attempt to foreground any one critical agenda such as Holocaust writing engagements with Zionism feminist studies postmodern influences or multiculturalism Instead it celebrates the presence of a newly robust diverse and ever evolving body of Jewish American fiction This literature has taken a variety of forms with its negotiations of orthodoxy its representations of a post Holocaust world its reassertion of folkloric tradition its engagements with postmodernity its reevaluations of Jewishness and its alternative delineations of ethnic identity Discussing the work of authors such as Allegra Goodman Michael Chabon Tova Mirvis Rebecca Goldstein Pearl Abraham Jonathan Rosen Nathan Englander Melvin Jules Bukiet Tova Reich Sarah Schulman Ruth Knafo Setton Ben Katchor and Jonathan Safran Foer the fifteen contributors in this collection assert the ongoing vitality and ever growing relevancy of Jewish American fiction

The Price of Whiteness Eric L. Goldstein, 2019-12-31 What has it meant to be Jewish in a nation preoccupied with the categories of black and white *The Price of Whiteness* documents the uneasy place Jews have held in America's racial culture since the late nineteenth century The book traces Jews' often tumultuous encounter with race from the 1870s through World War II when they became vested as part of America's white mainstream and abandoned the practice of describing themselves in racial terms American Jewish history is often told as a story of quick and successful adaptation but Goldstein demonstrates how the process of identifying as white Americans was an ambivalent one filled with hard choices and conflicting emotions for Jewish immigrants and their children Jews enjoyed a much greater level of social inclusion than African Americans but

their membership in white America was frequently made contingent on their conformity to prevailing racial mores and on the eradication of their perceived racial distinctiveness While Jews consistently sought acceptance as whites their tendency to express their own group bonds through the language of race led to deep misgivings about what was required of them Today despite the great success Jews enjoy in the United States they still struggle with the constraints of America's black white dichotomy The Price of Whiteness concludes that while Jews status as white has opened many doors for them it has also placed limits on their ability to assert themselves as a group apart

The Cambridge History of Jewish American Literature Hana Wirth-Nesher, 2015-12-09 This History offers an unparalleled examination of all aspects of Jewish American literature Jewish writing has played a central role in the formation of the national literature of the United States from the Hebraic sources of the Puritan imagination to narratives of immigration and acculturation This body of writing has also enriched global Jewish literature in its engagement with Jewish history and Jewish multilingual culture Written by a host of leading scholars The Cambridge History of Jewish American Literature offers an array of approaches that contribute to current debates about ethnic writing minority discourse transnational literature gender studies and multilingualism This History takes a fresh look at celebrated authors introduces new voices locates Jewish American literature on the map of American ethnicity as well as the spaces of exile and diaspora and stretches the boundaries of American literature beyond the Americas and the West

Jewish Choices, Jewish Voices Elliot N. Dorff, Danya Ruttenberg, 2010 How do we expand health care coverage to more Americans Are hate crimes legislation and affirmative action fair What sacrifices must we make to protect the environment Is the death penalty morally acceptable Contributors include Jill Jacobs of Jewish Funds for Justice Arthur Waskow director of The Shalom Center and TV commentator and UCLA law professor Laurie Levenson
