Journey Through the Past Nigel Williamson,2003-02 Spanning 35 years and 40 albums this book digs into the music and lyrics of Neil Young one of rock s most restless spirits 160 color photos **Neil Young's Harvest** Sam Inglis,2003-09-17 Neil Young s Harvest is one of those strange albums that has achieved lasting success without ever winning the full approval of rock critics or hardcore fans Even Young himself has been equivocal describing it in one breath as his finest album dismissing it in the next as an MOR aberration Here Sam Inglis explores the circumstances of the album s creation and asks who got it right the critics or the millions who have bought Harvest in the 30 years since its release Excerpt The White Falcon s split pickup might have been just a gimmick from the early days of stereo but the way Neil Young uses it on Alabama is remarkable His muted picking brings stabbing notes first from one speaker then the other as though we were hearing not one but two guitarists playing with an unnatural empathy The electric guitar has seldom sounded so menacing and Young s growling rhythm and piercing lead notes are tracked perfectly by Kenny Buttrey s bare bones drumming The build to the chorus is beautifully judged and when Young and his celebrity backing singers let rip there s an almost physical sense of release **The Needle & the Damage Done** Paul Rinn,2011-05-01 **Neil Young** Chris White,2024-07-31 With an illustrious career stretching back almost six decades and encompassing nearly 50 solo studio albums alone Neil Young is one of the most prolific compelling figures in the history of popular music equally revered as both an acoustic singer songwriter and as the force of nature frontman of rock legends Crazy Horse As he enters his late seventies Young remains as energetic and relevant as ever locking horns with streaming giant Spotify in protest against their alleged promotion of COVID 19 misinformation and continuing to release new music when many of his contemporaries have long since faded away into comfortable retirement Neil Young Album by Album is the most complete retrospective of the great Canadian s discography ever written Covering his entire solo career from his 1968 debut to 2022 s World Record the book offers in depth track by track reviews of every Young studio album providing an engaging insight into the restless creativity that gave the world classics like After the Goldrush Harvest and Rust Never Sleeps Also including detailed timelines covering the different phases of Young s life sections on the artist s early years and his live and archive releases and an entertaining essay ranking his solo albums from worst to best this comprehensive book is equally indispensable for both diehard Young fans and those listeners seeking to discover more of his formidable body of work
