Political Sciences

The Negro And The Communist Party:

The Negro and the Communist Party Wilson Record, 1971 The first comprehensive account of Germany's national railroad under Hitler this book explores the railway's operations finances and political and social roles from 1933 to 1945 including the pivotal role it played in the Holocaust by supporting the construction and operation of the Nazi death camps and by transporting victims to them

The Negro and the Communist Party Political Sciences, 1951 [The American Negro in the Communist Party](#) United States. Congress. House. Committee on Un-American Activities, 1954 [The Fourth National Convention of the Workers \(Communist\) Party of America](#) Communist Party of the United States of America, 1925 [Black Liberation/red Scare](#) Gerald Horne, 1994-07 Black Liberation Red Scare is a study of an African American Communist leader Ben Davis Jr 1904-64 Though it examines the numerous grassroots campaigns that he was involved in it is first and foremost a study of the man and secondarily a study of the Communist party from the 1930s to the 1960s By examining the public life of an important party leader Gerald Horne uniquely approaches the story of how and why the party rose and fell Ben Davis Jr was the son of a prominent Atlanta publisher and businessman who was also the top African American leader of the Republican party until the onset of the Great Depression Davis was trained for the black elite at Morehouse Amherst and Harvard Law School After graduating from Harvard he joined the Communist party where he remained as one of its most visible leaders for thirty years In 1943 after being endorsed by his predecessor Adam Clayton Powell Jr he was elected to the New York City Council from Harlem and subsequently reelected by a larger margin in 1945 Davis received support from such community figures as NAACP leader Roy Wilkins boxer Joe Louis and musician Duke Ellington While on the council Davis fought for rent control and progressive taxation and struggled against transit fare hikes and police brutality With the onset of the Red Scare and the Cold War Davis like the Communist party itself was marginalized The Cold War made it difficult for the U S to compete with Moscow for the hearts and minds of African Americans while they were subjected to third class citizenship at home Yet in return for civil rights concessions African American organizations such as the NAACP were forced to distance themselves from figures such as Ben Davis In 1949 he was ousted unceremoniously and perhaps illegally from the City Council He was put on trial jailed in 1951 and not released until 1956 when the civil rights movement was gathering momentum His friendship with the King family based upon family ties in Atlanta was the ostensible cause for the FBI surveillance of Dr Martin Luther King Jr and COINTELPRO the counterintelligence program of the FBI which was aimed initially at the CP USA made sure to keep a close eye on Davis as well But when the civil rights movement reached full strength in the 1960s Davis's controversial appearances at college campuses helped to set the stage for a new era of activism at universities Davis died in 1964 According to Horne the time has now come when he along with his good friend Paul Robeson and W E B DuBois should be regarded as a premier leader of African Americans and the U S Left during the twentieth century

and Revolution Max Shachtman, 2003-05-17 Astonishingly advance for its time the document was originally drafted in 1933 as Communism and the Negro and was the most comprehensive statement on race produced by the Left Opposition the dissenting Communist tendency led by Leon Trotsky Race and Revolution places the black struggle for freedom and equality at the heart of American history Racial oppression Shachtman argues can be comprehended only within the totality of social and class relations The document culminates in a devastating polemic against the Communist Party's call for a Black Belt state in the American South Jacket **The Northern California District of the Communist Party, Structure, Objectives, Leadership** United States. National Committee, 1959 *The American Negro in the Communist Party (Classic Reprint)* United States Congress House of Representatives, 2017-11-20 Excerpt from *The American Negro in the Communist Party* The Communist Party in the United States of America in its continuing efforts to infiltrate and destroy the constitutional government of this country has made the minority groups in the United States prime targets of attack The control of majorities by minorities is a fundamental precept of Marxism and the individual Communist agent and party member has been drilled and schooled in the techniques and tactics of achieving such control through organized and pliable minorities To this end the Communist conspiracy has concentrated on capturing smaller groups with the ultimate objective of seizure of the whole One of the principal goals of the Communist Party in the United States is the infiltration and control of the Negro population in this country The House Committee on Un-American Activities has prepared this report in order to demonstrate some of the efforts that have been made by the Communist Party in this area and to recount the failure of the Communist experiment It is hoped that this report may be a warning to other groups which find themselves as minorities targets of Communist infiltration and deception The fact that the Communist conspiracy has experienced so little success in attracting the American Negro to its cause reflects favorably on the loyalty and integrity of the vast majority of the Negro citizens To attest to this fact we restate the words of Mr J Edgar Hoover Director of the Federal Bureau of Investigation which appeared in the Congressional Record of January 26 1953 We recently reviewed the origins of the leading members of the Communist Party The results were most interesting Only 411 were Negroes but of the remaining we found that 911 a percent were either of foreign birth or born of foreign parents The fact that only 411 Negroes were found in this select group is strong evidence that the American Negro is not hoodwinked by these false messiahs About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that
