The New Anti-Semitism:

The New Anti-Semitism Phyllis Chesler,2003-07-24 The long ago disproven Protocols of Zion which accuse the Jews of an alleged world conspiracy to conquer and control the world have been revived and promulgated in the United States Europe and the Middle East **BOOK JACKET**

The Changing Face of Anti-Semitism Walter Laqueur,2008-06-30 For thirty years the director of the Wiener Library in London the leading institute for the study of anti-Semitism Walter Laqueur here offers both a comprehensive history of anti-Semitism as well as an illuminating look at the newest wave of this phenomenon Laqueur begins with an invaluable historical account of this pernicious problem tracing the evolution from a predominantly religious anti-Semitism stretching back to the middle ages to a racial anti-Semitism that developed in the late 19th and early 20th centuries The author then uses this historical account as backdrop to a brilliant analysis of the newest species of anti-Semitism explaining its origins and rationale how it manifests itself in what ways and why it is different from anti-Semitism in past ages and what forms it may take in the future The book reveals that what was historically a preoccupation of Christian and right wing movements has become in our time even more frequent among Muslims and left wing groups Moreover Laqueur argues that we can't simply equate this new anti-Semitism with anti-Zionism and write it off as merely anti-Israel sentiments If Israel alone is singled out for heated condemnation is the root of this reaction simply anti-Zionism or is it anti-Semitism Here is both a summing up of the entire trajectory of anti-Semitism the first comprehensive history of its kind and an exploration of the new wave of anti-Semitism Walter Laqueur provides us with powerful new insights into an age old problem Distinguished scholarship and an authoritative moral voice are the hallmarks of this important book Anyone wanting to understand the history and persistence of anti-Jewish hatred should read it Abraham H Foxman National Director Anti-Defamation League

Contending with Antisemitism in a Rapidly Changing Political Climate Alvin H. Rosenfeld,2021-11-02 Today's highly fraught historical moment brings a resurgence of antisemitism Antisemitic incidents of all kinds are on the rise across the world including hate speech the spread of neo-Nazi graffiti and other forms of verbal and written threats the defacement of synagogues and Jewish cemeteries and acts of murderous terror Contending with Antisemitism in a Rapidly Changing Political Climate is an edited collection of 18 essays that address antisemitism in its new and resurgent forms Against a backdrop of concerning political developments such as rising nationalism and illiberalism on the right new forms of intolerance and anti-liberal movements on the left and militant deeds and demands by Islamic extremists the contributors to this timely and necessary volume seek to better understand and effectively contend with today's antisemitism

[The Resurgence of Anti-Semitism](#) Bernard Harrison,2006-10-27 Recently Jewish voices have begun to warn against a new anti-Semitism fueled by moral concerns about Israel Opponents have retorted that opposition to Zionism is by no means anti-Semitic This book by a non-Jewish analytic philosopher assesses the relative merits of these opposed views and offers a detailed examination of the moral and intellectual credentials of the

widespread current of opinion whose growth underlies both **Confronting Antisemitism in Modern Media, the Legal and Political Worlds** Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2021-05-10 This volume documents the transformation of age old antisemitic stereotypes into a new form of discrimination often called New Antisemitism or Antisemitism 2.0 Manifestations of antisemitism in political legal media and other contexts are reflected on theoretically and contemporary developments are analyzed with a special focus on online hatred The volume points to the need for a globally coordinated approach on the political and legal levels as well as with regard to the modern media to effectively combat modern antisemitism *A History of Antisemitism in Canada* Ira Robinson, 2015-10-16 This state of the art account gives readers the tools to understand why antisemitism is such a controversial subject It acquaints readers with the ambiguities inherent in the historical relationship between Jews and Christians and shows these ambiguities in play in the unfolding relationship between Jews and Canadians of other religions and ethnicities It examines present relationships in light of history and considers particularly the influence of antisemitism on the social religious and political history of the Canadian Jewish community *A History of Antisemitism in Canada* builds on the foundation of numerous studies on antisemitism in general and on antisemitism in Canada in particular as well as on the growing body of scholarship in Canadian Jewish studies It attempts to understand the impact of antisemitism on Canada as a whole and is the first comprehensive account of antisemitism and its effect on the Jewish community of Canada The book will be valuable to students and scholars not only of Canadian Jewish studies and Canadian ethnic studies but of Canadian history

Confronting Antisemitism from Perspectives of Philosophy and Social Sciences Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2021-11-08 The five volumes provide a compendium of the history of and discourse about antisemitism both as a unique cultural and religious category Antisemitic stereotypes function as religious symbols that express and transmit a belief system of Jew hatred which are stored in the cultural and religious memories of the Western and Muslim worlds This volume explores the phenomenon from the perspectives of Philosophy and Social Sciences

Essays on Antisemitism, Anti-Zionism, and the Left Jean Amery, 2022-01-04 This is a collection of essays by world famous author Jean Amery translated into English for the first time Although written prior to his death in 1978 their insights are as contemporary and fresh as ever given the current political climate Amery's works have been a mainstay of IUP's Holocaust list of decades

Critical Theories of Anti-Semitism Jonathan Judaken, 2024-06-04 Despite its persistence and viciousness anti-Semitism remains undertheorized in comparison with other forms of racism and discrimination How should anti-Semitism be defined What are its underlying causes Why do anti-Semites target Jews In what ways has Judeophobia changed over time What are the continuities and disconnects between medieval anti-Judaism and the Holocaust How does criticism of the state of Israel relate to anti-Semitism And how can social theory illuminate the upsurge in attacks on Jews today Considering these questions and many more this book is at once a philosophical reflection on key problems in the

analysis of anti-Semitism and a history of its leading theories and theorists Jonathan Judaken explores the methodological and conceptual issues that have vexed the study of Judeophobia and calls for a reconsideration of the definitions categories and narratives that underpin overarching explanations He traces how a range of thinkers have wrestled with these challenges examining the theories of Jean Paul Sartre the Frankfurt School Hannah Arendt and Jean Fran ois Lyotard alongside the works of sociologists Talcott Parsons and Zygmunt Bauman and historians L on Poliakov and George Mosse Judaken argues against claims about the uniqueness of Judeophobia demonstrating how it is entangled with other racisms Islamophobia Negrophobia and xenophobia Critical Theories of Anti-Semitism not only urges readers to question how they think about Judeophobia but also draws them into conversation with a range of leading thinkers whose insights are sorely needed in this perilous moment

Anti-Zionism and Antisemitism Alvin H. Rosenfeld, 2019-01-09 Seventeen essays by scholars examining the links between anti-Semitism and attitudes toward Israel in the current political climate How and why have anti-Zionism and antisemitism become so radical and widespread This timely and important volume argues convincingly that today's inflamed rhetoric exceeds the boundaries of legitimate criticism of the policies and actions of the state of Israel and conflates anti-Zionism with antisemitism The contributors give the dynamics of this process full theoretical political legal and educational treatment and demonstrate how these forces operate in formal and informal political spheres as well as domestic and transnational spaces They offer significant historical and global perspectives of the problem including how Holocaust memory and meaning have been reconfigured and how a singular and distinct project of delegitimization of the Jewish state and its people has solidified This intensive but extraordinarily rich contribution to the study of antisemitism stands out for its comprehensive overview of an issue that is both historical and strikingly timely
