Kate Pahl, Jennifer Rowsell

The New Literacy:

The New Literacy Harold M. Foster, 1979 This book explores how teachers who experienced education as a linear thought process grounded in written language can reach American public school students who are used to receiving most of the information through television and film The book describes and analyzes the basic structural devices used in filmmaking an understanding of which could be the minimal requirement of literacy in the language of film This analysis also applies to television It also explores the teaching of visual literacy skills as part of the high school English curriculum

Literacy and Education Dr Kate Pahl, Dr Jennifer Rowsell, 2005-02-01 Literacy and Education represents a comprehensive look at how to rethink, redefine and redesign language in the classroom to meet contemporary needs

The New Literacy John Willinsky, 1990

News Literacy, Informed Citizens and Consumer-Driven Media: The Future Landscape of American Journalism Caroline Elizabeth Klibanoff, 2012-05-04 Today Americans face the challenge of information overload through increasingly accessible mediums making it harder to identify valuable information and to move fluently and efficiently through social media news and entertainment platforms And yet because of this profound connectivity user engagement levels are at an all time high Individual consumers have more power than ever to shape the changing digital world and demand high quality information merely by connecting with news sources online It is of utmost importance then that this very consumer class is as informed and educated as possible in regards to the value of accurate verified journalism and high quality reporting in order to demand a better journalistic product and to fulfill the American ideal of an informed engaged citizenry

The New Literacy Paul J. Morris, II, Stephen Tchudi, 1996-09-13 The New Literacy is based on research but filled with common sense cutting through much of the fog of current educational reform rhetoric Using scholarship interviews with real people and current events authors Morris and Tchudi weave a compelling argument and offer practical solutions to one of the most serious issues facing American education
