John Frayn Turner

The Naked Runner:

The Naked Runner Francis Clifford, 1966 Intrigue and adventure as a freak accident recalls a man to service as a British agent Entrapped by East German intelligence he must become an assassin or forfeit his son's life THE NAKED RUNNER Stanley Mann, 1967

The Cinematic Legacy of Frank Sinatra David Wills, 2025-06-25 In a film career spanning more than five decades Frank Sinatra proved to be a roulette wheel of constantly spinning talent the likes of which Hollywood has rarely seen Film history is filled with stars created by the studio system Occasionally however a performer emerged who against all preconceived odds of what a star should be or look like knocked down the walls of convention by becoming nothing other than what they already were Frank Sinatra was the embodiment of this fundamental truth The legacy of his work stands apart from many of his contemporaries who essentially based their performances on an extension of a core character type Sinatra however was able to take his signature persona and translate it successfully into many film genres first as the comedic song and dance man then as the dramatic actor and romantic lead and finally as the tough guy and action hero Sinatra also respectfully challenged contemporary ideals of acting technique While being humble enough to learn from his peers he kept his acting style fresh and instinctual and earned an Oscar at a time when many actors were either classically trained or coached in the Method In **The Cinematic Legacy of Frank Sinatra** author David Wills presents a stunning collection highlighting the work of one of Hollywood's greatest stars in roles as varied as those in the classics *Anchors Aweigh* *From Here to Eternity* *Suddenly* *Guys and Dolls* *The Man With the Golden Arm* *Ocean's 11* *The Manchurian Candidate* *Von Ryan's Express* and *The Detective* Pairing more than two hundred first generation photos with reflections on Sinatra from costars and work associates and including contributing essays by his children Nancy Sinatra Tina Sinatra and Frank Sinatra Jr it is an unforgettable showcase of the actor's transformation from world famous singer to movie star to Academy Award winner and finally to one of the most enduring icons in cinema history

Frank Sinatra on the Big Screen James L. Neibaur, Gary Schneeberger, 2022-05-25 Frank Sinatra is an iconic figure in music but his film career is often overlooked His innate talent as an actor is proven in many serious dramatic roles including films like *Man with the Golden Arm* *The Manchurian Candidate* and *From Here to Eternity* for which he received an Oscar From romantic musical comedies to Rat Pack films Frank Sinatra achieved a great deal of success in motion pictures He even took a stab at directing This book examines each of Frank Sinatra's movies from his early years as a bobby soxer idol to more serious roles that exhibited the depth of his talent Provided are background stories production information critical assessments and an explanation of how his career as a recording artist connected to the movie Discover through 60 photographs interviews and more this underappreciated aspect of Sinatra's career

Sinatra Tim Knight, Timothy Knight, 2012 In the scores of posthumous tributes paid to Frank Sinatra after his death in 1998 most focused on his extraordinary reign as The Voice of twentieth century pop music But Sinatra was much more than a music icon He was also one of the most popular movie stars

of the 1940s 50s and 60s an Academy Award winning actor with some sixty film credits to his name He starred in some of the most iconic films of the twentieth century and with some of the biggest names of the day There were his dancing days with Gene Kelly in *Anchors Aweigh* and *On the Town* his acclaimed dramatic turns in *From Here to Eternity* and *The Manchurian Candidate* and his signature Rat Pack movies such as *Ocean's Eleven* Sinatra Hollywood His Way is a complete film by film exploration of this true Hollywood legend His screen history is vividly brought to life through illuminating reviews behind the scenes stories and hundreds of rare color and black and white photographs making this the ultimate guide to the films of Frank Sinatra and an essential in the library of any fan Sinatra in Hollywood Tom Santopietro, 2009-11-10 Hollywood legend Academy Award winning actor and recipient of the Golden Globe Award for lifetime achievement in film Frank Sinatra carved out one of the biggest careers in the history of Hollywood yet paradoxically his screen legacy has been overshadowed by his extraordinary achievements as a singer and recording artist Until now With the publication of *Sinatra in Hollywood* an analytical yet deeply personal look at the screen legend of Frank Sinatra Sinatra's standing as a significant indeed legendary screen actor has now been placed in full perspective Examining each of Sinatra's seventy film appearances in depth Tom Santopietro traces the arc of his astonishing six decade run as a film actor from his rise to stardom in boy next door musical films like *Anchors Aweigh* and *On the Town* through his fall from grace with legendary flops like *The Kissing Bandit* to the near mythic comeback with his Oscar winning performance in *From Here to Eternity* Laced throughout with Sinatra's own observations on his film work *Sinatra in Hollywood* deals head on with his tumultuous marriages to Ava Gardner and Mia Farrow and directly addresses the rumors of Mob involvement in Sinatra's Hollywood career Ranging from the specifics of his controversial acting nickname of One Take Charlie to the iconic Rat Pack film *Ocean's Eleven* from the groundbreaking performance in *The Manchurian Candidate* to the moving and elegiac late career roles as tough yet vulnerable detectives the myths and personal foibles are stripped away placing the focus squarely on the work Oftentimes brilliant occasionally off kilter but always compelling Frank Sinatra the film icon who registered as nothing less than emblematic of The American Century here receives his full due as the serious artist he was the actor about whom director Billy Wilder emphatically stated Frank Sinatra is beyond talent **Sidney J. Furie** Daniel Kremer, 2015-11-12 Known for his visual style as well as for his experimentation in virtually every genre of narrative cinema award winning director Sidney J Furie also has the distinction of having made Canada's first ever feature length fictional film in English *A Dangerous Age* 1957 With a body of work that includes *The Ipccress File* 1965 *Lady Sings the Blues* 1972 and *The Entity* 1982 he has collaborated with major stars such as Marlon Brando Frank Sinatra Robert Redford and Michael Caine and his films have inspired some of Hollywood's most celebrated directors including Stanley Kubrick and Quentin Tarantino In this first biography of the prolific filmmaker author Daniel Kremer offers a comprehensive look at the director's unique career Furie pioneered techniques such as improvisation in large scale film productions and sometimes shot his films in sequence to develop the characters from the ground up and

improve the performers in the moment spontaneity Not only has Stanley Kubrick acknowledged that *Furie* s *The Boys in Company C* 1978 informed and influenced *Full Metal Jacket* 1987 but Martin Scorsese has said that he considers *The Entity* to be one of the scariest horror films of all time However *Furie* was often later criticized for accepting lowbrow work and as a result little serious study has been devoted to the director Meticulously researched and enhanced by Kremer s close relationship with the filmmaker this definitive biography captures the highs and lows of an exceptional but underexamined career taking readers behind the scenes with a director who was often ahead of his time **Sinatra** James

Kaplan,2016-10-25 One of the Best Books of the Year *The Washington Post* *Los Angeles Times* *Milwaukee Journal Sentinel* The story of Frank Sinatra s second act Sinatra finds the Chairman on top of the world riding high after an Oscar victory and firmly reestablished as the top recording artist of his day Following Sinatra from the mid 1950s to his death in 1998 Kaplan uncovers the man behind the myth revealing by turns the peerless singer the sometimes powerful actor the business mogul the tireless lover and of course the close associate of the powerful and infamous It was in these decades that the enduring legacy of Frank Sinatra was forged and Kaplan vividly captures *Ol Blue Eyes* in his later years The sequel to the *New York Times* best selling *Frank* here is the concluding volume of the definitive biography of *The Entertainer of the Century*

Frank Sinatra John Frayn Turner,2004-08-19 Fresh and objective and not obsessed with mafia allegations it is a book about Sinatra the good guy as well as the bad From his humble beginnings in working class Hoboken to his start in the business singing with Harry and James and Tommy Dorsey **Long Shadows** Petra Rau,2016-05-31 Few countries attribute as much importance to the Second World War and its memory as Britain arguably nowhere else has this conflict developed such longevity in cultural memory and retained such presence in contemporary culture *Long Shadows* is about how literature and film have helped shape this process in Britain More precisely the essays collected here suggest that this is a continuous work in progress subject to transgenerational revisions political expediencies commercial considerations and the vicissitudes of popular taste It would indeed be more accurate to speak of the meanings plural that the war has been given at various moments in British cultural life These semantic variations and fluctuations in cultural import are rooted in the specificity of the British war experience in the political aftermath of the war in Europe and in its significance for Britain s postwar position on the global stage In other words the books and films discussed in these essays respond to how the war has been interpreted and remembered what is at stake is the way in which the war has been emplotted as a hegemonic cultural narrative about Britain
