Board of Education, 1967 **The Negro in American History** John Wesley Cromwell, 1914 *The Negro in American History* John W. Cromwell, 2015-07-12 Excerpt from *The Negro in American History Men and Women Eminent in the Evolution of the American of African Descent* It is not my purpose to write a history of the United States nor of any period of that history The Negro is so interwoven with the growth and development of the American Nation that a history of him as an important element during little more than a century of which he has been a factor becomes a task of peculiar difficulty In the few pages that follow mine is a much more simple and humble task to indicate some of the more important points of the contact of the Nation and the Negro to tell how the former in its evolution has been affected by the presence and the status of the latter and to trace the transformation of the bondman and savage stolen from Africa to his freedom and citizenship in the United States and to his recognition as such in the fundamental law and by an increasing public sentiment of the country The rise to eminence of representative men and women in both Church and State as educators statesmen artists and men of affairs will be cited for the emulation of our youth who are so liable from the scant mention of such men and women in the histories which they study and the books they read to conclude that only the lowest and most menial avenues of service are open to them Well nigh ten years ago Mrs Charles Bartlett Dykes formerly of the Leland Stanford Jr University while an instructor in a Summer School at the Hampton N any imperfections that remain are intentionally left to preserve the state of such historical works **The Negro in American History [Microform]** John W. (John Wesley) Cromwell, 2012-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy *The Negro in American History* John Wesley Cromwell, 1987
