Ewing, 2025-02-11 A fascinating and eye opening look at how American schools have helped build and reinforce an infrastructure of racial inequality a must read for every American parent and educator Esquire Most Anticipated Books of 2025 Though the argument of this book is bleak it illuminates a path for a more just future that is nothing short of dazzling Oprah Daily Most Anticipated Books of 2025 This book will transform the way you see this country Michelle Alexander author of *The New Jim Crow* If all children could just get an education the logic goes they would have the same opportunities later in life But this historical tour de force makes it clear that the opposite is true The U S school system has played an instrumental role in creating and upholding racial hierarchies preparing children to expect unequal treatment throughout their lives In *Original Sins* Ewing demonstrates that our schools were designed to propagate the idea of white intellectual superiority to civilize Native students and to prepare Black students for menial labor Education was not an afterthought for the Founding Fathers it was envisioned by Thomas Jefferson as an institution that would fortify the country's racial hierarchy Ewing argues that these dynamics persist in a curriculum that continues to minimize the horrors of American history The most insidious aspects of this system fall below the radar in the forms of standardized testing academic tracking disciplinary policies and uneven access to resources By demonstrating that it's in the DNA of American schools to serve as an effective and underacknowledged mechanism maintaining inequality in this country today Ewing makes the case that we need a profound reevaluation of what schools are supposed to do and for whom This book will change the way people understand the place we send our children for eight hours a day **The 10 Cardinal Sins of Leadership** Casey J. Bedgood, 2022-06-07 Why do some leaders succeed and others fail Is there a magic ingredient that the leaders must consider in their career journey to ensure the joy ride does not turn into a nightmare What is the key to maximizing leaders success in ways that are sustainable long term The purpose of this book is to provide a simple road map for leaders aspiring leaders students and anyone interested in the art of leadership to succeed in high risk environments Often leaders don't know what they don't know One main culprit is the lack of assessing measuring analyzing and addressing risk Simply put we don't know what we don't measure What is not known can and will eventually harm leaders organizations and their customers Change is the new

normal and only constant As change grows so does risk Risk can be a friend or foe to thought leaders It all depends on perspective insight and knowledge Ignorance is never bliss and leaders must leverage knowledge to mitigate risks at every turn In *The 10 Cardinal Sins of Leadership What Thought Leaders Must Never Do to Succeed in High Risk Environments* readers will learn How to identify measure analyze and address various types of risk How to determine if risk is a friend or a foe Strategic planning concepts that will allow leaders to magnify plan for leverage and marginalize risks long term Methods to ensure that inclusion efforts do not become overly exclusive thus excluding key stakeholders and creating new levels of organizational risk Techniques for looking back at organizational yesteryears to create a high performing journey map for the road ahead The value of perspective how we view things determines how we respond or wait to be disrupted unknowingly

Sinning Like a Christian William H. Willimon, 2011-07-19 The seven deadly sins are a well known topic but surprisingly not much has been written about them in recent years from a serious theological viewpoint Dr Willimon feels that a new book on this topic would be timely and of great interest to Christians He takes an unflinching look at the meaning and substance of sin Study questions by Dr Willimon are included The felt need is an increasing dissatisfaction with shallow feel good Christianity which does not attempt to grapple with our propensity visible around us and in our own lives to do evil
