Gehring, 2014-01-10 The twelve classic comedy films examined within these pages are distinguished by an equal number of defining comic performances Ranging from The Great Dictator 1940 to A Southern Yankee 1948 each film focuses on the most central theme of clown comedy Resilience the encouragement or hope that one can survive the most daunting of life s dilemmas even during the war torn 1940s And each film can be regarded as a microcosm of the antiheroic world of its central clown or clowns Among the performers represented are Charlie Chaplin W C Fields Abbott and Costello Jack Benny Eddie Bracken Bob Hope Bing Crosby Danny Kaye the Marx Brothers Harold Lloyd and Red Skelton This lavishly illustrated work includes an introduction by noted film critic and historian Anthony Slide **The Freshman** Christina G. Petersen, 2019-03-27 Before the advent of the teenager in the 1940s and the teenpic in the 1950s The Freshman Taylor and Newmeyer 1925 represented 1920s college

youth culture as an exclusive world of leisure to a mass audience Starring popular slapstick comedian Harold Lloyd *The Freshman* was a hit with audiences for its parody of contemporary conceptions of university life as an orgy of proms and football games becoming the highest grossing comedy feature of the silent era This book examines *The Freshman* from a number of perspectives with a focus on the social economic and political context that led to the rise of campus culture as a distinct subculture and popular mass culture in 1920s America Lloyd s use of slapstick to represent an embodied youthful middle class masculinity and the film s self reflexive exploration of the conflict between individuality and conformity as an early entry in the youth film genre

Crowds, Power, and Transformation in Cinema Lesley Brill, 2006 A noted critic brings crowd theory to Film Studies offering a bold new analysis of the pervasive cinematic themes of transformation and power From *Intolerance* to *The Silence of the Lambs* motion pictures show crowds and power in complex usually antagonistic relationships Key to understanding this opposition is an intrinsic capability of the cinema transformation Making unprecedented use of Elias Canetti s *Crowds and Power* Lesley Brill explores crowds power and transformation throughout film history The formation of crowds together with crowd symbols and representations of power create complex unifying structures in two early masterpieces *The Battleship Potemkin* and *Intolerance* In *Throne of Blood* power seekers become increasingly isolated while the crowd of the dead seduces and overwhelms the living The conflict between crowds and power in *Citizen Kane* takes place both within the protagonist and between him and the people he tries to master North by Northwest *Killer of Sheep* and *The Silence of the Lambs* are rich in hunting and predation and show the crowd as a pack transformation true false and failed is the key to both attack and escape Brill s study provides original insights into canonical movies and shows anew the central importance of transformation in film Film theorists critics and historians will value this fresh and intriguing approach to film classics which also has much to say about cinema itself and its unique relationship to mass audiences
