

A decorative border with a repeating pattern of small, stylized floral or geometric motifs runs horizontally across the top of the slide.

Six Perspectives on New Religions: a Case Study Approach

Shupe, Anson D., Jr.

Note: This is not the actual book cover

Six Perspectives On New Religions

John A. Saliba

Six Perspectives On New Religions:

Six Perspectives on New Religions, 1981 This work aims to offer a reminder that the external validity of our concepts such as religious cults is more limited than most of us realize Six Perspectives on New Religions, 1981 **Perspectives on New Religious Movements** John A. Saliba, 2016-10-06 This book provides a dispassionate analysis of new religious movements charting their growth and examining them from a variety of perspectives sociological psychological legal and theological Saliba then questions whether or not membership harms those who join these new movements and assesses the charge that they brainwash their adherents *Routledge Library Editions: Sociology of Religion* Various, 2021-07-14 This set collects together in 19 volumes a wealth of texts on Sociology of Religion An invaluable reference resource it contains classic books on a wide range of topics including religion and violence religion and family life religion and society culture and class

A Primal Perspective on the Philosophy of Religion Arvind Sharma, 2006-09-09 What am I trying to accomplish through the exercise which I have undertaken namely to examine the philosophy of religion in the light of primal religions If to choose someone else's expression to characterize one's own intellectual endeavour is an indication of one's own lack of imagination then I must plead guilty to that charge but not to that of lack of gratitude for I have to thank Robin Horton for describing better than I can what I have attempted in the book It is an exercise in what he calls translational understanding I quote him now By translational understanding I mean the kind of understanding of a particular thought system that results from the successful translation of the language and conceptual system that embody it into terms of a language and conceptual system that currently enjoy world status In talking of translation of course I am not just talking of the provision of dictionary equivalents for individual words or sentences I am talking about finding a world language equivalent for a whole realm of discourse and of showing in world language terms what the point of that realm of discourse is in the life of the people who use it Translation in this broader sense can be very arduous There may be no realm of discourse in the world language that exactly fits the bill We may have to bend and refashion existing realms and even redefine their guiding intentions **New Religions in Global Perspective** Peter Bernard Clarke, 2006 This volume provides a complete guide to the global impact and cultural significance of new religious movements Encyclopedic Handbook of Cults in America J. Gordon Melton, 1992 First Published in 1993 Routledge is an imprint of Taylor Francis an informa company **An Examination of the Problems of Inclusive Language in the Trinitarian Formula of Baptism** Thomas J. Scirghi, 2000 The recent attempts to change the traditional Trinitarian formula in baptism in order to rid it of masculine language raises questions concerning the nature of revelation and tradition The study also examines the work of feminist theology which has provided a means for a radical rethinking of religious experience **Constructing Jesus** Dale C. Allison, 2010-11 An internationally renowned Jesus scholar rethinks our knowledge of the historical Jesus in light of recent progress in the scientific study of memory The Rajneesh Papers Susan J. Palmer, Arvind Sharma, 1993-01-01 Contributed articles

Social Science and the Cults John A. Saliba, 2019-03-20 This book first published in 1990 brings together descriptive comparative and theoretical materials on cults and sects in Western culture focusing on literature published since 1970 A historical section links the rise of the new movements to similar past phenomena in Western culture Other sections examine the methodology of studying religious movements and the various theories which have been brought to explain them current studies on traditional sects that are sometimes compared to the new religions and many studies of individual contemporary cults

Understanding New Religious Movements John A Saliba, 2004-09-08 Discussions of any religion can easily raise passions But arguments tend to become even more heated when the religion under discussion is characterized as new Divisions around the study of new religious movements NRMs or cults or nontraditional or alternative or emergent religions are so acute that there is even controversy over what to call them John Saliba strives to bring balance to these discussions by offering perspectives on new religions from different academic perspectives history psychology sociology law theology and counseling This approach provides rich descriptions of a broad range of movements while demonstrating how the differing aims of the disciplines can create much of the controversy around NRMs The new second edition has been updated and revised throughout and includes a new foreword by noted historian of religion J Gordon Melton For classes in religion or the social sciences or for interested individuals **Understanding New Religious Movements** offers the most objective introduction possible

Routledge Library Editions: Psychiatry Various, 2021-07-28 Psychiatry is a medical field concerned with the diagnosis treatment and prevention of mental health conditions Routledge Library Editions Psychiatry 24 Volume set brings together titles originally published between 1958 and 1997 The set demonstrates the varied nature of mental health and how we as a society deal with it Covering a number of areas including child and adolescent psychiatry alternatives to psychiatry the history of mental health and psychiatric epidemiology

Doubting the Devout Nora L Rubel, 2009-12-28 Before 1985 depictions of ultra Orthodox Jews in popular American culture were rare and if they did appear in films such as *Fiddler on the Roof* or within the novels of Chaim Potok they evoked a nostalgic vision of Old World tradition Yet the ordination of women into positions of religious leadership and other controversial issues have sparked an increasingly visible and volatile culture war between America's ultra Orthodox and non Orthodox Jews one that has found a particularly creative voice in literature media and film Unpacking the work of Allegra Goodman Tova Mirvis Pearl Abraham Erich Segal Anne Roiphe and others as well as television shows and films such as *A Price Above Rubies* Nora L Rubel investigates the choices non haredi Jews have made as they represent the character and characters of ultra Orthodox Jews In these artistic and aesthetic acts Rubel recasts the war over gender and family and the anxieties over acculturation Americanization and continuity More than just a study of Jewishness and Jewish self consciousness *Doubting the Devout* will speak to any reader who has struggled to balance religion family and culture

Agents of Discord Susan E. Darnell, 2017-12-02 It is widely acknowledged that the United States has always provided fertile ground for the growth of new religious movements and cults but modern organized

efforts to oppose and restrict them have been less well understood In *Agents of Discord* Anson Shupe and Susan E Darnell offer a groundbreaking analysis of the operations and motives of these oppositional groups which they generally group under the umbrella term of the anticult movement Historically there have always been parallel groups opposed to certain religious movements whether these be anti Quaker anti Roman Catholic or anti Mormon The authors establish the cultural context of such movements in the nineteenth century They point out the link between modern anticult movements and nativist movements in American history Turning to the postwar era the authors discuss the rise of anticult movements and focus specifically on one of the most prominent the Cult Awareness Network CAN CAN was a two tiered organization Partly composed of volunteers donors and families affected by cult movements it also included what the authors call an inner sanctum of behavioral science professionals attorneys and deprogrammers Using never before reported data on CAN s activities the authors cite an extensive history of financial impropriety that finally led to the organization s bankruptcy They offer a pointed critique informed by current scholarship of the brainwashing model of mental enslavement presented by the anticult movement that has been a central assumption undergirding its activities At the same time they show how increasing professionalization has gradually begun a shift of such movements to a therapeutic model of exit counseling that rejects the crude methods of earlier intervention strategies In their analysis of the anticult movement nationally and internationally Shupe and Darnell merge sociological concepts and social history to make unique sense of a hereto *The Emerging Network* Michael York,1995 The 1980s saw the emergence of New Age and neo paganism as major new religious movements In the first book length study of these movements Michael York describes their rituals and beliefs and examines the similarities differences and relationships between them He profiles particular groups including the Church Universal Triumphant Nordic pagans and the Covenant of Unitarian Pagans and questions the adequacy of existing sociological categories for describing these largely amorphous phenomena *Religious and Spiritual Groups in Modern America* Robert Ellwood,Harry Partin,2016-11-03 This text explores the major new or unconventional religions and spiritual movements in America that exist outside the Judeo Christian tradition [Japanese New Religions in Global Perspective](#) Peter B Clarke,Peter B. Clarke,2013-11-05 Since the 1960s virtually every part of the world has seen the arrival and establishment of Japanese new religious movements a process that has followed quickly on the heels of the most active period of Japanese economic expansion overseas This book examines the nature and extent of this religious expansion outside Japan *Aristophanes' Old-and-new Comedy: Six essays in perspective* Kenneth J. Reckford,1987 Aristophanes Old and New Comedy Volume I Six Essays in Perspective *Apologetics, Mission and New Religious Movements: A Holistic Approach* Philip Johnson,2010-07-11 It is this search for balance and his real desire to speak into living situations that sets Johnson s work apart from earlier studies of cults and new religions At the same time his work is innovative in other ways

The book delves into Six Perspectives On New Religions. Six Perspectives On New Religions is an essential topic that must be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Six Perspectives On New Religions, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:

- Chapter 1: Introduction to Six Perspectives On New Religions
- Chapter 2: Essential Elements of Six Perspectives On New Religions
- Chapter 3: Six Perspectives On New Religions in Everyday Life
- Chapter 4: Six Perspectives On New Religions in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, this book will provide an overview of Six Perspectives On New Religions. The first chapter will explore what Six Perspectives On New Religions is, why Six Perspectives On New Religions is vital, and how to effectively learn about Six Perspectives On New Religions.
3. In chapter 2, this book will delve into the foundational concepts of Six Perspectives On New Religions. This chapter will elucidate the essential principles that must be understood to grasp Six Perspectives On New Religions in its entirety.
4. In chapter 3, this book will examine the practical applications of Six Perspectives On New Religions in daily life. The third chapter will showcase real-world examples of how Six Perspectives On New Religions can be effectively utilized in everyday scenarios.
5. In chapter 4, the author will scrutinize the relevance of Six Perspectives On New Religions in specific contexts. This chapter will explore how Six Perspectives On New Religions is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about Six Perspectives On New Religions. This chapter will summarize the key points that have been discussed throughout the book.

The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Six Perspectives On New Religions.
