**Little Sermons on Sin** Alfonso Martínez de Toledo, 2023-11-15      **The Budget and the Economy** United States. Congress. House. Committee on the Budget, 1990      *Under the Hood* Stan Slap, 2024-10-29

You can't sell it outside if you can't sell it inside. You want maximum business performance. Look under the hood and you'll find your employee culture. It is the power that drives the enterprise engine. To harness that rumbling power you've got to solve the mystery of what an employee culture actually is, how it operates, and how to move it forward. These are the keys that this book will put right in your hands. Renowned business culture expert Stan Slap knows the difference between understanding your employees and understanding your employee culture. The distinction isn't semantics; it's the key to whether your strategies will succeed or fail. This myth-busting book reveals why an employee culture is an independent organism with its own rules, beliefs, and motivations, and the power to make or break any management plan, and any manager right along with it. Slap shows you how to get whatever you want from your employee culture, whether it's improved accountability, innovation, flexibility, resilience, energy, loyalty, or trust. Along the way, he solves mysteries that have puzzled managers since the first Mesopotamian farmer hired some help, including: Why does an employee culture really resist change? What does it care about more than money? Why does it respond to leadership differently than to management? How does it talk to itself, and what does it mean when it won't talk to you? Why are company values the most dangerous threat to gaining its trust? If you have a wonderful employee culture, this book will help you scale it. If you have a troubled employee culture, this book will help you fix it. If you have an employee culture under pressure, this book will help you ease it. If you have a new employee culture, this book will help you shape it. And if you are investing in a company, this book will help you protect your greatest purchasable asset.

*Under the Hood* is informed by immaculate research, including surveys of more than 15,000 employees from companies the world over. It's packed with original tactics that have driven performance for many organizations and countless managers. And it includes jaw-dropping inside stories of employee cultures from the likes of Samsung, Oracle, Progressive, CNN during wartime, Paul McCartney's band, and the Super Bowl film crew. It's all delivered in classic Stan Slap style: profound and

provocative heartfelt and often hysterical This is not simply a management book it is the business case for humanity Management advice doesn't get realer or more important than this *Small is Still Beautiful* Joseph Pearce, 2023-10-17 A third of a century ago E F Schumacher rang out a timely warning against the idolatry of giantism with his book *Small Is Beautiful* Schumacher a highly respected economist and adviser to third world governments broke ranks with the accepted wisdom of his peers to warn of impending calamity if rampant consumerism technological dynamism and economic expansionism were not checked by human and environmental considerations Joseph Pearce revisits Schumacher's arguments and examines the multifarious ways in which Schumacher's ideas themselves still matter Faced though we are with fearful new technological possibilities and the continued centralization of power in large governmental and economic structures there is still the possibility of pursuing a saner and more sustainable vision for humanity Bigger is not always best Pearce reminds us and small is still beautiful Humanity was lurching blindly in the wrong direction argued Schumacher Its obsessive pursuit of wealth would not as so many believed ultimately lead to utopia but more probably to catastrophe Schumacher's greatest achievement was the fusion of ancient wisdom and modern economics in a language that encapsulated contemporary doubts and fears about the industrialized world The wisdom of the ages the perennial truths that have guided humanity throughout its history serves as a constant reminder to each new generation of the limits to human ambition But if this wisdom is a warning it is also a battle cry Schumacher saw that we needed to relearn the beauty of smallness of human scale technology and environments **Man of the New Millennium** Gregory Dark, 2010-09-16 *Man of the New Millennium* is a book for us the millions of people who want to see the end of mancruel and the start of mankind and the probably billion or so of us in this world exasperated and disenchanted by worn out templates trying to find new ones Wrapped in the most gentle of narratives *Man of the New Millennium* leads us through the maze of history's travesties and today's duplicities to a future with a future to a future whose potential is our potential our potential as a species and that potential special to all of us individually *Man of the New Millennium* is a search for us in an age of me it is a text for humanity in fictional dress it is a book which changes hope from an ill defined aspiration to a realisable ambition It is a book of today which guarantees a quality tomorrow *Man of the New Millennium* is the third book of the trilogy which also comprises *The Prophet of the New Millennium* and *God of the New Millennium* *The Inevitable War: The Myth Book 3* Grant Ayers, 2025-03-27 Life has been hard and cruel for Grim After the brutal death of his parents in a house fire he is forced to live with his abusive uncle and attend the School for the Wicked But Grim's unnatural strength intelligence and prowess make him king or the Businessman for the brutal killing games held within the school walls Now Grim seems to have at least some semblance of normal until Death himself walks in Grim stands on the precipice between accepting his destiny as Death of the Four Horseman of the Apocalypse and stopping Armageddon or running away from it all About the author At just twenty one years old Grant Ayers discovered a passion for writing at the age of fifteen and achieved official publication by seventeen Writing has evolved into

an epic pursuit for Ayers over the years The inspiration for The Inevitable War series began when they were twelve crafting intricate plotlines with LEGO bricks alongside their brother Jessy and younger brother Owen This unwitting collaboration played a pivotal role in shaping the entire series a tale born from playful creativity and strong familial bonds
