From a Child's Mind; to an Adult's Heart Thop Brown,2008-04-28 From a Child s mind to an Adult s Heart is written about my life as I saw it as a child and the adults that made an impact on my life I would like to dedicate this book to all the adults in our community who molded me into the adult I am today I m a living witness that one must be careful in the way we act or the things that we say around a child because children tend to mimic adults We must be careful of the conversations we have when we think children arent listening Those conversations can come back to either honor or embarrass us when the child becomes an adult This book is a prime example of how God allows situations and circumstances to be embedded in some childrens minds and hearts for future references As I look at this world today and how some children have to worry about where their next meal is coming from or whether their mothers are coming home I realize how blessed I was to be born in the era of the 50s where the majority of the adults genuinely cared about the well being of the children This era inspired me to write this book in the hope that it would jog the memory of others causing them to recall how special they felt when adults took the time out of they busy schedules to play ball or any game with them Also some may have forgotten what it was like to be a child without worries I hope that this book brings back memories of how safe and secure some children felt knowing that a set of adult eyes were always watching out for their safety Today children deserve to feel the same type of safety and security that we felt as children This is their God given right Let us give our children the happiness and security that they deserve Out of much love and great respect for the people in my community I have changed the names city streets and gender of some of the characters in my book to protect their identities In the same spirit I deemed it necessary to inform my readers so that they would not be deceived On one hand I know that my readers will find laughter and shed many tears On the other hand the love and devotion that the adults had for each other and us will shine through

Muller-Ortega,2010-03-31 This book explores one of the most explicit and sophisticated theoretical formulations of tantric yoga It explains Abhinavagupta s teaching about the nature of ultimate reality about the methods for experiencing this ultimate reality and about the nature of the state of realization a condition of embodied enlightenment The author uncovers the conceptual matrix surrounding the practices of the Kaula lineage of Kashmir Shaivism The primary textual basis for the book is provided by Abhinavagupta s Par tr ik laghuv tti a short meditation manual that centers on the symbolism of the Heart mantra SAU **Archaeologies of the Heart** Kisha Supernant,Jane Eva Baxter,Natasha Lyons,Sonya Atalay,2020-02-13 Archaeological practice is currently shifting in response to feminist indigenous activist community based and anarchic critiques of how archaeology is practiced and how science is used to interpret the past lives of people Inspired by the calls for a different way of doing archaeology this volume presents a case here for a heart centered archaeological practice Heart centered practice emerged in care based disciplines such as nursing and various forms of therapy as a way to recognize the importance of caring for those on whom we work and as an avenue to explore how our interactions with others impacts our own emotions and heart Archaeologists are disciplined to separate mind and heart a division which harkens back to the origins of western thought The dualism between the mental and the physical is fundamental to the concept that humans can objectively study the world without being immersed in it Scientific approaches to understanding the world assume there is an objective world to be studied and that humans must remove themselves from that world in order to find the truth An archaeology of the heart rejects this dualism rather we see mind body heart and spirit as inextricable An archaeology of the heart provides a new space for thinking through an integrated responsible and grounded archaeology where there is care for the living and the dead acknowledges the need to build responsible relationships with communities and with the archaeological record and emphasize the role of rigor in how work and research is conducted The contributions bring together archaeological practitioners from across the globe in different contexts to explore how heart centered practice can impact archaeological theory methodology and research throughout the discipline *The Heart of California* Aaron Gilbreath,2020-11 2022 Oregon Book Award Finalist A vivid journey through California s vast rural interior The Heart of

California weaves the story of historian Frank Latta's forgotten 1938 boat trip from Bakersfield to San Francisco with Aaron Gilbreath's trip retracing Latta's route by car during the 2014 drought. Latta embarked on his journey to publicize the need for dams and levees to improve flood control. Gilbreath made his own trip to profile Latta and the productive agricultural world that damming has created in the San Joaquin Valley to describe the region's nearly lost indigenous culture and ecosystems and to bring this complex yet largely ignored landscape to life. The Valley is home to some of California's fastest growing cities and by some estimates produces 25 percent of America's food. The Valley feeds too many people and is too unique to be ignored. To understand California you have to understand the Valley. Mixing travel writing, historical recreations, western history, natural history, and first person reportage, *The Heart of California* is a road trip narrative about this fascinating region and its most important early documentarian. — *Cardiac Nursing* Debra K. Moser, Barbara Riegel, 2007-08-08
