Skillful Means Tarthang Tulku, 1978 **The Complete Nyingma Tradition from Sutra to Tantra, Books 15 to 17** Choying Tobden Dorje, 2016-08-19 In 1838 Choying Tobden Dorje a yogin and scholar of northeastern Tibet completed a multivolume masterwork that traces the entire path of the Nyingma tradition of Tibetan Buddhism from beginning to end. Written by a mantra practitioner for the benefit of mantra practitioners living among the lay community it was intended to be informative, inspirational, and above all practical. Its twenty-five books or topical divisions offer a comprehensive and detailed view of the Buddhist path according to the early translation school of Tibetan Buddhism spanning the vast range of Buddhist teachings from the initial steps to the highest esoteric teachings of great perfection. Choying Tobden Dorje's magnum opus appears in English here for the first time. Books 15 to 17 *The Essential Tantras of Mahayoga* is presented in two volumes and concerns the first of the three classes of inner tantra. It presents the entire text of the *Guhyagarbha Tantra* in Tibetan and English together with the interlinear sections of one of its most important commentaries *Dispelling the Darkness of the Ten Directions* by the outstanding fourteenth-century master Longchen Rabjam. Also included is Choying Tobden Dorje's rewriting of Candragomin's inspirational *Extensive Commentary on the Sublime Litany of the Names of Manjushri*. **The Foundational Standpoint of Mādhyamika Philosophy** Gadjin M. Nagao, 1989-03-07 The Madhyamika philosophy of Nagarjuna articulates the basic Mahayana insights in two themes: the identity of emptiness dependent co-arising and the two truths. In *The Foundational Standpoint of Madhyamika Philosophy* Gadjin M. Nagao, one of the foremost Buddhist scholars in the world, presents an in-depth interpretation of this foundational philosophy of Mahayana Buddhism. In this book, the author has culled data from Sanskrit, Tibetan, Chinese, Japanese, and Western sources—a rare feat which only a few scholars are capable of accomplishing. The translation is faithful, readable, and masterful. *A Companion to Buddhist Philosophy* Steven M. Emmanuel, 2015-11-23 *A Companion to Buddhist Philosophy* is the most comprehensive single volume on the subject available; it offers the very latest scholarship to create a wide-ranging survey of the most important ideas, problems, and debates in the history of Buddhist philosophy. Encompasses the broadest treatment of Buddhist philosophy available, covering social and political thought, meditation, ecology, and contemporary issues and applications. Each section contains overviews and cutting-edge scholarship that expands readers' understanding of the breadth and diversity of Buddhist thought. Broad coverage of topics allows flexibility to instructors in creating a syllabus. Essays provide valuable alternative philosophical perspectives on topics to those available in Western traditions. *The Perfection of Wisdom Tradition* Gareth Sparham, Ngok Loden Sherab, Gyaltsab Darma Rinchen, Kunkhyen Pema Karpo, 2025-12-02 The foremost translator of Perfection of Wisdom literature from Tibetan today presents three foundational works that formed the basis for the Tibetans' study of Mahayana scripture and the bodhisattva path. The perfection of wisdom, prajnaparamita, is a key element of the path in Mahayana Buddhism. Wisdom here is the transcendent wisdom of a bodhisattva who has penetrated the nature of reality: the emptiness

shunyata of all things Sutras that take the Perfection of Wisdom as their name emerged in the centuries before and after the start of the Common Era and became foundational for the nascent Mahayana These include the well known Heart Sutra and Diamond Cutter Sutra as well as the Perfection of Wisdom sutras in eight thousand and a hundred thousand lines Study of the Perfection of Wisdom sutras in Tibet has historically been through commentaries on the Ornament for the Clear Realizations Abhisamayalamkara a short verse distillation in eight chapters attributed to Maitreya that was expanded in India by such figures as Asanga Haribhadra and Arya Vimuktisena The three works in the present volume reflect the diversity of the Tibetan commentarial tradition on these Indian works Ngok Loden Sherab's 1057/1109 Topical Summary marks the beginning in Sangphu Monastery of the most influential Perfection of Wisdom commentarial tradition Ngok's short work leads the reader briskly through the Abhisamayalamkara's seventy topics presenting what would become the standard framework for explaining the Perfection of Wisdom in Tibet The entirety of Haribhadra's Vivṛti commentary has been embedded in Ngok's text Gyaltsab Darma Rinchen's 1364/1432 Way to Practice the Sequence of Clear Realizations structured as a defense of the meditation system set forth by his guru Tsongkhapa in the Great Treatise on the Stages of the Path to Enlightenment links the stages of the path expanded into the seventy topics with the actual practices of an accomplished yogi Working outward from the middle of the Abhisamayalamkara's fourth chapter it explains how the Perfection of Wisdom is integrated into a total and complete meditational practice for the attainment of buddhahood The great Drukpa Kagyu scholar Kunkhyen Pema Karpo's 1527/92 Sacred Words of Lord Maitreya is the most detailed and systematic of the three works supplementing explanations of the Perfection of Wisdom based on the Abhisamayalamkara with verses from the Mahayanasutralamkara Ornament for the Mahayana Sutras and the Uttaratantra Sublime Continuum This work as presented here includes within it a complete translation of the Abhisamayalamkara's eight chapters

Visions of Awakening Space and Time Taigen Dan Leighton, 2008-12-31 As a religion concerned with universal liberation Zen grew out of a Buddhist worldview very different from the currently prevalent scientific materialism Indeed says Taigen Dan Leighton Zen cannot be fully understood outside of a worldview that sees reality itself as a vital dynamic agent of awareness and healing In this book Leighton explicates that worldview through the writings of the Zen master Eihei Dogen 1200/1253 considered the founder of the Japanese S t Zen tradition which currently enjoys increasing popularity in the West The Lotus Sutra arguably the most important Buddhist scripture in East Asia contains a famous story about bodhisattvas enlightening beings who emerge from under the earth to preserve and expound the Lotus teaching in the distant future The story reveals that the Buddha only appears to pass away but actually has been practicing and will continue to do so over an inconceivably long life span Leighton traces commentaries on the Lotus Sutra from a range of key East Asian Buddhist thinkers including Daosheng Zhiyi Zhanran Saigyō Myōe Nichiren Hakuin and Ryōkan But his main focus is Eihei Dogen the 13th century Japanese S t Zen founder who imported Zen from China and whose profuse provocative and poetic writings are important to

the modern expansion of Buddhism to the West D gen s use of this sutra expresses the critical role of Mahayana vision and imagination as the context of Zen teaching and his interpretations of this story furthermore reveal his dynamic worldview of the earth space and time themselves as vital agents of spiritual awakening Leighton argues that D gen uses the images and metaphors in this story to express his own religious worldview in which earth space and time are lively agents in the bodhisattva project Broader awareness of D gen s worldview and its implications says Leighton can illuminate the possibilities for contemporary approaches to primary Mahayana concepts and practices

of his profound and learned insights on the nature and function of the human mind We can also clearly see his hermeneutical approaches and methods of argumentation which are derived from apophatic Madhyamika analysis the newly introduced Buddhist logic as well as various indigenous East Asian approaches This volume includes four of Wonhyo's works that are especially revelatory of his treatment of the complex flow of ideas in his generation System of the Two Hindrances Yijang ui Treatise on the Ten Ways of Resolving Controversies Simmun hwajaeng non Commentary on the Discrimination between the Middle and the Extremes Chungbyon punbyollon so and the Critical Discussion on Inference Pan piryang non
