Kelleher,George Knapp,2005-12-06 The author of the controversial bestseller Brain Trust brings his scientific expertise to the chilling true story of unexplained phenomena on Utah's Skinwalker Ranch and challenges us with a new vision of reality For more than fifty years the bizarre events at a remote Utah ranch have ranged from the perplexing to the wholly terrifying Vanishing and mutilated cattle Unidentified Flying Objects The appearance of huge otherworldly creatures Invisible objects emitting magnetic fields with the power to spark a cattle stampede Flying orbs of light with dazzling maneuverability and lethal consequences For one family life on the Skinwalker Ranch had become a life under siege by an unknown enemy or enemies Nothing else could explain the horrors that surrounded them perhaps science could Leading a first class team of research scientists on a disturbing odyssey into the

unknown Colm Kelleher spent hundreds of days and nights on the Skinwalker property and experienced firsthand many of its haunting mysteries With investigative reporter George Knapp the only journalist allowed to witness and document the team's work Kelleher chronicles in superb detail the spectacular happenings the team observed personally and the theories of modern physics behind the phenomena Far from the coldly detached findings one might expect their conclusions are utterly hair raising in their implications Opening a door to the unseen world around us Hunt for the Skinwalker is a clarion call to expand our vision far beyond what we know
