Kay B. Warren

Sky Never Changes Testimonies From The Guatemalan Labor Movement:

The Sky Never Changes Thomas F. Reed, Karen Brandow, 1996 Ten interviews reveal the memories and hopes of individuals WHO have been actively involved in or personally affected by the struggle for labour rights in Guatemala

A History of Organized Labor in Panama and Central America Robert J. Alexander, 2008-07-30 This volume is a pioneering study of the history of organized labor in the Central American republics It traces the history in the various countries from the early nineteenth century to the end of the twentieth century It also discusses why they appeared what organizational and ideological tendencies characterized the movement in these countries the role of collective bargaining the economic influence of organized labor as well as the relations of the movement in the individual countries with one another and with the broader labor movement outside of the countries involved in this volume

Globalization and Cross-border Labor Solidarity in the Americas Ralph Armbruster-Sandoval, 2005 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company

Unions in a Globalized Environment Bruce Nissen, 2016-09-16 How can American unions survive in our increasingly globalized business environment With the trend toward multinational corporations free trade pacts and dismantling import barriers organized labor has been steadily losing ground in the United States This book argues that to reverse this trend U S unions must create ties with workers and unions in other countries and include the ever increasing number of immigrant workers in their ranks And it calls for a shift toward social movement unionism which would change unions orientation from exclusively market focused and more toward social issues and rights

Historical Dictionary of Guatemala Michael F. Fry, 2018-02-20 Guatemala holds a dual image For more than a century travel writers explorers and movie producers have painted the country as an exotic place a land of tropical forests and the home of the ancient and living Maya Archaeological ruins abandoned a millennium ago have enhanced their depictions with a wistful dreamy aura of bygone days of pagan splendor and the unique colorful textiles of rural Maya today connect nostalgically with that distant past Inspired by that vision fascinated tourists have flocked there for the past six decades Most have not been disappointed it is a genuine facet of a complex land Guatemala is also portrayed as a poor violent repressive country ruled by greedy tyrants with the support of an entrenched elite the archetypal banana republic The media and scholarly studies consistently confirm that fair assessment of the social political and economic reality The Historical Dictionary of Guatemala contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Guatemala

The Sky Never Changes Thomas F. Reed, 1996

Political Movements and Violence in Central America Charles D. Brockett, 2005-03-14 This book offers an indepth analysis of the confrontation between popular movements and repressive regimes in Central America for the three decades beginning in 1960 particularly in El Salvador and Guatemala It examines both urban and rural groups as well as both

nonviolent social movements and revolutionary movements It studies the impact of state violence on contentious political movements as well as defends the political process model for studying such movements

Indigenous Movements and Their Critics Kay B. Warren, 1998-12-27 In this first book length treatment of Maya intellectuals in national and community affairs in Guatemala Kay Warren presents an ethnographic account of Pan Maya cultural activism through the voices writings and actions of its participants Challenging the belief that indigenous movements emerge as isolated politically unified fronts she shows that Pan Mayanism reflects diverse local national and international influences She explores the movement s attempts to interweave these varied strands into political programs to promote human and cultural rights for Guatemala s indigenous majority and also examines the movement s many domestic and foreign critics The book focuses on the years of Guatemala s peace process 1987 1996 After the previous ten years of national war and state repression the Maya movement reemerged into public view to press for institutional reform in the schools and courts and for the officialization of a multicultural ethnically plural and multilingual national culture In particular Warren examines a group of well known Mayanist antiracism activists among them Demetrio Cojt Mart n Chacach Enrique Sam Colop Victor Montejo members of Oxlajuuj Keej Maya Ajtz iib and grassroots intellectuals in the community of San Andr s to show what is at stake for them personally and how they have worked to promote the revitalization of Maya language and culture Pan Mayanism s critics question its tactics see it as threatening their own achievements or even as dangerously polarizing national society This book highlights the crucial role that Mayanist intellectuals have come to play in charting paths to multicultural democracy in Guatemala and in creating a new parallel middle class

A Beauty That Hurts W. George Lovell, 2014-05-14 Though a 1996 peace accord brought a formal end to a conflict that had lasted for thirty six years Guatemala s violent past continues to scar its troubled present and seems destined to haunt its uncertain future George Lovell brings to this revised and expanded edition of A Beauty That Hurts decades of fieldwork throughout Guatemala as well as archival research He locates the roots of conflict in geographies of inequality that arose during colonial times and were exacerbated by the drive to develop Guatemala s resources in the nineteenth and early twentieth centuries The lines of confrontation were entrenched after a decade of socioeconomic reform between 1944 and 1954 saw modernizing initiatives undone by a military coup backed by U S interests and the CIA A United Nations Truth Commission has established that civil war in Guatemala claimed the lives of more that 200 000 people the vast majority of them indigenous Mayas Lovell weaves documentation about what happened to Mayas in particular during the war years with accounts of their difficult personal situations Meanwhile an intransigent elite and a powerful military continue to benefit from the inequalities that triggered armed insurrection in the first place Weak and corrupt civilian governments fail to impose the rule of law thus ensuring that Guatemala remains an embattled country where postwar violence and drug related crime undermine any semblance of orderly peaceful life

Global Coloniality of Power in Guatemala Eglá Martínez Salazar, 2012-07-20 In this engaged critique of the geopolitics of knowledge Eglá Mart

nez Salazar examines the genocide and other forms of state terror such as racialized feminicide and the attack on Maya childhood which occurred in Guatemala of the 1980s and 90s with the full support of Western colonial powers Drawing on a careful analysis of recently declassified state documents thematic life histories and compelling interviews with Maya and Mestizo women and men survivors Martinez Salazar shows how people resisting oppression were converted into the politically abject At the center of her book is an examination of how coloniality survives colonialism a crucial point for understanding how contemporary hegemonic practices and ideologies such as equality democracy human rights peace and citizenship are deeply contested terrains for they create nominal equality from practical social inequality While many in the global North continue to enjoy the benefits of this domination millions if not billions in both the South and North have been persecuted controlled and exterminated during their struggles for a more just world **Reckoning** Diane M.

Nelson,2009-03-18 An examination of how Guatemalans are reckoning with the aftermath of a civil war that left fundamental assumptions about selves and others in tatters when it officially ended in 1996 Transnational Ruptures Catherine

Nolin,2017-05-15 A key development in international migration in recent years has been the increasing feminization of migrant populations Research attention now focuses not only on the growing number of women on the move but also on their changing gender roles as more female migrants participate as principal wage earners and heads of household rather than as dependants The tensions between population displacement within and beyond Guatemala and the multiple local regional and national realities encountered and reconfigured by these refugee and migrants allow a fascinating window onto the connections and ruptures experienced in a global local world Transnational Ruptures holds great interest and value for a wide readership from scholars who are interested in transnational and refugee studies and international migration to upper level university students in disciplines such as human geography anthropology sociology Latin American Studies gender studies political science and international studies *Water, Cacao, and the Early Maya of Chocolá* Jonathan Kaplan,Federico

Paredes Umaña,2018-05-28 In describing what was in effect a lost Maya city the book highlights the many important research findings to date of long term field research at the city including a very early yet extraordinarily sophisticated ancient water control system and evidence for cacao arboriculture to explain its rise to wealth and power as a kingdom of chocolate also detailed are the ancient city s sculpture and ceramics and the ethnohistory of the modern Maya community lying atop it Ariel Dorfman Sophia McClennen,2010-01-18 A critical introduction to the life and work of the

internationally renowned writer activist and intellectual Ariel Dorfman *Oral History* ,1999 **Social Sciences** Lawrence Boudon,Katherine D. McCann,2003-09-01 The one source that sets reference collections on Latin American studies apart from all other geographic areas of the world The Handbook has provided scholars interested in Latin America with a bibliographical source of a quality unavailable to scholars in most other branches of area studies Latin American Research Review Beginning with volume 41 1979 the University of Texas Press became the publisher of the Handbook of Latin

American Studies the most comprehensive annual bibliography in the field Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines the Handbook alternates from year to year between social sciences and humanities The Handbook annotates works on Mexico Central America the Caribbean and the Guianas Spanish South America and Brazil as well as materials covering Latin America as a whole Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas The Handbook of Latin American Studies is the oldest continuing reference work in the field Lawrence Boudon of the Library of Congress Hispanic Division has been the editor since 2001 and Katherine D McCann has been assistant editor since 2000 The subject categories for Volume 59 are as follows Anthropology Economics Geography Government and Politics International Relations Sociology Electronic Resources for the Social Sciences *LLT* ,1999
Journal of Economic Literature ,1997 Report on Guatemala ,1993 Labor Notes ,1997
