Slave Masters:

Black Slaveowners Larry Koger, 2010-03-22 Drawing on the federal census wills mortgage bills of sale tax returns and newspaper advertisements this authoritative study describes the nature of African American slaveholding its complexity and its rationales It reveals how some African American slave masters had earned their freedom and how some free Blacks purchased slaves for their own use The book provides a fresh perspective on slavery in the antebellum South and underscores the importance of African Americans in the history of American slavery The book also paints a picture of the complex social dynamics between free and enslaved Blacks and between Black and white slaveowners It illuminates the motivations behind African American slaveholding including attempts to create or maintain independence to accumulate wealth and to protect family members and sheds light on the harsh realities of slavery for both Black masters and Black slaves **BLACK SLAVEOWNERS** Shows how some African Americans became slave masters **MOTIVATIONS FOR SLAVEHOLDING** Highlights the motivations behind African American slaveholding **SOCIAL DYNAMICS** Sheds light on the complex social dynamics between free and enslaved Blacks **ANEBELLUM SOUTH** Provides a perspective on slavery in the antebellum South **"Master and Slave"...** Robert Seth McCallen, 1907 **Slaves of One Master** Matthew S. Hopper, 2015-01-01 Matthew S Hopper s wide ranging history of the African diaspora and slavery in Arabia in the nineteenth and early twentieth centuries examines the interconnected themes of enslavement globalization and empire and challenges previously held conventions regarding Middle Eastern slavery and British imperialism Linking the personal stories of enslaved Africans to the impersonal global commodity chains their labor enabled this provocative and deeply researched study contradicts the conventional historiography that regards the Indian Ocean slave trade as fundamentally different from its Atlantic counterpart and disputes the triumphalist antislavery narrative that attributes the end of the East African Persian Gulf slave trade to the efforts of the British Royal Navy **Masters & Slaves in the House of the Lord** John B. Boles, 1988-01-01 Much that is commonly accepted about slavery and religion in the Old South is challenged in this significant book The eight essays included here show that throughout the antebellum period southern whites and blacks worshipped together heard the same sermons took communion and were baptized together were subject to the same church discipline and were buried in the same cemeteries What was the black perception of white controlled religious ceremonies How did whites reconcile their faith with their racism Why did freedmen as soon as possible after the Civil War withdraw from the biracial churches and establish black denominations This book is essential reading for historians of religion the South and the Afro American experience **A Slave's Place, A Master's World** Nancy Priscilla Naro, 2016-10-06 A Slave s Place A Master s World based on original field research evaluates the transition from slave to free labour in rural Brazil highlighting the ways in which slaves free farmers freedmen and planters shaped the labour markets of an agrarian economy Documentation from two areas in the Rio de Janeiro hinterland provides the foundation for comparisons between slavery in

Vassouras a highland town where coffee was produced for the export market and Rio Bonito a lowland town where coffee and foodstuffs were marketed regionally The book examines the settlement processes in both towns the marginalization of indigenous tribes the onset of slave labour and the de facto and de jure claims to land as planters small producers and slaves forged the bases of rural society A feature of the book is the detailed study of the link with the African past during the transition process when African languages customs and religion and social and work related networks were increasingly juxtaposed with master class practices on the fazendas

Immediate Emancipation Safe and Profitable for Masters;-happy for Slaves;-right in Government;-advantageous to the Nation;-would Interfere with No Feelings But Such as are Destructive;-cannot be Postponed Without Continually Increasing Danger. An Outline for It, and Remarks on Compensation

Charles Stuart,1838

The Slave Systems of Greek and Roman Antiquity William Linn Westermann,1955

Greek slavery from Homer to the Persian wars From the Persian wars to Alexander slave supply and slave numbers From the Persian wars to Alexander slave employment and legal aspects of slavery From the Persian wars to Alexander the social setting of polis slavery The eastern Mediterranean lands from Alexander to Augustus the Delphic manumissions slave origins economic and legal approaches The eastern area from Alexander to Augustus basic differences between pre Greek and Greek slavery Slavery in Hellenistic Egypt pharaonic tradition and Greek intrusions War and slavery in the West to 146 B C The Roman republic praedial slavery piracy and slave revolts The later republic the slave and the Roman familia The later republic social and legal position of slaves Slavery under the Roman empire to Constantine the Great sources and numbers of slaves The Roman Empire in the West economic aspects of slavery Slavery under the Roman Empire the provenance of slaves how sold and prices paid The Roman Empire living conditions and social life of slaves Imperial slaves and freedmen of the emperors amelioration of slavery The moral implications of imperial slavery and the decline of ancient culture In the eastern provinces of the Roman Empire From Diocletian to Justinian problems os slavery From Diocletian to Justinian the eastern and the western developments From Diocletian to Justinian leveling of position between free workers and slaves Upon slavery and Christianity Conclusion

African American History For Dummies

Ronda Racha Penrice,2011-05-04 Understand the historical and cultural contributions of African Americans Get to know the people places and events that shaped the African American experience Want to better understand black history This comprehensive straight forward guide traces the African American journey from Africa and the slave trade through the Civil War Jim Crow and the new millennium You ll be an eyewitness to the pivotal events that impacted America s past present and future and meet the inspiring leaders who struggled to bring about change How Africans came to America Black life before and after Civil Rights How slaves fought to be free The evolution of African American culture Great accomplishments by black citizens What it means to be black in America today

Slavery, Southern Culture, and Education in Little Dixie, Missouri, 1820-1860 Jeffrey C.

Stone,2013-09-13 This dissertation examines the cultural and educational history of central Missouri between 1820 and 1860

and in particular the issue of master slave relationships and how they affected education broadly defined as the transmission of Southern culture Although Missouri had one of the lowest slave populations during the Antebellum period Central Missouri or what became known as Little Dixie had slave percentages that rivaled many regions and counties of the Deep South However slaves and slave owners interacted on a regular basis which affected cultural transmission in the areas of religion work and community Generally slave owners in Little Dixie showed a pattern of paternalism in all these areas but the slaves did not always accept their masters paternalism and attempted to forge a life of their own

Mastery and Slavery in Victorian Writing J. Taylor, 2002-12-17 Taking Hegel's famous Master Slave Dialectic as its starting point this wide ranging book examines portrayals of masters slaves and servants in works by Carlyle Dickens Eliot Collins and others The questions raised about modern mastery and slavery are pursued in relation to intriguing nineteenth century figures as the American slave holder the musician the demagogue and the Jew

Dark Symbols, Obscure Signs Riggins R. Earl, 2025-10-22 In *Dark Symbols Obscure Signs* Riggins R. Earl Jr investigates how slave owners intentionally manipulated Christianity as they passed it on to slaves and demonstrates how slaves successfully challenged that distorted interpretation Analyzing slaves response to Christianity as expressed in testimonies songs stories and sermons Earl reveals the conversion experience as the initial step toward an autonomy that defied white control Contrary to what their white owners expected or desired enslaved African Americans found in Christianity a life affirming identity and strong sense of community Slave owners believed Christianity would instill docility and obedience but the slaves discovered in the Bible a different message sharing among themselves the dark symbols and obscure signs that escaped the notice of their captors Finding a sense of liberation rather than submission in their conversion experience slaves discovered their own self worth and their values as children of God Originally published in 1993 *Dark Symbols Obscure Signs* traces the legacy of slaves embrace of Christianity both during and after the slavery era In a new introduction the author places the book within the context of contemporary scholarship on the roots of the African American cultural experience He argues that any interpretation of this experience must begin with a foundational study of the theological and ethical constructs that have shaped the way blacks understand themselves in relationship to God their oppressors and each other

Aboriginal Slavery on the Northwest Coast of North America Leland Donald, 1997-08 Presenting a new understanding of slavery on the Northwest Coast and a new perspective on the nature of Northwest Coast society this will be a classic on one of the most important North American culture areas R G Matson University of British Columbia

In the Shadow of Slavery Leslie M. Harris, 2024-05-31 A new edition of a classic work revealing the little known history of African Americans in New York City before Emancipation The popular understanding of the history of slavery in America almost entirely ignores the institution's extensive reach in the North But the cities of the North were built by and became the home of tens of thousands of enslaved African Americans many of whom would continue to live there as free people after Emancipation *In the Shadow of Slavery* reveals the history of

African Americans in the nation's largest metropolis New York City Leslie M Harris draws on travel accounts autobiographies newspapers literature and organizational records to extend prior studies of racial discrimination She traces the undeniable impact of African Americans on class distinctions politics and community formation by offering vivid portraits of the lives and aspirations of countless black New Yorkers This new edition includes an afterword by the author addressing subsequent research and the ongoing arguments over how slavery and its legacy should be taught memorialized and acknowledged by governments

Master Narratives, Identities, and the Stories of Former Slaves Jonathan Clifton, Dorien Van De Mierop, 2016-03-31 This book is intended for researchers in the field of narrative from post graduate level onwards It analyzes the audio recordings of the narratives of former slaves from the American South which are now publically available on the Library of Congress website Voices from the days of slavery More specifically this book analyses the identity work of these former slaves and considers how these identities are related to master narratives The novelty of this book is that through using such a temporally diverse and relatively large corpus we show how master narratives change according to both the zeitgeist of the here and now of the interview world and the historical period that is related in the there and then of the story world Moreover focusing on the active achievement of master narratives as socially situated co constructed discursive accomplishments we analyze how different inherently unstable and even contradictory versions of master narratives are enacted

The Complete Concise History of the Slave Trade Olayanju Olajide, 2013 This book is written mainly from my experience since my arrival in the United Kingdom in the early 1960s I came to the UK before I came in contact with any Afro American or Caribbean In Nigeria I know some people whose parents originally returned to Nigeria from Brazil and Cuba The names of these great people are household names in Nigeria and particularly in Lagos The more I stay in the UK the more I realise that our people from America and Caribbean have very little knowledge of Africa To my greatest surprise some of them think that Africa is a small country I came to the UK before the slave trade became a common topic It is quite clear from my observation that the history of the slave trade is wrongly taught in overseas as far as it concerns Africa Worse still some of our people here think that the whole of Africa was involved in the slave trade This book is to put forward the authentic history of the slave trade Moreover this book will show clearly the areas affected by the slave trade The aim of the writer of this book is to make the history of the slave trade clear and simple to read The idea is to make the book affordable and available as much as possible in order to study the history in Africa and overseas If the history of the slave trade is taught and studied carefully any such mistakes will be avoided in future

Ancient Greek and Roman Slavery Peter Hunt, 2017-11-29 An exciting study of ancient slavery in Greece and Rome This book provides an introduction to pivotal issues in the study of classical Greek and Roman slavery The span of topics is broad ranging from everyday resistance to slavery to philosophical justifications of slavery and from the process of enslavement to the decline of slavery after the fall of the Western Roman Empire The book uses a wide spectrum of types of evidence and relies on concrete and

vivid examples whenever possible Introductory chapters provide historical context and a clear and concise discussion of the methodological difficulties of studying ancient slavery The following chapters are organized around central topics in slave studies enslavement economics politics culture sex and family life manumission and ex slaves everyday conflict revolts representations philosophy and law and decline and legacy Chapters open with general discussions of important scholarly controversies and the challenges of our ancient evidence and case studies from the classical Greek Hellenistic and Roman periods provide detailed and concrete explorations of the issues Organized by key themes in slave studies with in depth classical case studies Emphasizes Greek Roman comparisons and contrasts Features helpful customized maps Topics range from demography to philosophy from Linear B through the fall of the empire in the west Features myriad types of evidence literary historical legal and philosophical texts the bible papyri epitaphs lead letters curse tablets art manumission inscriptions and more Ancient Greek and Roman Slavery provides a general survey of classical slavery and is particularly appropriate for college courses on Greek and Roman slavery on comparative slave societies and on ancient social history It will also be of great interest to history enthusiasts and scholars especially those interested in slavery in different periods and societies

Slavery in Africa Suzanne Miers,Igor Kopytoff,1977 This collection of sixteen short papers together with a complex and very much longer introductory essay by the editors on African Slavery as an Institution of Marginality constitutes an impressive attempt by anthropologists and historians to explore describe and analyze some of the various kinds of human bondage within a number of precolonial African societies It is important to note that in spite of the precolonial emphasis of the volume all of the essays are based at least partly on anthropological or ethnohistorical field research carried out since 1959 All but one have been augmented greatly by more conventional historical research in published as well as archival sources And although the volume s focus is upon the structures and conditions of servitude within the several African societies described many of the essays illustrate and some discuss the conceptual as well as the practical difficulties of separating the institutions and customs of domestic African slavery from those of the European dominated commercial slave trade in which many of the societies participated from JSTOR <http://www.jstor.org> May 24 2013

Slavery, Civil War, and Salvation Daniel L. Fountain,2010-10 During the Civil War traditional history tells us Afro Christianity proved a strong force for slaves perseverance and hope of deliverance In *Slavery Civil War and Salvation* however Daniel Fountain raises the possibility that Afro Christianity played a less significant role within the antebellum slave community than most scholars currently assert Fountain presents a new timeline for the African American conversion experience insisting that only after emancipation and the fulfillment of the predicted Christian deliverance did African Americans more consistently turn to Christianity Freedom Fountain contends brought most former slaves into the Christian faith

The African-American Family in Slavery and Emancipation Wilma A. Dunaway,2003-04-14 Table of contents

Plantation Slavery in the Sokoto Caliphate Mohammed Bashir Salau,2018 A work of synthesis on plantation slavery

in nineteenth century Sokoto caliphate engaging with major debates on internal African slavery on the meaning of the term plantation and on comparative slavery
