The Opium Queen Gabrielle Paluch,2023-04-15 Publishers Weekly calls the book a jaw dropping study of a lesser known yet larger than life figure Opium Queen is the true story of the widely mythologized genderqueer Burmese opium pioneer of noble Chinese descent Olive Yang who secretly ran an anti communist rebel army supported by the CIA in the 1950s heyday of the Golden Triangle Olive Yang was a widely mythologized genderqueer lesbian opium pioneer in the 1950s heyday of the Golden Triangle After escaping an arranged marriage with a noble cousin Olive felt that she had no choice but to lead a life of banditry with an anti communist rebel army supported by the CIA As her smuggling empire grew she became so powerful and infamous novelists were inspired to write about her evil ruthlessness and beauty Yet Olive s real life and identity remained a mystery to many To the Kokang people whom the Yang family once ruled Olive was both folk hero and villain To the communists Olive s men harassed she was the saboteur of the historic Sino Burmese border agreement To the generals who jailed her at the dawn of the Burmese military era she was a national security threat And to at least one man at the CIA she was Miss Hairy Legs Opium Queen is a journey to uncover the true story behind the propaganda and legends Declassified intelligence documents portray Olive as a critical operator in one of the most important fronts of the clandestine Cold War against China Through extensive interviews with the Yang family Olive emerges as a complex anti hero searching for a way to live as an open homosexual in an era when such a lifestyle was considered deeply shameful in Burma The great military alliances that facilitate narcotics traffic in Myanmar today are Olive s lasting legacy in the Golden Triangle as is the disenfranchisement of the people of Kokang Through the story of Olive s formidable life Opium Queen examines historic events that underpinned critical diplomatic relationships between the U S Myanmar and China and were at the root of Myanmar s current political crisis

Learning to Give as Part of Religious Education attempts to answer the question what is actually to go on in a lesson about life or reality It takes as its starting point a sure ground of adolescent concern the compassion for human suffering which is normally awakened and keenly felt in the middle teens It then proceeds to inform this compassion it explores the depth and shape of the need it amasses the facts of the situation it illustrates the human meaning of it with quotation from biography and poetry and personal documents it describes the efforts made in active compassion to relieve the need and it makes suggestions of ways in which the young can share in the work of relief Finally it marches on to biblical and other statements about the human situation that set these specific agonizing points of suffering against the vast problem of evil viewed in the light of a belief in a God who cares thus lifting the human adventure from its sublunar situation on to a cosmic level
