**How Capitalism Destroyed Itself** William Kingston,2017-03-31 Capitalism has been sustained by inherited moral values that are now all but exhausted A unique combination of a new belief in individualism and a long tradition of property rights had traditionally ensured that self interested action also produced public benefit However these rights including the laws

underwriting economic and financial innovation and parliamentary democracy were gradually captured and shaped by those who could benefit most from them This fascinating book shows that the outcome is a reduced ability to generate real wealth combined with exceptional inequality as well as a worldwide breach of the vital trust between voters and their representatives Capitalism s injuries are both self inflicted and fatal **Anthony Fokker** Marc Dierikx,2018-04-03
