## **Sweet Pea At War A History Of Uss Portland:**

Sweet Pea at War William Thomas Generous Jr.,2010-09-12 Few ships in American history have had as illustrious a history as the heavy cruiser USS Portland CA 33 affectionately known by her crew as Sweet Pea With the destruction of most of the U S battleship fleet at Pearl Harbor cruisers such as Sweet Pea carried the biggest guns the Navy possessed for nearly a year after the start of World War II Sweet Pea at War describes in harrowing detail how Portland and her sisters protected the precious carriers and held the line against overwhelming Japanese naval strength Portland was instrumental in the dramatic American victories at the Battle of the Coral Sea the Battle of Midway and the naval battle of Guadalcanal conflicts that historians regard as turning points in the Pacific war She rescued nearly three thousand sailors from sunken ships some of them while she herself was badly damaged Only a colossal hurricane ended her career but she sailed home from that too Based on extensive research in official documents and interviews with members of the ship s crew Sweet Pea at War recounts from launching to scrapping the history of USS Portland demonstrating that she deserves to be remembered as one of the most important ships in U S naval history

**Sweet Pea at War** William Thomas Generous,2005-06-01 This WWII naval history chronicles the prolific combat career of one of the most important US ships to fight in the Pacific War Few ships in American history have had as illustrious a history as the heavy cruiser USS Portland CA 33 affectionately known by her crew as Sweet Pea With the destruction of most of the US battleship fleet at Pearl Harbor cruisers such as Sweet Pea carried the biggest guns the Navy possessed for nearly a year after the start of World War II Sweet Pea at War describes in harrowing detail how Portland and her sisters protected the precious carriers and held the line against overwhelming Japanese naval strength Portland was instrumental in the American victories at the Battle of the Coral Sea the Battle of Midway and the naval battle of Guadalcanal conflicts that historians regard as turning points in the Pacific war She rescued nearly three thousand sailors from sunken ships some of them while she herself was badly damaged Only a colossal hurricane ended her career but she sailed home from that too Based on extensive research and interviews with members of the ship s crew Sweet Pea at War recounts from launching to scrapping the history of USS Portland demonstrating that she deserves to be remembered as one of the most important ships in US naval history

**David McCampbell** David Lee Russell,2019-06-12 David McCampbell was the leader of the most successful naval air group in combat in World War II An unequalled naval aviator McCampbell shot down a total of 34 Japanese aircraft across numerous battles Eventually awarded the Medal of Honor he first served in the Atlantic as a carrier Landing Safety Officer then as an air group leader in the Pacific theater McCampbell s 31 year career reveals an astounding diversity of leadership roles and service assignments McCampbell commanded ships training centers and aircraft squadrons and held a variety of Navy and Defense Department senior staff positions

Rear Admiral Herbert V. Wiley Ernest Marshall,2018-09-25 This book is simultaneously a biography of Admiral Herbert Victor Wiley and a history of the U S Navy s lighter than air program As tensions rose between Japan and

the U S over control of East Asia and the Pacific Ocean the prospects of war between the two nations increased The Navy tracked the Germans use of zeppelins during the First World War and saw in them an aircraft with the potential to conduct long range reconnaissance over the oceans something that could not be achieved by airplanes or surface ships While rapid progress was being made in manned flight it was still young enough that the future of LTA vs HTA flight was unknown At the time however airships had a much greater range than airplanes making them suitable for reconnaissance In its history the Navy had four great airships the U S S Shenandoah the U S S Los Angeles the U S S Akron and the U S S Macon Wiley served on all four of these airships and the history of these vessels is covered through the career of Wiley Three of the airships ended in disaster and Wiley survived the crash of two of them The book explores in detail the events leading to the crash of each airship through examination of the records of the Navy s Courts of Inquiry that investigated the cause of each crash The book also tracks issues surrounding the use of non flammable helium as a lifting gas instead of highly explosive hydrogen used by the Germans The U S had a monopoly on the supply of helium While Germany sought to purchase helium from the U S the government board governing the sale of helium blocked its availability to Germany on the basis it might be used for wartime purposes Dr Hugo Eckener had run the Zeppelin works in Friedrichshaven since the end of WWI and he had a vision for LTA flight that was peaceful including international transoceanic passenger and freight services The outbreak of WW II ended the zeppeling industry and dashed all of Eckener s dreams Following the crash of the Macon Wiley returned to the surface fleet eventually becoming Commander of Destroyer Squadron 29 in the Asiatic Fleet shortly before the bombing of Pearl Harbor

**Morning Star, Midnight Sun** Jeffrey Cox, 2018-02-22 Following the disastrous Java Sea campaign the Allies stopped the Japanese advance at Coral Sea and Midway But the Japanese still threatened to build a network of bases in the South Pacific and threatened to cut off Australia In response Allies made a desperate move by starting their first offensive of the Pacific War Their first target a new Japanese airfield in a relatively unknown place in the Solomon Islands called Guadalcanal Hamstrung by obsolete pre war thinking and a bureaucratic mind set the US Navy had to adapt on the fly in order to compete with the mighty Imperial Japanese Navy Starting with the amphibious assaults on Guadalcanal and Tulagi and continuing with the worst defeat in US Navy history the campaign quickly turned into a see saw struggle where the evenly matched foes struggled to gain the upper hand and grind out a victory Following on from his hugely successful book *Rising Sun Falling Skies* Jeffrey R Cox tells the gripping story of the first Allied offensive of the Pacific War as they sought to regain dominance in the Pacific

**Blazing Star, Setting Sun** Jeffrey Cox, 2020-06-25 From popular Pacific Theatre expert Jeffrey R Cox comes this insightful new history of the critical Guadalcanal and Solomons campaign at the height of World War II Cox s previous book *Morning Star Rising Sun* had found the US Navy at its absolute nadir and the fate of the Enterprise the last operational US aircraft carrier at this point in the war unknown This second volume completes the history of this crucial campaign combining detailed research with a novelist s flair for the dramatic to reveal exactly how

despite missteps and misfortunes the tide of war finally turned By the end of February 1944 thanks to hard fought and costly American victories in the first and second naval battles of Guadalcanal the battle of Empress Augusta Bay and the battle of Cape St George the Japanese would no longer hold the materiel or skilled manpower advantage From this point on although the war was still a long way from being won the American star was unquestionably on the ascendant slowly but surely edging Japanese imperialism towards its sunset Jeffrey Cox s analysis and attention to detail of even the smallest events are second to none But what truly sets this book apart is how he combines this microscopic attention to detail often unearthing new facts along the way with an engaging style that transports the reader to the heart of the story bringing the events on the deep blue of the Pacific vividly to life      *Rear Admiral Herbert V. Wiley* Ernest Marshall,2018-09-25 This book is simultaneously a biography of Admiral Herbert Victor Wiley and a history of the U S Navy s lighter than air program As tensions rose between Japan and the U S over control of East Asia and the Pacific Ocean the prospects of war between the two nations increased The Navy tracked the Germans use of zeppelins during the First World War and saw in them an aircraft with the potential to conduct long range reconnaissance over the oceans something that could not be achieved by airplanes or surface ships While rapid progress was being made in manned flight it was still young enough that the future of LTA vs HTA flight was unknown At the time however airships had a much greater range than airplanes making them suitable for reconnaissance In its history the Navy had four great airships the U S S Shenandoah the U S S Los Angeles the U S S Akron and the U S S Macon Wiley served on all four of these airships and the history of these vessels is covered through the career of Wiley Three of the airships ended in disaster and Wiley survived the crash of two of them The book explores in detail the events leading to the crash of each airship through examination of the records of the Navy s Courts of Inquiry that investigated the cause of each crash The book also tracks issues surrounding the use of non flammable helium as a lifting gas instead of highly explosive hydrogen used by the Germans The U S had a monopoly on the supply of helium While Germany sought to purchase helium from the U S the government board governing the sale of helium blocked its availability to Germany on the basis it might be used for wartime purposes Dr Hugo Eckener had run the Zeppelin works in Friedrichshaven since the end of WWI and he had a vision for LTA flight that was peaceful including international transoceanic passenger and freight services The outbreak of WW II ended the zeppeling industry and dashed all of Eckener s dreams Following the crash of the Macon Wiley returned to the surface fleet eventually becoming Commander of Destroyer Squadron 29 in the Asiatic Fleet shortly before the bombing of Pearl Harbor      Neptune's Inferno James D. Hornfischer,2011-01-25 A literary tour de force that is destined to become one of the definitive works about the battle for Guadalcanal James D Hornfischer deftly captures the essence of the most pivotal naval campaign of the Pacific war San Antonio Express News The Battle of Guadalcanal has long been heralded as a Marine victory Now with his powerful portrait of the Navy s sacrifice James D Hornfischer tells for the first time the full story of the men who fought in destroyers cruisers and battleships in the narrow deadly waters of Ironbottom Sound Here in

stunning cinematic detail are the seven major naval actions that began in August 1942 a time when the war seemed unwinnable and America fought on a shoestring with the outcome always in doubt Working from new interviews with survivors unpublished eyewitness accounts and newly available documents Hornfischer paints a vivid picture of the officers and enlisted men who opposed the Japanese in America s hour of need The first major work on this subject in almost two decades Neptune s Inferno does what all great battle narratives do It tells the gripping human stories behind the momentous events and critical decisions that altered the course of history and shaped so many lives Praise for Neptune s Inferno Vivid and engaging extremely readable comprehensive and thoroughly researched Ronald Spector The Wall Street Journal Superlative storytelling the masterwork on the long neglected topic of World War II s surface ship combat Richard B Frank World War II The author s two previous World War II books thrust him into the major leagues of American military history writers Neptune s Inferno is solid proof he deserves to be there The Dallas Morning News Outstanding The author s narrative gifts and excellent choice of detail give an almost Homeric quality to the men who met on the sea in steel titans Booklist starred review Brilliant a compelling narrative of naval combat simply superb The Washington Times

**Racing the Sunrise** Glen M Williford, 2010-10-15 Glen Williford lends new insight to the reasons for America s relatively quick comeback from the attack on Pearl Harbor For the first time he tells the complete story of American efforts to build and reinforce its Pacific garrisons in the Philippines and Hawaii during the six months prior to the war and to supply Bataan and Corregidor in early 1942 One effort involved a carefully organized convoy and air ferry routes that were reaching their heights in December 1941 The author fully describes the reinforcement efforts in the context of both the existing military strategies and the realities and physical limits of America s defense capabilities at the time It concludes with an examination of the transition from the desperate defensive efforts to protect lines of communication to Australia and build a major base there to using these assets to resume the offensive

**Landing in Hell** Peter Margaritis, 2020-01-10 A detailed history and analysis of the most controversial amphibious operation in the Pacific during WWII the Battle for Peleliu On September 15 1944 the United States invaded the tiny Pacific island of Peleliu located at the southern end of the Palau Islands Boasting a large airfield from which the Americans could mount bomber campaigns Peleliu was a strategically essential part of Gen MacArthur s long awaited liberation of the Philippines With the famed 1st Marine Division making the amphibious assault Pacific High Command was confident that victory would be theirs in just a few days They were drastically wrong A mere week after landing having sustained terrific losses in fierce combat the 1st Marine Regiment was withdrawn The entire division would be out of action for six months after sustaining the highest unit losses in Marine Corps history This book analyzes the many things that went wrong in the Battle for Peleliu and in doing so corrects several earlier accounts of the campaign It includes a comprehensive account of the presidential summit that determined the operation details of how new weapons were deployed a new enemy strategy and command failure in what became the most controversial amphibious

operation in the Pacific during WWII      **Deciphering the Rising Sun** Roger Dingman, 2009-07-01 This book is about Americans not of Japanese ancestry who served as Japanese language officers in World War II. Covering the period 1940-1945, it describes their selection, training, and service in the Navy and Marine Corps during the war and their contributions to maintenance of good relations between America and Japan thereafter. It argues that their service as code breakers and combat interpreters hastened victory and that their cross-cultural experience and linguistic knowledge facilitated the successful dismantling of the Japanese Empire and the peaceful occupation of Japan. The book shows how the war changed relations between the Navy and academia, transformed the lives of these 1200 men and women, and set onetime enemies on course to enduring friendship. Its purpose is twofold: to reveal an exciting and hitherto unknown aspect of the Pacific War and to demonstrate the enduring importance of linguistic and cross-cultural knowledge within America's armed forces in war and peace alike. The book is meant for the general reader interested in World War II as well as academic specialists and other persons particularly interested in that conflict. It will also appeal to readers with an interest in America's intelligence establishment and to those interested in Japan and its relations with the United States. This history tells an exciting and previously unknown story of men and women whose brains and devotion to duty enabled them to learn an extraordinarily difficult language and use it in combat and ashore to hasten Japan's defeat and transformation from enemy to friend of America.

The Queen Josh Levin, 2019-05-21 Winner of the National Book Critics Circle Award in Biography. In this critically acclaimed true crime tale of welfare queen Linda Taylor, a Slate editor reveals a wild only-in-America story of political manipulation and murder. Attica Locke, Edgar Award-winning author of *On the South Side* of Chicago, reports in 1974 that Linda Taylor reported a phony burglary, concocting a lie about stolen furs and jewelry. The detective who checked it out soon discovered she was a welfare cheat who drove a Cadillac to collect ill-gotten government checks. And that was just the beginning. Taylor, it turned out, was also a kidnapper and possibly a murderer. A desperately ill teacher, a combat-traumatized Marine, an elderly woman hungry for companionship: after Taylor came into their lives, all three ended up dead under suspicious circumstances. But nobody—not the journalists who touted her story, not the police, and not presidential candidate Ronald Reagan—seemed to care about anything but her welfare thievery. Growing up in the Jim Crow South, Taylor was made an outcast because of the color of her skin. As she rose to infamy, the press and politicians manipulated her image to demonize poor black women. Part social history, part true crime investigation, Josh Levin's mesmerizing book, the product of six years of reporting and research, is a fascinating account of American racism and an exposé of the welfare queen myth, one that fueled political debates that reverberate to this day. *The Queen* tells for the first time the fascinating story of what was done to Linda Taylor, what she did to others, and what was done in her name. In the finest tradition of investigative reporting, Josh Levin exposes how a story that once shaped the nation's conscience was clouded by racism and lies. As he stunningly reveals in this invaluable work of nonfiction, the deeper truth the messy truth tells us something much larger about who we are. David Grann

1 New York Times bestselling author of *Killers of the Flower Moon*      *An Interruption That Lasted a Lifetime* Earl Bruce Heilman, 2008 For millions of Americans the experiences they had serving in World War II changed their lives forever For author E Bruce Heilman military service played a pivotal role in launching a distinguished career in higher education administration In his new memoir *An Interruption That Lasted a Lifetime My First Eighty Years* he describes his Kentucky childhood his eye opening years as a Marine and the challenges and rewards of serving as a successful university administrator      **Endeavors** ,2003      **The Journal of Military History** ,2005      *The Journal of Southern History* Wendell Holmes Stephenson, 2005 Includes section Book reviews      Historically Speaking Historical Society (Boston, Mass.), 2004

The U.S. Navy Against the Axis Vincent P. O'Hara, 2007 O Hara refutes the widely held notion that the attack on Pearl Harbor rendered surface warfare obsolete He offers readers details of U S naval actions barely mentioned in other histories to demonstrate how U S battleships cruisers and destroyers played a decisive role at critical junctures in the war and made significant contributions to the Allied victory He also documents the performance of weapon systems shows how doctrine developed and examines the role played by new technologies Numerous maps tables and charts enhance the text BOOK

### **Sweet Pea At War A History Of Uss Portland Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Sweet Pea At War A History Of Uss Portland has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Sweet Pea At War A History Of Uss Portland has opened up a world of possibilities. Downloading Sweet Pea At War A History Of Uss Portland provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Sweet Pea At War A History Of Uss Portland has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Sweet Pea At War A History Of Uss Portland. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Sweet Pea At War A History Of Uss Portland. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Sweet Pea At War A History Of Uss Portland, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Sweet Pea At War A History Of Uss Portland has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so,

individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Sweet Pea At War A History Of Uss Portland Books**

1. Where can I buy Sweet Pea At War A History Of Uss Portland books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Sweet Pea At War A History Of Uss Portland book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
