Swimming In The Starry River:

Swimming in the Starry River Reid, 1995-12-01 Swimming in the Starry River Carey P. Reid, 1994 Swimming in the Starry River is a moving first novel with an astonishing emotional impact It is the story of one man's love for his daughter Stella who suffers from a rare and life threatening disease When the novel opens Jim is contentedly working for the government while his wife Marsha stays home to care for Stella But Marsha is growing restless at having to interrupt her career and Jim agrees to keep his earlier promise to trade off with her and quit his job During a chance visit to Stella's school he witnesses a shocking scene that reminds him of his own troubled childhood He determines to teach Stella himself at home Thus begins the daunting but also wonderful task of taking daily care of his daughter Jim is increasingly amazed at how enriched his new life with Stella has become her capacity to absorb ideas is equaled by courage far beyond her years Often to distract her from painful questions about the nature of her illness Jim takes her for long nightly walks and discusses with Stella the various myths associated with the constellations stories that include the genuine sadnesses of life rather than only its happily ever afters Yet in the midst of increasingly rewarding progress both intellectual and physical Jim and Marsha face frightening and heartbreaking choices about Stella's future How these two people make the decisions that will alter their daughter's and their fates and the enormity of their choices makes this beautifully written and poignant novel one that readers will never forget Swimming in the Starry River Paul Carey Reid, 1994 During a chance visit to Stella's school he witnesses a shocking scene that reminds him of his own troubled childhood He determines to teach Stella himself at home Thus begins the daunting but also wonderful task of taking daily care of his daughter *Home Schooling* Frederick M. Lawrence, 2007 From left to right on the political spectrum there is at least one note of agreement the nation's school system has not delivered universal quality education Accordingly debate has raged over how to rectify this situation Should the government increase funding encourage privatisation some of both Another option though has emerged and is seemingly gaining popularity home schooling Citing both substandard education and displeasure with school environments and curricula many parents have decided to teach their own children Supporters say it is well within their rights to raise their children as they see fit and that at home learning is superior to the public system Detractors claim that home schooled children are deprived of social interaction and the broad based education provided by the system Neither side wants to cede ground making the issue of home schooling an integral part of a wider national debate on education In this book the specific topic of home schooling is presented from all relevant sides to give a complete picture of the present status of the issue and its potential for future resolution Following this overview is a thorough and carefully selected bibliography of literature about home schooling from all viewpoints Easy access to this important resource is then provided via author title and subject indexes **Milo and the Moonlight Monsters** Michael Burns, 2025-03-04 Milo and the Moonlight Monsters is a heartwarming children's story about overcoming fear and discovering the beauty of the unknown Milo a young boy is afraid

of the dark and the mysterious shadows outside his window One night he bravely ventures out and meets Luma a glowing Moonlight Moth who introduces him to the magical world of the night Along the way Milo befriends enchanting creatures like Hoot the wise owl Sly the shimmering snake and Willow the gentle tree spirit Through their playful adventures Milo learns that the darkness is not scary but filled with wonder Guided by an echoing howl Milo meets the majestic Moon Wolf the guardian of the night who helps him realize that courage comes from exploring the unknown Before returning home Milo experiences the breathtaking Firefly Festival where thousands of tiny lights dance in the air wrapping him in their magic As he makes his way back to bed Milo no longer fears the night Instead he embraces it knowing that its magic will always be there waiting for him He drifts off to sleep dreaming of his newfound friends and the wonders of the moonlit world The story beautifully weaves themes of facing fears friendship and the magic of discovery encouraging children to see the night as a place of beauty rather than fear

Goodbye to a River John Graves,2010-11-10 In the 1950s a series of dams was proposed along the Brazos River in north central Texas For John Graves this project meant that if the stream s regimen was thus changed the beautiful and sometimes brutal surrounding countryside would also change as would the lives of the people whose rugged ancestors had eked out an existence there Graves therefore decided to visit that stretch of the river which he had known intimately as a youth Goodbye to a River is his account of that farewell canoe voyage As he braves rapids and fatigue and the fickle autumn weather he muses upon old blood feuds of the region and violent skirmishes with native tribes and retells wild stories of courage and cowardice and deceit that shaped both the river s people and the land during frontier times and later Nearly half a century after its initial publication Goodbye to a River is a true American classic a vivid narrative about an exciting journey and a powerful tribute to a vanishing way of life and its ever changing natural environment
