*A.C. Swinburne and the Singing Word* Yisrael Levin, 2016-03-16 Focusing on Algernon Charles Swinburne's later writings this collection makes a case for the seriousness and significance of the writer's mature work While Swinburne's scandalous early poetry has received considerable critical attention the thoughtful rich spiritually and politically informed poetry that began to emerge in his thirties has been generally neglected This volume addresses the need for a fuller understanding of Swinburne's career that includes his fiction aesthetic ideology and analyses of Shakespeare and the great French writers Among the key features of the collection is the contextualizing of Swinburne's work in new contexts such as Victorian mythography continental aestheticism positivism and empiricism Individual essays examine among other topics the dialect poems and Swinburne's position as a regional poet Swinburne as a transition figure from nineteenth century aesthetic writing to the professionalized criticism that dominates the twentieth century Swinburne's participation in the French literary scene Swinburne's friendships with women writers and the selections made for anthologies from the nineteenth century to the present Taken together the essays offer scholars a richer portrait of Swinburne's importance as a poet critic and fiction writer

**Swinburne: Everyman's Poetry** Algernon Charles Swinburne, 2012-04-26 The last of the Romantics Swinburne's poems took the public by storm intoxicated by their rhythms and shocked by his lack of restraint

**Victorian Soul-Talk** Julia F. Saville, 2017-05-19 This book explores the decades between the Reform Acts of 1832 and 1884 when British poets such as Elizabeth Barrett Browning Arthur Hugh Clough Robert Browning and Algernon Charles Swinburne along with their transatlantic contemporary Walt Whitman defended the civil rights of disenfranchised souls as Western nations slowly evolved toward modern democracies with shared transnational connections For in the decades before the new science of psychology transformed the soul into the psyche poets claimed the spiritual well being of the body politic as their special moral responsibility Exploiting the rich aesthetic potential of language they created poetry with striking sensory appeal to make their readers experience the complex effects of political decisions on public spirit Within contexts such as Risorgimento Italy Civil War America and Second Empire France these poets spoke from their souls to the souls of their readers to reveal insights that eluded the prosaic forms of fiction essay and journalism

*Unbinding Medea* Heike Bartel, 2017-07-05 Medea simply to mention her name conjures up echoes and cross connections from Antiquity to the present The vengeful wife the murderess of her own children the frail suicidal heroine the archetypal Bad Mother the smitten maiden the barbarian the sorceress the abused victim the case study for a pathology For more than two thousand years she has arrested the eye in paintings reverberated in opera called to us from the stage She demands the most interdisciplinary of study from ancient art to contemporary law and medicine she is no more to be bound by any single field of study than by any single take on her character The contributors to this wide ranging volume are Brian Arkins Angela J Burns Anthony Bushell Richard Buxton Peter A Campbell Margherita Carucci Daniela Cavallaro Robert Cowan Hilary Emmett Edith Hall Laurence D

Hurst Ekaterini Kepetzi Ivar Kvistad Catherine Legu Yixu Lue Edward Phillips Elizabeth Prettejohn Paula Straile Costa John Thorburn Isabelle Torrance Terence Stephenson and Amy Wygant     Purpose in the Universe Tim Mulgan, 2015 Two familiar worldviews dominate Western philosophy materialist atheism and the benevolent God of the Abrahamic faiths Tim Mulgan defends a third way Ananthropocentric Purposivism claims that there is a cosmic purpose but human beings are irrelevant to it He argues that non human centred cosmic purpose can ground a distinctive human morality     Jewish Preaching in Times of War, 1800 - 2001 Marc Saperstein, 2012-08-31 Wartime sermons offer a window on to how Jews perceive themselves in relation to the majority society and how Jewish and national values are reconciled when the fate of a nation is at stake They also reveal a great deal about how rabbis guide their communities through the challenges of their times The sermons reproduced here were delivered by rabbis from across the Jewish spectrum and each is accompanied by a comprehensive introduction and detailed notes     *Stylistic Virtue and Victorian Fiction* Matthew Sussman, 2021-07-01 What is style and why does it matter This book answers these questions by recovering the concept of stylistic virtue once foundational to rhetoric and aesthetics but largely forgotten today Stylistic virtues like ease and grace are distinguishing properties that help realize a text's essential character First described by Aristotle they were integral to the development of formalist methods and modern literary criticism The first half of the book excavates the theory of stylistic virtue during its period of greatest ascendancy in the late eighteenth and nineteenth centuries when belletristic rhetoric shaped how the art of literary style and the aesthetic were understood The second half offers new readings of Thackeray Trollope and Meredith to show how stylistic virtue changes our understanding of style in the novel and challenges conventional approaches to interpreting the ethics of art     The Victorian Poet (Routledge Revivals) Joseph Bristow, 2014-03-18 The practice of poetry in the Victorian period was characterised by an extreme diversity of styles preoccupations and subject matter This anthology attempts to draw out some of the main focuses of interest in the Victorian poet No Victorian poet produced an overall theory of poetry yet all accepted it as a natural vehicle of expression and for some subjects in particular sexuality the only literary mode Indeed the sexual question was made even more acute by the sudden phenomenon of the poetess and the relation of poetry to gender raised interesting new critical questions At the same time the cultural role of the poet came under increasing debate Victorian poetry was the first contemporary poetry to be studied This selection of central texts illustrates these pressures on the Victorian practice of poetry and the introductory remarks suggest ways in which theory can be related to the understanding key poems themselves     **The Electrical Review** ,1896     **Host Bibliographic Record for Boundwith Item Barcode 30112114734418 and Others** ,1909     **The Pre-Raphaelites and Their Circle** Cecil Y. Lang, 2014-05-16 This useful volume presents the major works of the five leading Pre Raphaelite poets Foremost in the collection and included in their entirety are D G Rossetti's The House of Life C G Rossetti's Monna Innominata William Morris's Defence of Guenevere Swinburne's Atalanta in Calydon and Meredith's Modern Love Complementing these major

poems is a fine generous selection of the poets shorter pieces that are typical of their work as a whole For this second edition Cecil Lang has substituted two early Swinburne poems The Leper and Anactoria for Fitzgerald s The Rub iy t of Omar Khayy m These poems which the editor describes as shocking show a new aspect of Swinburne not discussed previously Lang s Introduction describes briefly the founding of the Pre Raphaelite Brotherhood discusses each of the Pre Raphaelite poets both individually and in relation to the others and grapples with the questions of definition of Pre Raphaelitism and the similarities between its painting and poetry The book is appropriately illustrated with thirty two works by D G Rossetti John Ruskin William H Hunt and other Pre Raphaelite artists This is the only anthology available that provides a representative selection of the work of these important poets It will be indispensable to students of Victorian poetry and appreciated by readers interested in the Pre Raphaelites

**Belief, Change and Forms of Life** D. Z. Phillips,1986-06-18 Lord Alfred Tennyson John D. Jump,2013-10-31 The Critical Heritage gathers together a large body of critical sources on major figures in literature Each volume presents contemporary responses to a writer s work enabling student and researcher to read the material themselves

**Influence and Resistance in Nineteenth-Century English Poetry** G. Kim Blank,Margot K. Louis,1994-01-12 To what extent is the distinction between Romantic and Victorian valuable or just Is the Romantic Victorian demarcation merely a convenience for the sake of the curriculum How is the quarrel among different strains of Romanticism continued and developed in the Victorian period How do Victorian texts interact with echo or resist Romantic texts In what ways did the Romantic poets establish the terms within which or against which Victorian poets were debating This volume of original essays addresses these questions it also demonstrates how well the Romantics thought and with what ferocious diligence the Victorians explored resisted and reworked the Romantic vision

*Metaphysics and the Tri-Personal God* William Hasker,2013-08 William Hasker reviews the evidence concerning fourth century pro Nicene trinitarianism in the light of recent developments in the scholarship on this period arguing for particular interpretations of crucial concepts He then reviews and criticises recent work on the issue of the divine three in oneness including systematic theologians such as Barth Rahner Moltmann and Zizioulas and analytic philosophers of religion such as Leftow van Inwagen Craig and Swinburne

*Outlooks* Peter Horne,Reina Lewis,2002-09-09 Outlook explores the relationship of lesbian and gay sexualities to visual representation It reflects the richness of lesbian and gay ways of producing and reading visual cultures at the same time as it tackles such burning issues as the advantage of adopting a queer perspective on past art the responses of lesbian and gay artists to the AIDS crisis and society s attempts to censor homosexual art This volume provides a space for lesbian and gay artists to exhibit their work and discuss its relationship to sexuality It allows for a wide ranging theoretical and historical discussion of the place of lesbian and gay men within visual cultures and shows how much has been missed by a heterosexual approach to art history and the study of culture Richly illustrated this book includes statements by contemporary lesbian and gay artists photographers and performers as well as articles by art historians cultural theorists and lesbians and gay activists

**Victorian Sappho** Yopie Prins, 2020-12-08 What is Sappho except a name Although the Greek archaic lyrics attributed to Sappho of Lesbos survive only in fragments she has been invoked for many centuries as the original woman poet singing at the origins of a Western lyric tradition Victorian Sappho traces the emergence of this idealized feminine figure through reconstructions of the Sapphic fragments in late nineteenth century England Yopie Prins argues that the Victorian period is a critical turning point in the history of Sappho's reception what we now call Sappho is in many ways an artifact of Victorian poetics Prins reads the Sapphic fragments in Greek alongside various English translations and imitations considering a wide range of Victorian poets male and female famous and forgotten who signed their poetry in the name of Sappho By declining the name in each chapter the book presents a theoretical argument about the Sapphic signature as well as a historical account of its implications in Victorian England Prins explores the relations between classical philology and Victorian poetics the tropes of lesbian writing the aesthetics of meter and nineteenth century personifications of the Poetess as current scholarship on Sappho and her afterlife Offering a history and theory of lyric as a gendered literary form the book is an exciting and original contribution to Victorian studies classical studies comparative literature and women's studies

Beyond Arthurian Romances J. Palmgren, L. Holloway, 2005-06-03 Leaving the traditional focus on Arthurian romance and Gothic tales the essays in this collection address how the Victorians looked back to the Middle Ages to create a sense of authority for their own ideas in areas such as art religion gender expectations and social services This book will interest specialists in the Victorian period from various fields and will also be a welcome addition to any library serving substantial humanities divisions Because of the interdisciplinary nature of the essays this collection would be useful in a wide range of humanities classes beyond the traditional literature class

**Nineteenth-century Literature Criticism** Laurie Lanzen Harris, 1981 Excerpts from criticism of the works of novelists poets playwrights short story writers and other creative writers who lived between 1800 and 1900 from the first published critical appraisals to current evaluations

*The Many Faces of Evil (Revised and Expanded Edition)* John S. Feinberg, 2004-05-06 In this examination of the questions posed by the problem of evil John Feinberg addresses the intellectual and theological framework of theodicy Beginning with a discussion of the logical problem of evil he interacts with leading thinkers who have previously written on these themes
