Thomas, Catherine Barr, 2009 Indexes popular fiction series for K-6 readers with groupings based on thematic consistant setting or consistant characters Annotated entries are arranged alphabetically by series name and include author publisher date grade level genre and a list of individual titles in the series Volume is indexed by author title and subject genre and includes appendixes suggesting books for boys girls and reluctant ESL readers      *The Adventures of Manfred and Anton* Istvan Tóti, 2020-12-09 A breathtaking adventure for children and parents The Adventures of Manfred and Anton is not a story Nor is it a children's novel It is somewhere between the two and it would be more precise to say that it belongs in a new category a genre that holds children aged 6 to 10 in its grips while conspicuously nurturing their value system their respect for their parents their capacity to form interpersonal relationships and their desire to discover the wonders of the natural world Almost inexplicably it also enhances their self respect creativity powers of imagination self confidence courage and resilience Having said all this we've by no means said it all This is a one of a kind book Try not to think of it as just a story Oh it's much more Wild adventures thrills and lessons await The main characters are kids like you What happens to them could just as easily happen to you What they learn is worth remembering because it will come in handy Let's find out what wild beasts Manfred and Anton had to fend off how the Big Race ended what the dark cellar was hiding how Laura welcomed a little newcomer what the secret gift was and a whole lot more Let's get to know Manfred and Anton's adventure filled lives It doesn't matter whether parents read it to their children or schoolchildren read it to themselves The Adventures of Manfred and Anton is an entertaining enthralling read whether read by a child or read to a child as a bedtime story It is recommended for kids from five and six to twelve While some scenes in each chapter are accompanied by striking one of a kind illustrations the focus is not so much on wowing readers with images but rather on stirring their imaginations With a richly detailed narrative that truly brings the setting and the stories to life the book would stand on its own even without the illustrations In contrast to the simple turns of phrase we're used to encountering in books for children The Adventures of Manfred and Anton unfolds in language that not only ensures an arresting style but also enhances children's vocabularies and their powers of expression The Adventures of Manfred and Anton is much more than a simple children's book It doesn't merely entertain but can also help kids to Develop their vocabularies imaginations and powers of empathy Conquer their fears and inhibitions Reinforce their perseverance willpower and desire to prevail leaving them more motivated Enhance their social relationships with siblings across genders and within groups Bolster their ability to distinguish between appropriate and inappropriate right and wrong in short to restore their moral foundations Strengthen their relationship with their parents to be more obedient show more respect and model their behavior accordingly Any child can readily make the realistic stories of Manfred and Anton their own and with their tense pacing and enthralling storytelling the overarching
