NA,2015-12-25 *Airpower in Literature* Kimberly K. Dougherty,2022-08-08 The first century of airpower has ended yet few critics have addressed the literature that chronicles its human toll *Airpower in Literature* Interrogating the Clean War 1915 2015 offers fresh insight into this airpower century by placing literature of five major wars in conversation with the clean war discourse Kimberly Dougherty examines the paradoxical representation of aerial warfare that has allowed extensive airstrikes on cities and civilians while promising a cleaner method of waging war First suggested by early military theorists the notion of a clean air war one that would save lives through its speed and precision proved seductive in the twentieth century and continues to shape the rhetoric of airpower today The air war is perceived as clean the author argues when we see neither the aviator nor the targeted populations in the bombing dynamic Through analysis of fiction poetry drama and journalism from the ruins of World War I to the technologies of post modern war the author identifies counternarratives that make visible both aviators and bombed societies and present aerial warfare that is not clean but messy prolonged and imprecise This exploration encourages readers and writers to approach the next century of airpower with greater wisdom and empathy **Roald Dahl** Damian Walford Davies,2016-08-15 Published to mark the centenary of Roald Dahl s Welsh birth Roald Dahl Wales of the Unexpected breaks new ground by revealing the place of Wales in the imagination of the writer known as the world s number one storyteller Exploring the complex conditioning presence of Wales in his life and work the essays in this collection dramatically defamiliarise Dahl and in the process render him uncanny Importantly Dahl is encountered whole his books for children and his fiction for adults are read as mutually invigorating bodies of work both of which evidence the ways in which Wales and the author s Anglo Welsh orientation demand articulation throughout the career Recognising the impossibility of constructing a monolithic Welsh Dahl the contributors explore the compound and nuanced

ways in which Wales signifies across the oeuvre Roald Dahl Wales of the Unexpected takes Dahl studies into new territory in terms of both subject and method showing the new horizons that open up when Dahl is read through a Welsh lens Locating Dahl in illuminating new textual networks resourcefully offering fresh angles of entry into classic Dahl texts rehabilitating neglected Dahl texts and analysing the layered genesis of seemingly familiar works by excavating the manuscripts this innovative volume brings Dahl home in order to render him invigoratingly unhomely The result is not a parochialisation of Dahl but rather a new internationalisation

**Fear of Aging** João Paulo Guimarães, 2025-02-27 In the genre of horror elderly people are often used as a trope to evoke both a fear of death and a fear of aging Old age is therefore equated with bodily mental or social decline The contributors of this book investigate what exactly we are afraid of when we posit old age as a source of horror The aim is to harness the thrills and pleasures of horror to think about how quality of life can be improved in old age and how elderly people can be better integrated in our ever fearful and suspicious societies
