Dancing on the Sword's Edge Hitti Tinkerman,2025-08-29 Dancing on the Sword s Edge In a galaxy torn by cosmic conflict where humanity wields extraordinary extrasensory powers and roams the stars destinies are forged and shattered in the blink of a lightning sword thrust Amid this chaos young Gawain heir to the majestic planet Camelot finds his world upended when his father is

MacKinnon,2016-10-27 The Utah War of 1857 58 the unprecedented armed confrontation between Mormon Utah Territory and the U S government was the most extensive American military action between the Mexican and Civil wars At Sword s Point presents in two volumes the first in depth narrative and documentary history of that extraordinary conflict William P MacKinnon offers a lively narrative linking firsthand accounts most previously unknown from soldiers and civilians on both sides This first volume traces the war s causes and preliminary events including President Buchanan s decision to replace Brigham Young as governor of Utah and restore federal authority through a large army expedition Also examined are Young s defensive aggressive reactions the onset of armed hostilities and Thomas L Kane s departure at the end of 1857 for his now famous mediating mission to Utah MacKinnon provides a balanced comprehensive account based on a half century of research and a wealth of carefully selected new material Women s voices from both sides enrich this colorful story At Sword s Point presents the Utah War as a sprawling confrontation with regional and international as well as territorial impact As a nonpartisan definitive work it eclipses previous studies of this remarkably bloody turning point in western military and Mormon history Tolkien's Intellectual Landscape E.L. Ridsen,2015-03-07 The work of J R R Tolkien has had a profound effect on contemporary fiction and filmmaking Often disparaged by critics Tolkien s fiction created a market for the fantasy trilogy and his academic work represents an innovative contribution to the field of philology In the 20th century his fiction bridged the gap between learned and popular readerships Today the fantasy genre continues to grow even as publishers cut back on creative fiction moving energetically into film gaming and online fan fiction This book describes how Tolkien s imaginative landscape continues to entertain and inspire drawing new generations to Middle earth Stop, Thief! Peter Linebaugh,2014-03-01 In this majestic tour de force celebrated historian Peter Linebaugh takes aim at the thieves of land the polluters of the seas the ravagers of the forests the despoilers of rivers and the removers of mountaintops Scarcely a society

has existed on the face of the earth that has not had commoning at its heart Neither the state nor the market say the planetary commoners These essays kindle the embers of memory to ignite our future commons From Thomas Paine to the Luddites from Karl Marx who concluded his great study of capitalism with the enclosure of commons to the practical dreamer William Morris who made communism into a verb and advocated communizing industry and agriculture to the 20th century communist historian E P Thompson Linebaugh brings to life the vital commonist tradition He traces the red thread from the great revolt of commoners in 1381 to the enclosures of Ireland and the American commons where European immigrants who had been expelled from their commons met the immense commons of the native peoples and the underground African American urban commons Illuminating these struggles in this indispensable collection Linebaugh reignites the ancient cry STOP THIEF

Symbols of the Eternal Doctrine Helen Valborg, 2007 The remarkable essays in this volume were written for the expressed purpose of helping both the newcomer to spiritual thinking as well as the skilled practitioner to see the everyday objects from the wind and ships to deserts and lakes and subjects from dogs and ravens to dolphins and whales surrounding us as concrete embodiments and living symbols of the fundamental spiritual Essence from which everything has evolved These universal symbols are not just accidental mental constructs but are living realities that not only point to spiritual dimensions far beyond themselves but profoundly embody those spiritual realities Learning to see the world around us afresh in the light of its spiritual dimension reorients us to taking up again the age old task of treading

the Path and aids us in activating our higher spiritual capacities which when awakened shed the pristine light of universal Theosophy on the path of spiritual self regeneration in the service of humanity The 28 wide ranging articles in this volume span a wide spectrum of human thought from the Tetraktys to the Cross from the Altar to the Mirror from the Pentagon to the Dodecahedron from the Dog to the Dwarf from the Heart to the Fool indeed from Shamballa to Paradise These essays reveal the fundamental religious philosophical and scientific aspects to the most mundane and most refined realities of our common everyday world Both the serious reflection upon and casual reading of these essays is a joyous expedition through the all too common truncated perceptions we have of our world to a higher level of awareness of the myriad ways in which the life of the universal Spirit is made manifest **Power, Profits, and Patriarchy** William G. Staples, Clifford L.

Staples, 2001 This book tracks changes in the character of industrial organization and labor relations at a British metal trades firm It examines the capacity of both owners and workers to defend their interests in the production process and looks at the political ideological and rhetorical means by which those interests were articulated regulated and promoted By examining the materiality of production with its ideological cultural and political moments this book offers new insight on the nature of work and on social and class relations c Book News Inc Who is to Blame?
