Aging, Duration, and the English Novel Jacob Jewusiak, 2020 Argues that novelists graft aging onto narrative duration and reveals the politics of senescence in nineteenth and early twentieth century plots The Workings of Diaspora Mario Nisbett, 2021-11-04 Engaging the past the present and the future The Workings of Diaspora Jamaican Maroons and the Claims to Sovereignty shows how the lived experience of Jamaican Maroons is linked to the African Diaspora In so doing this interdisciplinary undertaking interrogates the definition of Diaspora but mainly emphasizes the term's use Mario Nisbett demonstrates that an examination of Jamaican Maroon communities particularly their socio political development can further highlight the significance of the African Diaspora as an analytical tool He shows how Jamaican Maroons inform resistance to abjection a denial of full humanity through claiming their African origin and developing solidarity and consciousness in order to affirm black humanity This book establishes that present day Jamaican Maroons remain relevant and engage the African Diaspora to improve black standing and bolster assertions of sovereignty **Narrating Irish Female Development, 1916-2018** Jane Elizabeth Dougherty, 2024-12-31 Narrating Irish Female Development 1916 2018 studies narratives of Irish

female and feminized development arguing that these postmodern narratives present Irish female maturation as disordered and often deliberately disorderly The first full length study of the Irish female coming of age story the book develops a feminist psychoanalytic narratology derived from the belated oedipalization of Joyce s bildungsheld to read these stories This study argues that all Irish maturation stories are shaped by the uneven and belated maturation story of the Irish republic itself which took as its avatar the Irish woman whose citizenship in that republic was unrealized as indeed was her citizenship in an Irish republic of letters Dougherty takes the writing of Irish women as seriously as other critics have taken Joyce s work

Jacques Rivette Douglas Morrey, Alison Smith, 2019-01-31 Jacques Rivette is perhaps the best kept secret of French cinema A founding figure in the New Wave and at the centre of the Cahiers du cin ma team he developed into one of the most unusual and adventurous French directors of the last sixty years yet his work remains little known in comparison with his contemporaries and this study is the first in English to look at the full span of his career Starting with his decisively influential film criticism of the 1950s it moves from the New Wave through the complex experimental films of the 1970s to the challenging playful dramas which ensured his visibility during the following two decades and ends in the present including Rivette s most recent films *Histoire de Marie et Julien* 2003 and *Ne touchez pas la hache* 2007 The book takes a thematic approach offering detailed discussion of key elements of Rivette s film world including games conspiracy and jealousy as well as a study of what Rivette s cinema adds to our understanding of key theoretical concepts in Film Studies such as narrative space and adaptation There are many close analyses of sequences from Rivette s films including *Paris nous appartient* 1961 *Celine et Julie vont en bateau* 1974 and *La Belle Noiseuse* 1991

Remembering Conquest Omar Valerio-Jiménez, 2024-04-10 This book analyzes the ways collective memories of the US Mexico War have shaped Mexican Americans civil rights struggles over several generations As the first Latinx people incorporated into the nation Mexican Americans were offered US citizenship by the Treaty of Guadalupe Hidalgo which ended the war Because the 1790 Naturalization Act declared whites solely eligible for citizenship the treaty pronounced Mexican Americans to be legally white While their incorporation as citizens appeared as progress towards racial justice and the electorate's diversification their second class citizenship demonstrated a retrenchment in racial progress Over several generations civil rights activists summoned conquest memories to link Mexican Americans poverty electoral disenfranchisement low educational attainment and health disparities to structural and institutional inequalities resulting from racial retrenchments Activists also recalled the treaty's citizenship guarantees to push for property rights protection from vigilante attacks and educational reform Omar Valerio Jim nez addresses the politics of memory by exploring how succeeding generations reinforced or modified earlier memories of conquest according to their contemporary social and political contexts The book also examines collective memories in the US and Mexico to illustrate transnational influences on Mexican Americans and to demonstrate how community and national memories can be used strategically to advance political agendas
