

The background of the book cover is a painting. It depicts a landscape with a path or road that curves from the foreground, through a field of green plants, towards a blue body of water in the distance. The style is somewhat abstract and expressive, with visible brushstrokes and a rich color palette of greens, blues, and earthy tones. The path is a light brown or tan color, contrasting with the darker greens of the vegetation. The water is a deep blue, and the sky above is a pale, hazy blue.

Sympathy And Solidarity And Other Essays:

Sympathy and Solidarity Sandra Lee Bartky, 2002-01-21 In a rare full length volume renowned feminist thinker Sandra Lee Bartky brings together eight essays in one volume *Sympathy and Solidarity* A philosophical work accessible to an educated general audience the essays reflect the intersection of the author's eye work and sometimes her politics Two motifs connect the works first all deal with feminist topics and themes second most deal with the reality of oppression especially in the disguised and subtle ways it can be manifested *Feminist Ethics and Social and Political Philosophy: Theorizing the Non-Ideal* Lisa Tessman, 2009-07-30 *Feminist Ethics and Social and Political Philosophy: Theorizing the Non Ideal* is a collection of feminist essays that self consciously develop non idealizing approaches to either ethics or social and political philosophy or both Characterizing feminist ethics and social and political philosophy as marked by a tendency to be non idealizing serves to thematize the volume while still allowing the essays to be diverse enough to constitute a representation of current work in the fields of feminist ethics and social and political philosophy Each of the essays either serves as an instance of work that is rooted in actual non ideal conditions and that as such is able to consider any of the many questions relevant to subordinated people or reflects theoretically on the significance of non idealizing as an approach to feminist ethics or social and political philosophy The volume will be of interest to feminist scholars from all disciplines to academics who are ethicists and political philosophers as well as to graduate students **Pornography Embodied** Joan Mason-Grant, 2004-03-12 What does it mean to conceptualize pornography as a material practice rather than as speech Mason Grant argues that this idea fundamental to the work of Andrea Dworkin and Catharine MacKinnon has been obscured in legal wrangling and political polarization over their civil ordinance Within the arena of legal argument where the principle of free speech holds sway for progressive thinkers their analysis of pornography is rendered at worse an apology for censorship and at best an argument about the social force of speech rather than recognized as a fundamental challenge to the very idea of pornography as speech In this book Mason Grant first shows how the persistent speech paradigm inevitably obscures the innovative core of the Dworkin MacKinnon critique of mainstream pornography She then develops an alternative practice paradigm that critically engages their analysis capturing and extending its core insights about the role of pornography in sexual practice Drawing on phenomenology of the lived body this alternative paradigm provides a way of re thinking how the pervasive use of mass market heterosexual pornography contributes to the cultivation of an embodied and tacit sexual know how that is subordinating and raises important questions about alternative materials produced and used by sexual minorities In her conclusion Mason Grant considers the implications of her analysis not for law but for a critical pedagogy in youth sexuality education **Varieties of Feminist Liberalism** Amy R. Baehr, 2004-04-05 The essays in this volume present versions of feminism that are explicitly liberal or versions of liberalism that are explicitly feminist By bringing together some of the most respected and well known scholars in mainstream political philosophy today Amy R Baehr

challenges the reader to reconsider the dominant view that liberalism and feminism are incompatible Visit our website for sample chapters

The Future is Feminine Ciara Cremin, 2021-05-20 Carnage in the classroom misogynists in high office sociopaths in uniform masculinity is a killer From styles of dress to the stunted capacity for expressing a diversity of emotions becoming a man involves killing off and repudiating anything that in our society is held as feminine When a person is unable to show compassion and tenderness or when exposed for their frailties feels angry and humiliated they have problems Problems that none of us are immune to Masculinity Cremin provocatively declares is a generic disorder of a sick society that afflicts even the best of us Neither a condition of being human nor even of male it is a disorder as she illustrates of a capitalist society that depends and even thrives upon its very symptoms From the perspective of a trans woman raised to be a man the book maps the disorder and speculates on the possible means to overcome it Instead of signifying weakness catastrophes can be prevented when the qualities men often fear and women often feel subordinated to are prioritised affirmed and nourished Drawing amongst others on Marx and Freud Cremin eloquently demonstrates why there can be no future other than one in which we are all reconciled as a society with the feminine In such a future the terms masculine and feminine will neither define us nor determine our relationship to one another *Moral Psychology* Peggy

Beneath the Surface of White Supremacy Moon-Kie Jung, 2015-05-06 Racism has never been simple It wasn't more obvious in the past and it isn't less potent now From the birth of the United States to the contemporary police shooting death of an unarmed Black youth Beneath the Surface of White Supremacy investigates ingrained practices of racism as well as unquestioned assumptions in the study of racism to upend and deepen our understanding In Moon Kie Jung's unsettling book *Dred Scott v Sandford* the notorious 1857 Supreme Court case casts a shadow over current immigration debates and the war on terror The story of a 1924 massacre of Filipino sugar workers in Hawai'i pairs with statistical relentlessness of Black economic suffering to shed light on hidden dimensions of mass ignorance and indifference The histories of Asians Blacks Latinas and Natives relate in knotty ways State violence and colonialism come to the fore in taking measure of the United States past and present while the undue importance of assimilation and colorblindness recedes Ultimately Jung challenges

the dominant racial common sense and develops new concepts and theory for radically rethinking and resisting racisms

Imagining Care Amelia DeFalco, 2016-04-06 Imagining Care brings literature and philosophy into dialogue by examining caregiving in literature by contemporary Canadian writers alongside ethics of care philosophy Through close readings of fiction and memoirs by Margaret Atwood Alice Munro Michael Ignatieff Ian Brown and David Chariandy Amelia DeFalco argues that these narratives expose the tangled particularities of relations of care dependency and responsibility as well as issues of marginalisation on the basis of gender race and class DeFalco complicates the myth of Canada as an unwaveringly caring nation that is characterized by equality and compassion Caregiving is unpredictable one person's altruism can be another's narcissism one's compassion another's condescension or even cruelty In a country that conceives of itself as a caring society these texts depict in stark terms the ethical dilemmas that arise from our attempts to respond to the needs of others

George Eliot's Religious Imagination Marilyn Orr, 2018-02-15 George Eliot's Religious Imagination addresses the much discussed question of Eliot's relation to Christianity in the wake of the sociocultural revolution triggered by the spread of theories of evolution The standard view is that the author of Middlemarch and Silas Marner lost her faith at this time of religious crisis Orr argues for a more nuanced understanding of the continuity of Eliot's work as one not shattered by science but shaped by its influence Orr's wide ranging and fascinating analysis situates George Eliot in the fertile intellectual landscape of the nineteenth century among thinkers as diverse as Ludwig Feuerbach David Strauss and Søren Kierkegaard She also argues for a connection between George Eliot and the twentieth century evolutionary Christian thinker Pierre Teilhard de Chardin Her analysis draws on the work of contemporary philosopher Richard Kearney as well as writers on mysticism particularly Karl Rahner The book takes an original look at questions many believe settled encouraging readers to revisit George Eliot's work Orr illuminates the creative tension that still exists between science and religion a tension made fruitful through the exercise of the imagination Through close readings of Eliot's writings Orr demonstrates how deeply the novelist's religious imagination continued to operate in her fiction and poetry
