Symphonie Des Lebendigen Versuch Einer Allgemeinen Resonanztheorie:

Symphonie des Lebendigen Friedrich Cramer,1998 *The Spirit of Hope* Jürgen Moltmann,2020-01-01 Famous theologian Jrgen Moltmann returns here to the theme that he so powerfully addressed in his groundbreaking work Theology of Hope In the twenty first century he tells us hope is challenged by ideologies and global trends that would deny hope and even life itself Terrorist violence social and economic inequality and most especially the looming crisis of climate change all contribute to a cultural moment of profound despair Moltmann reminds us that Christian faith has much to say in response to a despairing world In the eternal yes of the living God we affirm the goodness and ongoing purpose of our fragile humanity Likewise Gods love empowers us to love life and resist a culture of death The books two sections equally promote these affirmations yet in different ways The first section looks at the challenges to hope in our current world most especially the environmental crisis It argues that Christian faithand indeed all the worlds religionsmust orient themselves toward the wholeness of the human family and the physical environment necessary to that wholeness The second section draws on resources from the early church the Reformation and the contemporary theological conversation to undergird efforts to address the deficit of hope he describes in the first section

Gebet als Resonanzereignis Simon Peng-Keller,2017-09-11 Das Gebet als Resonanzereignis zu beleuchten bedeutet es nicht wie gewöhnlich als aktiven Vollzug zu verstehen sondern als etwas das sich mitunter berraschend einstellt oder sich entzieht Die Leitmetapher der Resonanz verweist zudem auf die Responsivität und die Sinnlichkeit des Betens Es beginnt nicht bei sich selbst sondern kommt von woanders her Und es betrifft nicht nur den menschlichen Geist sondern den Menschen als verleiblichtes Selbst Die Beiträge des vorliegenden Bandes erkunden diese Resonanzaspekte im Hinblick auf das Gebiet heutiger Spiritual Care Auch in sozialen geprägten klinischen Kontexten sind vielfältige Gebetsvollzüge zu beobachten Sie stehen in einem eigentümlichen Verhältnis zu den therapeutischen und palliativen Behandlungen die sie begleiten Denn das Beten behandelt nicht sondern antwortet auf den Widersinn von Krankheit Behinderung Tod und finaler Trennung Auf leibsinngliche Art und Weise können sich in Gebetsvollzügen neue Sichtweisen auf das eigene Leben und Erfahrungen von Trost und Beisein erschließen
