Syncretistic Religious Communities in the Near East Kehl-Bodrogi, Otter-Beaujean, Barbara Kellner-Heikele, 2018-11-13 This volume deals with Islamic sects in the Near East such as the Alevis Turkey Druzes Libanon Alawis Syria Ahl i Hagg Iran Irag and Shabak Irag which have in common a syncretistic system of belief with a strong Shi ite influence as well as secrecy and endogamy The contributions in this volume focus on the present situation of these communities their relation to mainstream Islam their involvement in national and ethnic politics aspects of faith and rituals the relevance of sacred texts modes of religious and social transformation and the recent revival of Alevism In view of the new visibility of these formerly hidden sects and their increasing social and political importance this volume provides important information for all scholars interested in the religious and political situation of the region **Christian Tradition** Ross Kane, 2020-11-11 Syncretism has been a part of Christianity from its very beginnings Defined as the phenomena of religious mixture syncretism carries a range of connotations In Christian theology syncretism shifted from a compliment during the Reformation to an outright insult in the twentieth and twenty first centuries Ross Kane argues that the history of syncretism s use accentuates wider interpretive problems drawing attention to attempts by Christian theologians to protect the category of divine revelation from perceived human interference Syncretism and Christian Tradition examines how the concept of race figures into dominant religious traditions associated with imperialism and reveals how syncretism can act a vital means of the Holy Spirit's continuing revelation of Jesus Shi'a Minorities in the **Contemporary World** Scharbrodt Oliver Scharbrodt, 2020-06-18 Global migrations flows in the 20th century have seen the emergence of Muslim diaspora and minority communities in Europe North America and other parts of the world While there is a growing body of research on Muslim minorities in various regional contexts the particular experiences of Shi a Muslim minorities across the globe has only received scant attention. This book offers new comparative perspectives of Shi a minorities outside of the so called Muslim heartland the Middle East North Africa Central and South Asia It includes contributions on Shi a minority communities in Europe North and South America Sub Saharan Africa and East Asia that emerged out of migration from the Middle East and South Asia in the 20th and 21st centuries in particular As a minority within a minority Shi a Muslims face the double challenge of maintaining as Islamic as well as a particular Shi a identity in terms of communal activities and practices public perception and recognition Kizilbash-Alevis in Ottoman Anatolia Karakaya-Stump Ayfer Karakaya-Stump, 2020-01-10 The Kizilbash were at once key players in and the foremost victims of the Ottoman Safavid conflict that defined the early modern Middle East Today referred to as Alevis they constitute the second largest faith community in modern Turkey with smaller pockets of related groups in the Balkans Yet several aspects of their history remain little understood or explored This first comprehensive socio political history of the Kizilbash Alevi communities uses a recently surfaced corpus of sources generated within their milieu It offers fresh answers to many

questions concerning their origins and evolution from a revolutionary movement to an inward looking religious order Iraa Heather Bleaney, Roper, Peter Sluglett, 2004-06-01 Well considered answers to the many questions raised by the situation in Iraq past and present are rare This first comprehensive thematically organised bibliography devoted to Iraq is based on the full Index Islamicus database and is drawn from a wide variety of European language journals and books Featuring an extensive introduction to the subject and its literature by Peter Sluglett this bibliography will help readers to find their way through the massive secondary literature now available Following the pattern established by the Index Islamicus both journal articles and book publications are included as well as important internet resources. The editors have taken care to add much new material to bring its coverage up to date and supplement the previously published volumes while the most important and or influential publications are conveniently highlighted in the introduction An indispensable gateway for all those with a more than superficial interest in what is and what has been happening in this nation so much the focus of attention today Alevis in Turkey David Shankland, 2003-12-08 This is the only volume dedicated to the Alevis available in English and based on sustained fieldwork in Turkey The Alevis now have an increasingly high profile for those interested in the diverse cultures of contemporary Turkey and in the role of Islam in the modern world As a heterodox Islamic group the Alevis have no established doctrine This book reveals that as the Alevi move from rural to urban sites they grow increasingly secular and their religious life becomes more a guiding moral culture than a religious message to be followed literally But the study shows that there is nothing inherently secular proof within Islam and that belief depends upon a range of contexts

**Europese Unie, Turkije en de Islam**, 2004 Does the fact that the majority of Turkey's population is Muslim form a hindrance to its EU membership According to a recent policy advice by the Netherlands Scientific Council for Government Policy WRR the answer is an adamant no Why is this issue of Turkish Islam relevant After all Turkey should not be judged by standards other than the Copenhagen criteria The answer is that the public debate outside Brussels will not be limited to these official criteria Many people in Europe are worried about Turkey's Islam factor They believe that Muslims are potentially violent fundamentalists who want to establish a theocracy By explicitly examining the role of Turkish Islam and Muslims in Turkey the WRR wants to contribute to a well informed European public debate on Turkey's accession

tenth century to just after World War I the establishment of the French mandate over Syria and the early years of the Turkish republic Winter draws on a wealth of Ottoman archival records and other sources to show that the Alawis were not historically persecuted as is often claimed but rather were a fundamental part of Syrian and Turkish provincial society Winter argues that far from being excluded on the basis of their religion the Alawis were in fact fully integrated into the provincial administrative order Profiting from the economic development of the coastal highlands particularly in the Ottoman period they fostered a new class of local notables and tribal leaders participated in the modernizing educational political and military reforms of the nineteenth century and expanded their area of settlement beyond its traditional mountain borders to emerge from centuries of Sunni imperial rule as a bona fide sectarian community Using an impressive array of primary materials spanning nearly ten centuries A History of the Alawis provides a crucial new narrative about the development of Alawi society Education Materialised Stefanie Brinkmann, Giovanni Ciotti, Stefano Valente, Eva Maria Wilden, 2021-07-05 Manuscripts have played a crucial role in the educational practices of virtually all cultures that have a history of using them As learning and teaching tools manuscripts become primary witnesses for reconstructing and studying didactic and research activities and methodologies from elementary levels to the most advanced.
