

The Myth of Nations: The Medieval Origins of Europe

Review

by [Christopher Berg](#)

published on 22 April 2016

Rating: ★★★★★

Patrick Geary is alarmed by the rapid progression of nationalist movements in [Europe](#) and the popular support such movements receive. Historians bear the brunt of his displeasure because they are responsible, in his mind, for the re-emergence of these divisive movements. The result of such nationalist tendencies, in Geary's estimation, is a "deep crisis of identity" (3). Early medievalists often find themselves at the center of an explosive issue because "no other period of history is as obscure and obscured by nationalist and chauvinist scholarship" (9). Geary is emphatic in his declarations that medieval scholarship made history available to ideologues to distort and bend to promote their own agendas. Though the error was inadvertent, Geary feels uniquely qualified to correct centuries of misguided history.

In *The Myth of Nations: The Medieval Origins of Europe*, Geary argues that nationalism, as perceived by most people around the world, is a myth. Modern day Germans, Serbs, or any other "ethnic" people share

The Myth Of Nations The Medieval Origins Of Europe

Patrick J. Geary

The Myth Of Nations The Medieval Origins Of Europe:

The Myth of Nations Patrick J. Geary, 2002 Modern day Europeans by the millions proudly trace back their national identities to the Celts Franks Gauls Goths Huns or Serbs or some combination of the various peoples who inhabited traversed or pillaged their continent more than a thousand years ago According to Patrick Geary this is historical nonsense The idea that national character is fixed for all time in a simpler distant past is groundless he argues in this unflinching reconsideration of European nationhood Few of the peoples that many Europeans honor as sharing their sense of nation had comparably homogeneous identities even the Huns he points out were firmly united only under Attila's ten year reign Geary dismantles the nationalist myths about how the nations of Europe were born Through rigorous analysis set in lucid prose he contrasts the myths with the actual history of Europe's transformation between the fourth and ninth centuries the period of grand migrations that nationalists hold dear The nationalist sentiments today increasingly taken for granted in Europe emerged he argues only in the nineteenth century Ironically this phenomenon was kept alive not just by responsive populations but by complicit scholars Ultimately Geary concludes the actual formation of European peoples must be seen as an extended process that began in antiquity and continues in the present The resulting image is a challenge to those who anchor contemporary antagonisms in ancient myths to those who claim that immigration and tolerance toward minorities despoil nationhood As Geary shows such ideologues whether Le Pens who champion the French people born with the baptism of Clovis in 496 or Milosevics who cite early Serbian history to claim rebellious regions know their myths but not their history The Myth of Nations will be intensely debated by all who understood that a history that does not change that reduces the complexities of many centuries to a single eternal moment isn't history at all

The Myth of Nations Patrick J. Geary, 2002 Modern day Europeans by the millions proudly trace back their national identities to the Celts Franks Gauls Goths Huns or Serbs or some combination of the various peoples who inhabited traversed or pillaged their continent more than a thousand years ago According to Patrick Geary this is historical nonsense The idea that national character is fixed for all time in a simpler distant past is groundless he argues in this unflinching reconsideration of European nationhood Few of the peoples that many Europeans honor as sharing their sense of nation had comparably homogeneous identities even the Huns he points out were firmly united only under Attila's ten year reign Geary dismantles the nationalist myths about how the nations of Europe were born He contrasts the myths with the actual history of Europe's transformation between the fourth and ninth centuries the period of grand migrations that nationalists hold dear The nationalist sentiments today increasingly taken for granted in Europe emerged he argues only in the nineteenth century Ironically this phenomenon was kept alive not just by responsive populations but by complicit scholars Ultimately Geary concludes the actual formation of European peoples must be seen as an extended process that began in antiquity and continues in the present The resulting image is a challenge to those who anchor contemporary antagonisms in ancient myths to those who claim that immigration and tolerance toward

minorities despoil nationhood As Geary shows such ideologues whether Le Pens who champion the French people born with the baptism of Clovis in 496 or Milosevics who cite early Serbian history to claim rebellious regions know their myths but not their history

The Religious Roots of Contemporary European Identity Lucia Faltin, Melanie J. Wright, 2007-09-01 This volume provides a coherent critical examination of current issues related to the religious roots of contemporary i e post 1990 European identity by analyzing the components of contemporary European identity the presence of religion in the development of national identities manifestation of religious roots in secular society and the role of religion in further European integration and social inclusion The book involves a multi and interdisciplinary approach to the theme by bringing together scholars in history religious studies sociology cultural studies European studies and international relations This rigorously edited volume provides a coherent analysis of the religious roots of Europe s identity today with particular attention to the secular context of religious communities Europe is often perceived as secular by most of its citizens regardless of their creed Bearing this in mind the authors build upon their expertise in different fields of arts and humanities to identify some of the key elements of European religious heritage and its manifestation in Europe s identity be it secular or otherwise perceived The authors also indicate the role these elements play in further European integration With this focused approach the publication identifies a number of similarities across faiths and more holistically vis vis Europe This serves the readers to perceive their own identity in a wider context of shared values reaching beyond a particular faith or non religious framework

A Local Society in Transition Piotr Górecki, 2007 This book consists of an annotated translation of a history of a Cistercian monastery known as the Henryk w Book 1268 1310 and of some thirty charters further illustrating that history as well as a sustained introductory essay

The Great East Asian War and the Birth of the Korean Nation JaHyun Kim Haboush, 2016-03-08 The Imjin War 1592 1598 was a grueling conflict that wreaked havoc on the towns and villages of the Korean Peninsula The involvement of Chinese Japanese and Korean forces not to mention the regional scope of the war was the largest the world had seen and the memory dominated East Asian memory until World War II Despite massive regional realignments Korea s Chos n Dynasty endured but within its polity a new national discourse began to emerge Meant to inspire civilians to rise up against the Japanese army this potent rhetoric conjured a unified Korea and intensified after the Manchu invasions of 1627 and 1636 By documenting this phenomenon JaHyun Kim Haboush offers a compelling counternarrative to Western historiography which ties Korea s idea of nation to the imported ideologies of modern colonialism She instead elevates the formative role of the conflicts that defined the second half of the Chos n Dynasty which had transfigured the geopolitics of East Asia and introduced a national narrative key to Korea s survival Re creating the cultural and political passions that bound Chos n society together during this period Haboush reclaims the root story of solidarity that helped Korea thrive well into the modern era

Narrating the Nation Stefan Berger, Linas Eriksonas, Andrew Mycock, 2008 A sustained and systematic study of the construction erosion and reconstruction of national histories across a

wide variety of states is highly topical and extremely relevant in the context of the accelerating processes of Europeanization and globalization. However, as demonstrated in this volume, histories have not of course only been written by professional historians. Drawing on studies from a number of different European nation states, the contributors to this volume present a systematic exploration of the representation of the national paradigm. In doing so, they contextualize the European experience in a more global framework by providing comparative perspectives on the national histories in the Far East and North America. As such, they expose the complex variables and diverse actors that lie behind the narration of a nation.

The SAGE Handbook of Nations and Nationalism Gerard Delanty, Krishan Kumar, 2006-06-14

With its list of distinguished contributors and its wide range of topics, the handbook is surely destined to become an invaluable resource for all serious students of nationalism. Michael Billig, Professor of Social Sciences at Loughborough University and author of *Banal Nationalism* SAGE 1995

The persistence, some would say, revival of nationalism across the recent history of modernity in particular the past two decades has taken many scholars in the social sciences by surprise. In response, interest in the analysis of nationalism has increased and given rise to a great variety of new angles under which to study the phenomenon. What was missing in the cacophony of voices addressing nationalism was a volume that brought them together and confronted them with each other. This handbook does just that. It deserves particular praise for the wide range of approaches and topics included and for the systematic attempt at studying nationalism as a phenomenon of our time, not a remnant from the past.

Peter Wagner, Professor of Social and Political Theory, European University Institute and Professor of Sociology, University of Warwick

For students concerned with the contemporary study of nationalism, this will be an invaluable publication. The three-fold division into approaches, themes, and cases is a very solid and sensible one. The editors have commissioned essays from leading scholars in the field, and this handbook provides the best single volume overview of contemporary nationalism.

John Breuilly, Professor of Nationalism and Ethnicity, London School of Economics

Nationalism has long excited debate in political, social, and cultural theory and remains a key field of enquiry among historians, anthropologists, sociologists, as well as political scientists. It is also one of the critical media issues of our time. There are, however, surprisingly few volumes that bring together the best of this intellectual diversity into one collection. This Handbook gives readers a critical survey of the latest theories and debates and provides a glimpse of the issues that will shape their future. Its three sections guide the reader through the theoretical approaches to this field of study, its major themes from modernity to memory, migration, and genocide, and the diversity of nationalisms found around the globe. The overall aim of this Handbook is to relate theories and debates within and across a range of disciplines, illuminate themes and issues of central importance in both historical and contemporary contexts, and show how nationalism has impacted upon and interacted with other political and social forms and forces. This book provides a much needed resource for scholars in international relations, political science, social theory, and sociology.

Cultural Diversity in the British Middle Ages J. Cohen, 2008-08-04

Through close readings of both familiar

and obscure medieval texts the contributors to this volume attempt to read England as a singularly powerful entity within a vast geopolitical network This capacious world can be glimpsed in the cultural flows connecting the Normans of Sicily with the rulers of England or Chaucer with legends arriving from Bohemia It can also be seen in surprising places in literature as when green children are discovered in twelfth century Yorkshire or when Welsh animals begin to speak of the long history of their land s colonization The contributors to this volume seek moments of cultural admixture and heterogeneity within texts that have often been assumed to belong to a single national canon discovering moments when familiar and bounded space erupt into unexpected diversity and infinite realms

In Search of Pre-Classical Antiquity: Rediscovering Ancient Peoples in Mediterranean Europe (19th and 20th c.), 2016-11-28 The book aims rethinking the cultural history of Mediterranean nationalisms between 19th and 20th centuries by tracing their specific approach to antiquity in the forging of a national past By focusing on how national imaginaries dealt with this topic and how history and archaeology relied on antiquity this collection of essays introduces a comparative approach presenting several cases studies concerning many regions including Spain Italy and Slovenia as well as Albania Greece and Turkey By adopting the perspective of a dialogue among all these Mediterranean political cultures this book breaks significantly new ground because it shifts attention on how Southern Europe nationalisms are an interconnected political and cultural experience directly related to the intellectual examples of Northern Europe but also developing its own particular trends Contributors are i dem Atakuman Filippo Carl Francisco Garcia Alonso Maja Gori Eleni Stefanou Rok Stergar Katia Visconti

Eurasian Empires in Antiquity and the Early Middle Ages Hyun Jin Kim, Frederik Juliaan Vervaet, Selim Ferruh Adali, 2017-10-05 The great empires of the vast Eurasian continent have captured the imagination of many Awe inspiring names such as ancient Rome Han and Tang China Persia Assyria the Huns the Kushans and the Franks have been the subject of countless scholarly books and works of literature However very rarely if at all have these vast pre industrial empires been studied holistically from a comparative interdisciplinary and above all Eurasian perspective This collection of studies examines the history literature and archaeology of these empires and others thus far treated separately as a single inter connected subject of inquiry It highlights in particular the critical role of Inner Asian empires and peoples in facilitating contacts and exchange across the Eurasian continent in antiquity and the early Middle Ages

The Myth Of Nations The Medieval Origins Of Europe Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading The Myth Of Nations The Medieval Origins Of Europe free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading The Myth Of Nations The Medieval Origins Of Europe free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading The Myth Of Nations The Medieval Origins Of Europe free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading The Myth Of Nations The Medieval Origins Of Europe. In conclusion, the internet offers numerous

platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading The Myth Of Nations The Medieval Origins Of Europe any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About The Myth Of Nations The Medieval Origins Of Europe Books

What is a The Myth Of Nations The Medieval Origins Of Europe PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Myth Of Nations The Medieval Origins Of Europe PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Myth Of Nations The Medieval Origins Of Europe PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Myth Of Nations The Medieval Origins Of Europe PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Myth Of Nations The Medieval Origins Of Europe PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by

their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
