Katie Reid

The Mythographic Chaucer The Fabulation Of Sexual Politics:

The Mythographic Chaucer Jane Chance, 1994 *Father Chaucer* Samantha Katz Seal, 2019-09-26 The monograph series Oxford Studies in Medieval Literature and Culture showcases the plurilingual and multicultural quality of medieval literature and actively seeks to promote research that not only focuses on the array of subjects medievalists now pursue in literature theology and philosophy in social political jurisprudential and intellectual history the history of art and the history of science but also that combines these subjects productively It offers innovative studies on topics that may include but are not limited to manuscript and book history languages and literatures of the global Middle Ages race and the post colonial the digital humanities media and performance music medicine the history of affect and the emotions the literature and practices of devotion the theory and history of gender and sexuality ecocriticism and the environment theories of aesthetics medievalism When Geoffrey Chaucer is named the Father of English poetry an inherent assumption about paternity is transmitted Chaucer's fatherhood is presented as a means of poetic legitimization a stable mode of authority that connects the medieval author with all the successive generations of English writers This book argues however that for Chaucer himself paternity was a far more fraught ambition one capable of devastating male identity as surely as it could enshrine it Moving away from anachronistic assumptions about reproduction and authority this book argues that Chaucer profoundly struggled with his own desire to create something that would last past his own death For Chaucer also believed that men were the humble mortal playthings of an all too distant God Medieval Christianity taught that the earth was but a temporary sorrowful abode for corrupted men and that the fall from grace was reborn within each generation of Adam's sons Chaucer knew that God had set sharp limits upon man's ability to create with certainty and to determine his own posterity Yet what could be more human than the longing to wrest some small authority from one's own mortal flesh This book argues that this essential intellectual ethical and religious crisis lies at the very heart of Chaucer's *Canterbury Tales* Within this masterpiece of English literature Chaucer boldly confronts the impossibility of his own aching wish to see his offspring biological and poetic last beyond his own death to claim the authority simultaneously promised and denied by the very act of creation *Geoffrey Chaucer* Jodi-Anne George, 2000 At last available in a single volume comprehensive overviews and concise analyses of the key critical texts and approaches to the most studied works of literature By assembling extracts from essays reviews and articles the *Columbia Critical Guides* provide students with ready access to the most important secondary writings on one or more texts by a given writer each volume Offers a balanced and nuanced approach to criticism drawing on a wide array of British and American sources Explains criticism in terms of key approaches allowing students to grasp the central issues for each work Is edited by a noted scholar who specializes in the writer or work in question Includes notes and a comprehensive bibliography and index The General Prologue to the *Canterbury Tales* has long been central to the English literary canon Jodi Anne George provides a detailed introduction to the most important critical debates surrounding The General Prologue The

extracts and essays included here date from as early as 1368 when Eustace Deschamps paid the first recorded tribute to Chaucer's genius and move chronologically through to the late 1990s. The selections address the opinions of early editors of Chaucer as well as the continuing interest in the poet by other writers throughout the ages. Sociological gender based historical and structural readings of The General Prologue are also represented. Martianus Capella in the Late Middle Ages and Renaissance Katie Reid, 2023-10-09 In this book Katie Reid argues that the fifth century author Martianus Capella was a significant influence in the late Middle Ages and Renaissance. His poetic encyclopaedia *The Marriage of Philology and Mercury* was a source for writing on the liberal arts allegory and classical mythology from 1300 to 1650. In fact writers of this period had much more in common with Martianus Capella than they did with older ancients like Homer and Virgil. As such we must reshape our understanding of late medieval and Renaissance encounters with the classical world by exploring their roots in Late Antiquity. **The Cambridge Companion to Chaucer** Piero Boitani, Jill Mann, 2004-01-12 The Cambridge Companion to Chaucer is an extensively revised version of the first edition which has become a classic in the field. This new volume responds to the success of the first edition and to recent debates in Chaucer Studies. Important material has been updated and new contributions have been commissioned to take into account recent trends in literary theory as well as in studies of Chaucer's works. New chapters cover the literary inheritance traceable in his works to French and Italian sources, his style as well as new approaches to his work. Other topics covered include the social and literary scene in England in Chaucer's time and comedy, pathos and romance in the *Canterbury Tales*. The volume now offers a useful chronology and the bibliography has been entirely updated to provide an indispensable guide for today's student of Chaucer. *An Introduction to Geoffrey Chaucer* Tison Pugh, 2013-04-23 Geoffrey Chaucer is widely considered the father of English literature. This introduction begins with a review of his life and the cultural milieu of fourteenth century England and then expands into analyses of such major works as *The Parliament of Fowls*, *Troilus and Criseyde* and of course the *Canterbury Tales*, examining them alongside a selection of lesser known verses. *Riddles, Knights, and Cross-dressing Saints* Thomas Honegger, 2004 This volume comprises selected papers of SEM IV V Studientag *Englisches Mittelalter* held at Potsdam in 2002/2003 and provides a representative cross section of topics in the field of English medieval studies in Germany and Switzerland. The spectrum ranges from cultural studies centring around the history of ideas, questions of gender and the reception of the Middle Ages to philological and linguistic approaches focussing on manuscript studies, semantics and textual communication. Chaucer's Pardoner and Gender Theory NA NA, 2016-04-30 Chaucer's Pardoner and Gender Theory: the first book length treatment of the character examines the Pardoner in Chaucer's *Canterbury Tales* from the perspective of both medieval and twentieth century theories of sex, gender and erotic practice. Sturges argues for a discontinuous, fragmentary reading of this character and his tale that is genuinely both premodern and postmodern. Drawing on theorists ranging from St Augustine and Alain de Lille to Judith Butler and Eve Kosofsky Sedgwick, Sturges approaches the Pardoner as a representative of the

construction of historical and sexual identities in a variety of historically specific discourses and argues that medieval understandings of gender remain sedimented in postmodern discourse Chaucer and Clothing Laura Fulkerson Hodges, 2005 A detailed discussion of the meaning and significance of the terms used to describe the clothing of Chaucer's religious and academic pilgrims Religious and academic dress in the middle ages functioned as a metaphorical signifier of spiritual and intellectual standards implied a given social status signalled the rejection or possession of garment wealth and in the details suggested the wearer's spiritual state This book presents the first sustained analysis of the characterizing dress worn by Chaucer's pilgrims who are in holy orders and or affiliated with universities the author uses approaches from a variety of disciplines received criticism of late medieval literature developments in political economic and social history the visual arts and material culture in order to present the complex ideas and rhetoric the pilgrims dress expresses She also makes the religious intellectual and material culture of Chaucer's day accessible to modern audiences through the reconstruction of the significance of fabrics dyes accessories garments and assembled costumes and an explanation of technical details and specialist vocabularies for cloth making clothing accessories and their images in the visual arts

Annotated Chaucer bibliography Mark Allen, Stephanie Amsel, 2015-11-01 An extremely thorough expertly compiled and crisply annotated comprehensive bibliography of Chaucer scholarship between 1997 and 2010

web marguerite duras moderato cantabile moderato cantabile duras continues the nouveau roman style in this novel much of which is in the form of dialogue claude roy has described it as madame bovary written by béla bartók

moderato cantabile 1960 seven days peter brook film review - Jun 05 2022

web a beautifully lyrical but sombre piece of cinema moderato cantabile is an excellent example of the french new wave of the early 1960s it is a moving and eloquent study of the psychology of a bored well off housewife trapped in a life of routine and predictability whilst longing for some danger to give her life meaning
