The Name And Nature Of Tragicomedy

Arthur F. Kinney

The Name And Nature Of Tragicomedy:

The Name and Nature of Tragicomedy Verna A. Foster, 2017-03-02 Focusing on European tragicomedy from the early modern period to the theatre of the absurd Verna Foster here argues for the independence of tragicomedy as a genre that perceives and communicates human experience differently from the various forms of tragedy comedy and the drame serious drama that is neither comic nor tragic Foster posits that in the sense of the dramaturgical and emotional fusion of tragic and comic elements to create a distinguishable new genre tragicomedy has emerged only twice in the history of drama She argues that tragicomedy first emerged and was controversial in the Renaissance and that it has in modern times replaced tragedy itself as the most serious and moving of all dramatic genres In the first section of the book the author analyzes the name tragicomedy and the genre's problems of identity then goes on to explore early modern tragicomedies by Shakespeare Beaumont and Fletcher and Massinger A transitional chapter addresses cognate genres The final section of the book focuses on modern tragicomedies by Ibsen Chekhov Synge O'Casey Williams Ionesco Beckett and Pinter By exploring dramaturgical similarities between early modern and modern tragicomedies Foster demonstrates the persistence of tragicomedy's generic markers and provides a more precise conceptual framework for the genre than has so far been available Early Modern Tragicomedy Subha Mukherji, Raphael Lyne, 2007 Fresh explorations of the tragicomic drama setting the familiar plays of Shakespeare and his contemporaries alongside Irish and European drama Tragicomedy is one of the most important dramatic genres in Renaissance literature and the essays collected here offer stimulating new perspectives and insights as well as providing broad introductions to arguably lesser known European texts Alongside the chapters on Classical Italian Spanish and French material there are striking and fresh approaches to Shakespeare and his contemporaries to the origins of mixed genre in English to the development of Shakespearean and Fletcherian drama to periodization in Shakespeare's career to the language of tragicomedy and to the theological structure of genre The collection concludes with two essays on Irish theatre and its interactions with the London stage further evidence of the persistent and changing energy of tragicomedy in the period Contributors SARAH DEWAR WATSON MATTHEW TREHERNE ROBERT HENKE GERAINT EVANS NICHOLAS HAMMOND ROSKING SUZANNE GOSSETT GORDAN MCMULLAN MICHAEL WINMORE JONATHAN HOPE MICHAEL NEILL LUCY MUNRO DEANA RANKIN **The Princeton Encyclopedia of Poetry and Poetics** Roland Greene, Stephen Cushman, Clare Cavanagh, Jahan Ramazani, Paul Rouzer, Harris Feinsod, David Marno, Alexandra Slessarev, 2012-08-26 Rev ed of The Princeton encyclopedia of poetry and poetics Alex Preminger and T V F Brogan co editors Frank J Warnke O B Hardison Jr and Earl Miner associate editors 1993 **Inventing Origins? Aetiological Thinking in Greek and Roman Antiquity**, 2021-12-06 Aetiologies seem to gratify the human desire to understand the origin of a phenomenon However as this book demonstrates aetiologies do not exclusively explore origins Rather in inventing origin stories they authorise the present and try to shape the future This book explores aetiology as a tool for thinking and draws attention to the paradoxical

structure of origin stories Aetiologies reduce complex ambivalence and plurality to plainly causal and temporal relations but at the same time by casting an anchor into the past they open doors to progress and innovation

A New Companion to Renaissance Drama Arthur F. Kinney, Thomas Warren Hopper, 2017-04-20 *A New Companion to Renaissance Drama* provides an invaluable summary of past and present scholarship surrounding the most popular and influential literary form of its time Original interpretations from leading scholars set the scene for important paths of future inquiry A colorful comprehensive and interdisciplinary overview of the material conditions of Renaissance plays England's most important dramatic period Contributors are both established and emerging scholars with many leading international figures in the discipline Offers a unique approach by organizing the chapters by cultural context theatre history genre studies theoretical applications and material studies Chapters address newest departures and future directions for Renaissance drama scholarship Arthur Kinney is a world renowned figure in the field

The Oxford Handbook of Shakespeare Arthur F. Kinney, 2012 Contains forty original essays

The Disguised Ruler in Shakespeare and his Contemporaries Kevin A. Quarmby, 2016-04-01 In the early seventeenth century the London stage often portrayed a ruler covertly spying on his subjects Traditionally deemed Jacobean disguised ruler plays these works include Shakespeare's

Measure for Measure Marston's The Malcontent and The Fawn Middleton's The Phoenix and Sharpham's The Fleece Commonly dated to the arrival of James I these plays are typically viewed as synchronic commentaries on the Jacobean regime Kevin A Quarmby demonstrates that the disguised ruler motif actually evolved in the 1580s It emerged from medieval folklore and balladry Tudor Chronicle history and European tragicomedy Familiar on the Elizabethan stage these incognito rulers initially offered light hearted romantic entertainment only to suffer a sinister transformation as England awaited its ageing queen's demise The disguised royal had become a dangerously voyeuristic political entity by the time James assumed the throne Traditional critical perspectives also disregard contemporary theatrical competition Market demands shaped the repertoires Rivalry among playing companies guaranteed the motif's ongoing vitality The disguised ruler's presence in a play reassured audiences it also facilitated a subversive exploration of contemporary social and political issues Gradually the disguised ruler's dramatic currency faded but the figure remained vibrant as an object of parody until the playhouses closed in the 1640s

Ambivalent Literary Farewells to the German Democratic Republic John David Pizer, 2021-08-02 This study reverses the question implicit in title of Christa Wolf's now canonical 1990 novella *Was bleibt* What remains looking instead at what was lost during the process of German reunification It argues that in their work during and after the Wende most literary authors from both East and West Germany responded ambivalently to the reunification Many felt on the one hand a keen sense of loss as the GDR dissolved and an expanded Federal Republic summarily absorbed former Eastern Germany They mourned the ideals of democratic socialism tolerance and internationalism that the GDR had held dear as well as the country's rich cultural life On the other hand however they recognized that the GDR was a fundamentally corrupt surveillance state whose industry weighed heavily on the environment while failing to buoy the country's economy By looking at works by some of the most important authors from either side of the border this study shows that those who unequivocally embraced the reunification were clearly in the minority

Queer Philologies Jeffrey Masten, 2016-06-10 For Jeffrey Masten the history of sexuality and the history of language are intimately related In *Queer Philologies* he studies particular terms that illuminate the history of sexuality in Shakespeare's time and analyzes the methods we have used to study sex and gender in literary and cultural history Building on the work of theorists and historians who have following Foucault investigated the importance of words like homosexual sodomy and tribade in a variety of cultures and historical periods Masten argues that just as the history of sexuality requires the history of language so too does philology the love of the word require the analytical lens provided by the study of sexuality Masten unpacks the etymology circulation transformation and constitutive power of key words within the early modern discourse of sex and gender terms such as conversation and intercourse fundament and foundation friend and boy that described bodies pleasures emotions sexual acts even to the extent possible in this period sexual identities Analyzing the continuities as well as differences between Shakespeare's language and our own he offers up a queer lexicon in which the letter Q is perhaps the queerest character of all
