The Nature Of Judaism:

The Nature of Judaism Samuel Umen,1960 The Nature of God Lee R. Rosenberg,2023-04-24 The Nature of God By Lee R Rosenberg About the Book The Nature of God aims to confront the question that confounds many modern theologians How can we espouse a belief in God when it seems scientifically impossible Is there a way to believe in both science and the existence of God Author Lee Rosenberg has dedicated his life to answering this question In this book he will lay out the argument for a scientific explanation of God and why the nature of God can exist both philosophically and scientifically

The Judaism of Jesus J. Christopher Garrison,2014-04-17 We had hoped it was he the Messiah who would redeem Israel Luke 24 21 In this book you will learn that the religion Jesus founded was not Gentile or called Christianity The name Christianity is not found in the New Testament work authored by Jews who followed Jesus that the religion of Jesus was a form of Judaism that revolved around the Hebrew concept of Brit Hadashah meaning New Covenant This concept first appeared in the writings of Jeremiah one of the great prophets of Judaism that to achieve the full task Jews have expected of their Messiah of redeeming Israel and completing Gentile world salvation there have been three separate stages in the work of Jesus the Messiah 1 the Atonement 2 the Gentile stage represented by two thousand years of Gentile Christianity and 3 the Jewish or Jewish redemption stage that with regard to the Messiahs prophecy on Jerusalem and on the completion or fulfillment of his Gentile stages see Luke 21 24 Jerusalem will be trampled on by the Gentiles until the times of the Gentiles are fulfilled on June 7 1967 the day Jerusalem fell to Jews the Messiahs prophecy was fulfilled Hence with June 7 1967 formally marking the end of the Messiahs Gentile or Christian stage the Messiahs final or Jewish stage has already begun that with the times of the Gentiles or Christianity over why Christians must adjust and reorient themselves to the new Jewish era and reality that is rising many other topics of vital relevance to our present transitional era from Gentile Christian to Jewish centered times where world history is quickly reaching a tumultuous climax centered on the Jews Jesus the Messiah and the Messiahs New Covenant Judaism as the winning side of end time history *The Nature of God* Eliza Hope, AI, 2025-02-14 The Nature of God tackles the age old question of what God means exploring the diverse understandings across religions and philosophies It examines how beliefs about the divine have evolved from ancient polytheism to modern monotheism while also delving into the logical puzzles surrounding God's attributes such as omnipotence and omniscience The book uniquely emphasizes the interplay between religious belief and philosophical reasoning critiquing the consistency and implications of various conceptions of God The book progresses logically first outlining core concepts like monotheism and polytheism then analyzing major religious traditions and philosophical schools of thought such as Hinduism Christianity and existentialism It culminates by assessing the ethical and social implications of different conceptions of the divine including their impact on ethics social justice and interreligious dialogue By understanding these diverse perspectives readers can gain insights into the human condition and the enduring quest for meaning **The Jews of Old; Or, Their Limited Knowledge of the**

Nature and Demands of the Sovereign Rule of God in the Gospel of Matthew Margaret Hannan, 2006-06-15 This work argues that the author of the Gospel of Matthew structures his work as a Bios or biography of Jesus so as to encapsulate in narrative form the essence of his theological understanding of God's Basileia sovereign rule as proclaimed and taught in the teaching and healing mission of Jesus Evidence for this is found in Matthew's careful use of structural markers to divide his story of Jesus into significant thematic sub sections in which he uses a series of Basileia logia at incisive points to highlight aspects of Jesus teaching and healing mission In this way Matthew is able to portray Jesus as God's promised Messiah who instructs his disciples through discourse and narrative hence in word and example in the nature and demands of God's sovereign rule By structuring his Gospel as a story Matthew depicts Jesus giving instructions to his disciples and also instructs the readers of the text Hence Matthew's Gospel becomes a manual of instruction on the nature and demands of God's sovereignty Its purpose is to ensure that not only the members of the Matthean community but all future disciples of Jesus are competently trained to carry out Jesus commission Go therefore and disciple all the nations 28 19 20 In this way the good news of God's saving presence is proclaimed to all the nations until God's eschatological reign is finally established

LNTS 308 *Maimonides on the "Decline of the Generations" and the Nature of Rabbinic Authority* Menachem Kellner, 2012-02-01 Moses Maimonides medieval Judaism's leading legist and philosopher and a figure of central importance for contemporary Jewish self understanding held a view of Judaism which maintained the authority of the Talmudic rabbis in matters of Jewish law while allowing for free and open inquiry in matters of science and philosophy Maimonides affirmed not the superiority of the moderns the scholars of his and subsequent generations over the ancients the Tannaim and Amoraim the Rabbis of the Mishnah and Talmud but the inherent equality of the two The equality presented here is not equality of halakhic authority but equality of ability of essential human characteristics In order to substantiate these claims Kellner explores the related idea that Maimonides does not adopt the notion of the decline of the generations according to which
