

NATURE vs. NURTURE

What Shapes Who We Are?

Nature	Nurture
Refers to genetic and biological factors that influence behavior and development	Refers to environmental factors that influence behavior and development
Examples: eye color, height, personality traits	Examples: upbringing, education, social interactions
Can be difficult to change	Can be modified through intervention
Can interact with nurture to shape behavior and development	Can interact with nature to shape behavior and development
Can influence susceptibility to certain diseases or conditions	Can influence resilience to certain diseases or conditions

Understanding the interplay between nature and nurture can help us better understand ourselves and others. Share this infographic with your friends and help them explore this fascinating debate!
