The Experience of Atheism: Phenomenology, Metaphysics and Religion Claude Romano, Robyn Horner, 2021-05-06 Religious and atheistic belief are presented anew in a volume of essays from leading phenomenologists in both France and the UK. Atheism, often presented as the negation of religious belief, is here engaged with from a phenomenologically informed notion of experience. The focus on experience sparks new debates in readings of belief, faith, and atheism as they relate to and complicate each other. What unites the contributors is their relationship to phenomenology as it has developed in France in the wake of Heidegger and Husserl. Leading French intellectuals from this context, Jean-Luc Nancy, Quentin Meillassoux, and Catherine Malabou, amongst others, contribute arresting ideas on atheistic faith, the death of God, and anarchic faith, opening up new areas of understanding in a field whose parameters and core concepts are ever shifting. Revealing the extent to which religious and atheistic belief must be seen to influence and, on a fundamental level, to co-create one another, the pluralistic society in which religious belief is counted as one option amongst many is given primacy. The fact that religious faith has become not only optional but also, in many contexts, strangely alienated from society, deeply modifies the experience of the believer as much as that of the non-believer. A focus on experience, over and above belief, moves us towards a mode of experiential knowledge which refuses to privilege the atheistic believer and deride the reality of religious belief.

The Open Door Don Share, Christian Wiman, 2022-12-22 If readers would like to sample the genius and diversity of American poetry in the last century, there's no better place to start. World Literature Today. When Harriet Monroe founded Poetry magazine in Chicago in 1912, she began with an image: the Open Door. For a century, the most important and enduring poets have walked through that door. William Carlos Williams and Wallace Stevens in its first years; Rae Armantrout and Kay Ryan in 2011. And at the same time, Poetry continues to discover the new voices who will be read a century from now. To celebrate the magazine's centennial, the editors combed through Poetry's incomparable archives to create a new kind of anthology. With the self-imposed limitation to one hundred, they have

assembled a collection of poems that in their juxtaposition echo across a century of poetry Here Adrienne Rich appears alongside Charles Bukowski famous poems of the two world wars flank a devastating yet lesser known poem of the Vietnam War Short extracts from Poetry's letters and criticism punctuate the verse selections hinting at themes and threads and serving as guides interlocutors or dissenting voices The resulting volume is a celebration of idiosyncrasy and invention a vital monument to an institution that refuses to be static and most of all a book that lovers of poetry will devour debate and keep close at hand

Edgar Allan Poe 1809 1849 was a pioneer of short stories and poetry renowned for his exploration of dark themes and the human psyche His tumultuous life marred by personal tragedy and profound loss significantly influenced his creative output compelling him to delve into the aberrant facets of the human condition Poe's innovative narrative techniques and distinct voice cemented his legacy as an integral figure in American literature inspiring countless writers and artists This illustrated edition is highly recommended for both new readers and long time fans of Poe's work It serves not only as an introduction to his genius but also reinvigorates the reading experience for those familiar with his haunting tales and verses Delve into these timeless narratives that probe the depths of fear and beauty and experience the chilling allure of Poe's imagination
