Asylum Policy, Boat People and Political Discourse Irial Glynn,2016-06-11 This book compares the policies of Australia and Italy towards boat people who have arrived in the two countries since the early 1990s While the regular and varied inflow of immigrants arriving at national airports ferry terminals and train stations is seldom witnessed by the public the arrival of boat people is often played out in the media and consequently attracts disproportionate political and public attention Both Australia and Italy faced similar dilemmas but the nature of political debate on the issue the types of strategies introduced and the effects that policy changes had on boat people diverged considerably This book argues that contrasting migration path dependencies disparate political values within the Left and varying international obligations best explain the different approaches taken by the two countries to boat people

Teaching U.S. History Through Children's Literature Wanda Miller,1998-11-15 Similar to U S History Through Children s Literature From the Colonial Period to World War II in format and approach historical fiction and nonfiction are integrated into modern U S History For each of these topics Miller suggests two or more titles one for use with the entire class and one for use with small reading groups Summaries of the books author information activities and topics for discussion are supplemented with vocabulary lists and ideas for research topics and further reading This integrated approach makes history more meaningful to students and helps them retain historical details and facts by immersing them in stories surrounding historical events A well researched and thorough resource

The Liberating Spirit Eldin Villafane,2021-03-23 This book

Chris Garcia,1991

Decision and Structure Mario A. Rivera,1991 The 1980 Cuban influx represented a unique challenge to federal refugee policy mechanisms and to prevalent concepts of policy analysis and evaluation The persistence of unworkable policies across two Presidential administrations suggests that organizational structural and decisional rather than personality or motivational factors were principally determinative of policy failure This work suggests elements of a causal theory based on these factors and a mode of normative evaluation based on mixed analytical strategies that attend to both decisional process and institutional structure **Daily Life of the New Americans** Christoph Strobel,2010-06-02 A detailed and engaging historical examination that provides an intimate understanding of the daily life of the new immigrants in the United States In the last decades a growing number of immigrants from around the world have arrived in the United States Daily Life of the New Americans Immigration since 1965 provides a thematic overview of their everyday lives and underscores the diversity and complexity of the newcomer experience Organized into 6 thematic chapters the book examines how immigrants from Latin America Asia Africa the Middle East and Europe are changing the face of the American nation and at the same time are themselves being changed by living in America The stories told here are enhanced through the use of oral histories that bring immigrant experiences vividly to life
