The New Conservatives A Critique From The Left:

The New Conservatives Lewis A. Coser, Irving Howe, 1977 15 essays in which the intellectual left speak out on conservative political thought and action in American today **The New Conservatives** Lewis A. Coser, Irving Howe, 1974

The Left, the Right and the Jews W.D. Rubinstein, 2015-10-16 First published in 1982 this book examines anti semitism in the Western world The author concludes that fringe neo Nazi groups notwithstanding significant anti semitism is largely a left wing rather than a right wing phenomenon He finds that Jews have reacted to this change in their situation and in attitudes towards them by making a shift to the right in most Western countries with the major exception of the United States Considering the contribution of Jews to socialist thought from Marx onwards and the equally lengthy history of right wing anti semitism this shift is one of the most significant in Jewish history This movement to the right is discussed in separate chapters as is Soviet anti semitism and the status of the State of Israel Examined in depth are the implications of this shift in attitude for Jewish philosophy and self identity *Rebels All!* Kevin Mattson, 2008-06-03 Do you ever wonder why conservative pundits drop the word faggot or talk about killing and then Christianizing Muslims abroad Do you wonder why the right s spokespeople seem so confrontational rude and over the top recently Does it seem strange that conservative books have such apocalyptic titles Do you marvel at why conservative writers trumpeted the rebel qualities of George W Bush just a few years back There is no doubt that the style of the political right today is tough brash and by many accounts not very conservative sounding After all isn t conservatism supposed to be about maintaining standards upholding civility and frowning upon rebellion Historian Kevin Mattson explains the apparent contradictions of the party in this fresh examination of the postwar conservative mind Examining a big cast of characters that includes William F Buckley Whittaker Chambers Norman Podhoretz Irving Kristol Kevin Phillips David Brooks and others Mattson shows how right wing intellectuals have always but in different ways played to the populist and rowdy tendencies in America s political culture He boldly compares the conservative intellectual movement to the radical utopians among the New Left of the 1960s and he explains how conservatism has ingested central features of American culture including a distrust of sophistication and intellectualism and a love of popular culture sensation shock and celebrity Both a work of history and political criticism *Rebels All* shows how the conservative mind made itself appealing but also points to its endemic problems Mattson s conclusion outlines how a recast liberalism should respond to the conservative ascendancy that has marked our politics for the last thirty years

Reconsidering American Liberalism James Young, 2018-02-06 Forty years ago Louis Hartz surveyed American political thought in his classic *The Liberal Tradition in America* He concluded that American politics was based on a broad liberal consensus made possible by a unique American historical experience a thesis that seemed to minimize the role of political conflict Today with conflict on the rise and with much of liberalism in disarray James P Young revisits these questions to reevaluate Hartz s interpretation of American politics Young s treatment of key movements in our history especially

Puritanism and republicanism's early contribution to the Revolution and the Constitution demonstrates in the spirit of Dewey and others that the liberal tradition is richer and more complex than Hartz and most contemporary theorists have allowed. The breadth of Young's account is unrivaled. *Reconsidering American Liberalism* gives voice not just to Locke, Jefferson, Hamilton, Madison, Lincoln, and Dewey but also to Rawls, Shklar, Kateb, Wolin, and Walzer. In addition to broad discussions of all the major figures in over 300 years of political thought with Lincoln looming particularly large, Young touches upon modern feminism and conservatism, multiculturalism, postmodernism, rights-based liberalism, and social democracy. Out of these contemporary materials, Young synthesizes a new position: a smarter and tougher liberalism, not just forged from historical materials but reshaped in the rough and tumble of contemporary thought and politics. This exceptionally timely study is both a powerful survey of the whole of U.S. political thought and a trenchant critique of contemporary political debates. At a time of acrimony and confusion in our national politics, Young enables us to see that salvaging a viable future depends upon our understanding how we have reached this point. Never without his own opinions, Young is scrupulously fair to the widest range of thinkers and marvelously clear in getting to the heart of their ideas. Although his book is a substantial contribution to political theory and the history of ideas, it is always accessible and lively enough for the informed general reader. It is essential reading for anyone who cares about the future of U.S. political thought or indeed about the future of the country itself.

Liberalism Versus Conservatism François B. Gérard, 2000. Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians, marketers, and even the ever-peering government. We are being targeted daily by flaming liberals, left-wing liberals, right-wing conservatives, compassionate conservatives, religious conservatives, and liberals, pinko liberals, middle-of-the-road liberals, conservatives, and liberals, pinko liberals, middle-of-the-road liberals, and conservatives, and of course by neoconservatives and neoliberals. The search is on for kindred souls, the types who will open their wallets to support whatever it is the hucksters are peddling. But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care? This bibliography lists over hundreds of entries under each category which are then indexed by title and author.

[Jews and the Left](#) P. Mendes, 2014-05-20. The historical involvement of Jews in the political Left is well known but far less attention has been paid to the political and ideological factors which attracted Jews to the Left. After the Holocaust and the creation of Israel, many lost their faith in universalistic solutions yet lingering links between Jews and the Left continue to exist.

[Routledge Library Editions: Racism and Fascism](#) Various, 2021-06-23. This set gathers together a collection of out-of-print titles, all classics in their field. Reissued for the first time in some years, they offer an insightful reference resource to a variety of topics. From Professor Colin Holmes's groundbreaking studies of racism in British society to Professor Kitchen's analysis of the rise of fascism in pre-war Austria, these books shed much light on society's recent dark past.

The Cambridge History of Twentieth-Century Political Thought Terence Ball, Richard Bellamy, 2003-08-14. Table of contents.

[Encyclopedia of the Jewish Diaspora](#) M. Avrum Ehrlich, 2008-10-03. This three

volume work is a cornerstone resource on the evolution and dynamics of the Jewish Diaspora as it played out around the world from its beginnings to the present Encyclopedia of the Jewish Diaspora Origins Experiences and Culture is the definitive resource on one of world history's most curious phenomena encompassing the communities cultures ethnicities and experiences created by the Diaspora in every region of the world where Jews live or Jewish ancestry exists The encyclopedia is organized in three volumes The first includes 100 essays on the Jewish Diaspora experience with coverage ranging from ethnography and demography to philosophy history music and business The second and third volumes feature hundreds of articles and essays on Diaspora regions countries cities and other locations With an editorial board of renowned Jewish scholars and with an extraordinarily accomplished team of contributors Encyclopedia of the Jewish Diaspora captures the full scope of its subject like no other reference work before it
