Baine Harris, 1954 **The Third Ennead of Plotinus** Plotinus, 2017-11-24 Plotinus was a major Greek speaking philosopher of the ancient world In his philosophy there are three principles the One the Intellect and the Soul His teacher was Ammonius Saccas and he is of the Platonic tradition Historians of the 19th century invented the term Neoplatonism and applied it to him and his philosophy which was influential in Late Antiquity Much of the biographical information about Plotinus comes from Porphyry's preface to his edition of Plotinus Enneads His metaphysical writings have inspired centuries of Pagan Islamic Jewish Christian and Gnostic metaphysicians and mystics Plotinus was a major Greek speaking philosopher of the ancient world In his philosophy there are three principles the One the Intellect and the Soul His teacher was Ammonius Saccas and he is of the Platonic tradition Historians of the 19th century invented the term Neoplatonism and applied it to him and his philosophy which was influential in Late Antiquity Much of the biographical information about Plotinus comes from Porphyry's preface to his edition of Plotinus Enneads His metaphysical writings have inspired centuries of Pagan Islamic Jewish Christian and Gnostic metaphysicians and mystics **The Platonizing Sethian Background of Plotinus's Mysticism** Zeke Mazur, 2020-10-12 In *The Platonizing Sethian Background of Plotinus's Mysticism* Zeke Mazur offers a radical reconceptualization of Plotinus with reference to Gnostic thought and praxis A crucial element in the thought of the third century CE philosopher Plotinus his conception of mystical union with the One cannot be understood solely within the conventional history of philosophy or as the product of a unique sui generis psychological propensity This monograph demonstrates that Plotinus tacitly patterned his mystical ascent to the One on a type of visionary ascent ritual that is first attested in Gnostic sources These sources include the Platonizing Sethian tractates Zostrianos NHC VIII 1 and Allogenes NHC XI 3 of which we have Coptic translations from Nag Hammadi and whose Greek Vorlagen were known to have been read in Plotinus's school The Riddle of Christian Mystical Experience Paul Mommaers, 2003 A distinctive feature of mystical experience is that it is imageless Mystics of various traditions witness indeed to their going beyond all intermediaries so as to enjoy immediate union Understandably the idea of imageless immediacy is attractive and it is especially in vogue with those who hope to discover that different religious spiritualities converge if only the particularity of say the Christian way would be left behind However a crucial question arises here If mystical union consists in simply transcending what is part and parcel of the human condition where is its relevance Is the mystic as such in a position to be his or her human self thinking and loving enjoying and suffering Can he or

she be active in the world of humankind Obviously it is especially in the Christian tradition that this matter comes to the fore as a radical difficulty For here there is the divine Image and Mediator so much so that the Humanity of Jesus ought to be integral to a person's union with God Perhaps the Christian mystic is such an extraordinary figure that the Humanity and all other images and intermediaries are for him or her at best a stepping stone that is bound to disappear The Riddle of Christian Mystical Experience aims to clarify this issue by analyzing the writings of such visionaries as Julian of Norwich Teresa of Avila and Maria Petyt of the ecstasy minded masters Richard of Saint Victor Bernard of Clairvaux and Bonaventure describing Francis of Assisi's experience of the cream of the Flemish mystics namely Hadewijch and Jan van Ruusbroec Nevertheless the preference for the mystical text does not prevent the Riddle from drawing on the insights of modern philosophers such as Jean Paul Sartre and Jean Luc Marion when treating of images and idols or Michael Polanyi and Ludwig Wittgenstein when reflecting on intermediaries The main result of this procedure may come as a surprise Far from turning into a detached creature who forgets about the Humanity and the human the full fledged mystic is as a Flemish mystic puts it wholly in God where he rests in enjoyment and wholly in himself where he loves with works Experiencing union with intermediary and without intermediary the true Christian mystic is unimaged as well as imaged upon the humanity of our Lord through heartfelt affection

A History of Mysticism Richard H. Jones, 2024-04-01 This book offers a historical overview of mysticism in the world's major religious traditions Beginning with a chapter on the nature of mystical experiences A History of Mysticism then turns to a discussion of mysticism's prehistory in shamanism and the early use of psychedelics The possible role of mystical experiences among early Greek philosophers including Socrates and Plato is subsequently addressed followed by chapters on mysticism in Judaism Christianity Islam Hinduism Buddhism Daoism and a variety of present day iterations including New Age mysticism secular mysticism and the scientific study of mystical experiences An appendix covering popular misunderstandings of mystical experiences and mysticism is also included Written in a clear accessible style this book is suitable for students of religion and philosophy as well as general readers interested in mysticism and the world's variety of mystical traditions

PLOTINUS Ennead IV.8 Barrie Fleet, 2012-06-06 Plotinus was much exercised by Plato's doctrines of the soul In this treatise at chapter 1 line 27 he talks of the divine Plato who has said in many places in his works many noble things about the soul and its arrival here so that we can hope for some clarity from him So what does the philosopher say It is clear that he does not always speak with sufficient consistency for us to make out his intentions with any ease The issue in this treatise is one that has puzzled students of Plato from ancient to modern times and is indeed a popular topic for undergraduate essays even today Why should the philosopher who has ascended through a long and painful process of dialectic to assimilation to the divine ever descend back into the

body Plotinus himself is said by Porphyry to have attained such a state of other worldly transcendence on at least four occasions during his lifetime so this was a very real and personal issue for him In this treatise we see him grappling with it
