

The Neglected Shakespeare

Clifford Lane

The Neglected Shakespeare:

The Neglected Shakespeare William Shakespeare, George Glencairn Urwin, 1969 **Parallel Lives** Louise Fothergill-Payne, 1991 In *Parallel Lives* the contributors observe particular Spanish and English plays from the perspective of the numerous parallels and apparent similarities in the evolution of this art form in the two countries Illustrated *The Neglected C. S. Lewis* Mark Neal, Jerry Root, 2020-06-18 Readers who can quote word for word from C S Lewis s theological classic *Mere Christianity* or his science fiction novel *Perelandra* have often never read his work as a professional literary historian They may not even recognize some of the neglected works discussed here Mark Neal and Jerry Root have done students of Lewis a great service tracing the signature ideas in Lewis s works of literary criticism and showing their relevance to Lewis s more familiar books Their thorough research and lucid prose will be welcome to all who would like to understand Lewis more fully but who feel daunted by books of such evident scholarly erudition For example when you read *The Discarded Image* on the ancients view of the heavens you understand better why Ransom has such unpleasant sensations when first descending toward Malacandra in *Out of the Silent Planet* And when you come across Lewis s discussion in *OHEL* of a minor sixteenth century poet who described the hellish River Styx as a puddle glum you can t help but chuckle at the name when you meet the famous Marshwiggle in *The Silver Chair* These are just two examples of how reading the *Neglected Lewis* can help every reader understand Lewis more fully **Shaw, the Neglected Plays** Alfred Turco, 1987 Why does such a large proportion of the criticism devoted to Shawian drama deal with such a surprisingly small number of plays Of Shaw s more than fifty works for the stage few are looked at and many deserve closer attention This volume dealing with pieces of lesser prominence in the canon aims to enrich our sense of the range and depth of Shaw s achievement as a playwright Contributors to *Shaw 7* have construed neglect broadly to include dramas slighted on the stage on the page or both Fresh perspectives are offered on two dozen full length and shorter plays ranging from *The Philanderer* 1893 to *Shakes Versus Shav* *The Neglected Plays* presents the latest work by such well known critics as Charles A Berst on *The Man of Destiny* Frederick P W McDowell on *You Never Can Tell* and Barbara Bellow Watson on *The Apple Cart* as well as essays by promising younger scholars on plays such as *Passion Poison* and *Petrifaction* and *Buoyant Billions* A collection of newspaper pieces revives no less an expert than Shaw himself on the subject of his own neglected plays Finally an exhaustive bibliographical article by Charles A Carpenter points toward possibilities for future research Shaw 7 *The Neglected Plays* challenges some established critical assumptions in the process revealing Shaw to be a far more self conscious modernist than is usually supposed The book will be of interest not just to professional Shawians but also to all who share a love for the modern theater *Shakespeare's Forgotten Allegory* Julian Real, 2023-12-22 Shakespeare s *Forgotten Allegory* posits three startling points that we have today forgotten a cultural icon that helped to bring about the Renaissance that this character used to distil classical wisdom regarding how to raise children to become moral adults consistently appeared in plays

performed between 1350 and 1650 and that the character was often utilised by the likes of Shakespeare and Ben Jonson and therefore adds a long forgotten allegorical narrative to their works This evidence based reappraisal of some of the most iconic works in Western literature suggests that a core element of their content has been lost for centuries This text will appeal to anyone with an interest in late medieval and early modern drama especially the works of Shakespeare to those interested in the history of teaching and child rearing to anyone curious about the practical application of philosophy in society to anyone that would like to know more about the crucial and defining period today known as the Renaissance and how and why society was redesigned by those with influence and to all those who would like to know more about how history which though sometimes misplaced continues to influenced our modern world *The Shakespearean World* Jill L Levenson, Robert Ormsby, 2017-03-27 The Shakespearean World takes a global view of Shakespeare and his works especially their afterlives Constantly changing the Shakespeare central to this volume has acquired an array of meanings over the past four centuries Shakespeare signifies the historical person as well as the plays and verse attributed to him It also signifies the attitudes towards both author and works determined by their receptions Throughout the book specialists aim to situate Shakespeare s world and what the world is because of him In adopting a global perspective the volume arranges thirty six chapters in five parts Shakespeare on stage internationally since the late seventeenth century Shakespeare on film throughout the world Shakespeare in the arts beyond drama and performance Shakespeare in everyday life Shakespeare and critical practice Through its coverage The Shakespearean World offers a comprehensive transhistorical and international view of the ways this Shakespeare has not only influenced but has also been influenced by diverse cultures during 400 years of performance adaptation criticism and citation While each chapter is a freshly conceived introduction to a significant topic all of the chapters move beyond the level of survey suggesting new directions in Shakespeare studies such as ecology tourism and new media and making substantial contributions to the field This volume is an essential resource for all those studying Shakespeare from beginners to advanced specialists *Shakespeare's Bastard* Simon Stirling, 2016-02-04 Sir William Davenant 1606 1668 Poet Laureate and Civil War hero is one of the most influential and neglected figures in the history of British theatre He introduced opera actresses scenes and the proscenium arch to the English stage Narrowly escaping execution for his Royalist activities during the Civil War he revived theatrical performances in London right under Oliver Cromwell s nose Nobody perhaps did more to secure Shakespeare s reputation or to preserve the memory of the Bard Davenant was known to boast over a glass of wine that he wrote with the very spirit of Shakespeare and was happy to be thought of as Shakespeare s son By recounting the story of his eventful life backwards through his many trials and triumphs this biography culminates with a fresh examination of the vexed issue of Davenant s paternity Was Sir William s mother the voluptuous and maddening Dark Lady of Shakespeare s Sonnets and was he Shakespeare s lovely boy *The Drama in Shakespeare's Sonnets* Mark Jay Mirsky, 2011-07-16 The Drama in Shakespeare s Sonnets A Satire to Decay is a work of

detective scholarship Unable to believe that England's great dramatist would publish a sequence of sonnets without a plot Mark Jay Mirsky novelist playwright and professor of English proposes a solution to a riddle that has frustrated scholars and poets alike Arguing that the Sonnets are not just a higgledy piggledy collection of poems but were put in order by Shakespeare himself and drawing on the insights of several of the Sonnets foremost contemporary scholars Mirsky examines the Sonnets poem by poem to ask what is the story of the whole Mirsky takes Shakespeare at his own word in Sonnet 100 where the poet tongue in cheek advises his lover to regard time's spoils in this case any wrinkle graven in his cheek as but a satire to decay The comfort is obviously double edged but it can also be read as a mirror of Shakespeare's satire on himself as if to praise his own wrinkles and reflects the poet's intention in assembling the Sonnets to satirize the playwright's own decay as a man and a lover In a parody of sonnet sequences written by his fellow poets Spenser and Daniel Shakespeare's mordant wit conceals a bitter laugh at his own romantic life The Drama in Shakespeare's Sonnets demonstrates the playwright's wish to capture the drama of the sexual betrayal as he experienced it in a triangle of friendship and eroticism with a man and a woman It is a plot however that the playwright does not want to advertise too widely and conceals in the 1609 Quarto from all but a very few Despite Shakespeare's moments of despair at his male friend's betrayal and the poet's cursing at the sexual promiscuity of the so called Dark Lady The Drama in Shakespeare's Sonnets sees the whole as a satire by Shakespeare and particularly when read with the poem that accompanied it in the 1609 printing A Lover's Complaint as a laughing meditation on the irrepressible joy of sexual life

Shakespeare's Literary Lives Paul Franssen, 2016-01-21 This is an entertaining account of Shakespeare's afterlives in fiction Paul Franssen offers the first sustained analysis of stories and films that involve the character of Shakespeare Taking a broad international and historical perspective he shows how fictions about Shakespeare help us understand what he meant to a certain age nation or author and how they have become a vital aspect of the Shakespeare industry Appearing sometimes as a ghost or time traveller fictional Shakespeares have been made to speak to many issues such as the French Revolution the Irish conflict colonialism the Anglo American relationship sexual orientation race and class Written in an accessible style this book will appeal to advanced students as well as academic researchers in Shakespeare studies film and cultural studies literary reception and creative writing

The Arden Research Handbook of Contemporary Shakespeare Criticism Evelyn Gajowski, 2020-10-15 The Arden Research Handbook of Contemporary Shakespeare Criticism is a wide ranging authoritative guide to research on critical approaches to Shakespeare by an international team of leading scholars It contains chapters on 20 specific critical practices each grounded in analysis of a Shakespeare play These practices range from foundational approaches including character studies close reading and genre studies through those that emerged in the 1970s and 1980s that challenged the preconceptions on which traditional liberal humanism is based including feminism cultural materialism and new historicism Perspectives drawn from postcolonial queer studies and critical race studies besides more recent critical practices including presentism ecofeminism and cognitive

ethology all receive detailed treatment In addition to its coverage of distinct critical approaches the handbook contains various sections that provide non specialists with practical help an A Z glossary of key terms and concepts a chronology of major publications and events an introduction to resources for study of the field and a substantial annotated bibliography
