Second Edition

The New Exploring American History

**Melvin Schwartz, John Richard
O'Connor, Globe Book Company**

The New Exploring American History:

The New Exploring American History Melvin Schwartz, John Richard O'Connor, 1981 Traces the history of the United States from the arrival of the first explorers to the present day *Exploring American History* D. H. Montgomery, 2007-08

Exploring American History Tom Lansford, Thomas E. Woods, Jr., 2007-09 Americans are fond of describing their country as a young nation Though there is much in that description that is true it should not obscure the richness and variety of the nations past that provides the indispensable key to understanding the nations present This completely new reference set examines in detail the formative stages of Americas essential past from European settlement of the Western Hemisphere and the displacement of indigenous peoples to the birth of the United States and its astonishing growth in both population and territory from a modest confederation of thirteen independent states **The New Exploring American**

History. Workbook Melvin Schwartz, John Richard O'Connor, Globe Book Company, 1981 Traces the history of the United States from the arrival of the first explorers to the present day *Exploring American Jewish History through 50 Historic Treasures* Avi Y. Decter, 2024-03-05 Exploring American Jewish History through 50 Historic Treasures offers students and general readers new perspectives on the rich complexity of Jewish experiences in America As one of America s most fascinating and enduring minorities American Jews have played key roles in every era of American history and every region of the country The 50 treasures are depicted in full color and range from a family cookbook to a college campus and include items that are iconic ordinary and whimsical Each of the treasures is described in historical material and visual contexts offering readers new unexpected insights into the meanings of Jewish life history and culture The Politics of the Textbook Michael Apple, Linda Christian-Smith, 2017-09-08 The Politics of the Textbook analyzes the factors that shape production distribution and reception of school texts through original essays which emphasize the double edged quality of textbooks Textbooks are viewed as systems of moral regulation in the struggle of powerful groups to build political and cultural accord They are also regarded as the site of popular resistance around dislodging the interest underlying school knowledge and incorporating alternative traditions **Teaching White Supremacy** Donald Yacovone, 2023-10-24 A powerful exploration of the past and present arc of America s white supremacy from the country s inception and Revolutionary years to its 19th century flashpoint of civil war to the Civil Rights movement of the 1960s and today s Black Lives Matter The most profoundly original cultural history in recent memory Henry Louis Gates Jr Harvard University Stunning timely an achievement in writing public history Teaching White Supremacy should be read widely in our roiling debate over how to teach about race and slavery in classrooms David W Blight Sterling Professor of American History Yale University author of the Pulitzer Prize winning Frederick Douglass Prophet of Freedom Donald Yacovone shows us the clear and damning evidence of white supremacy s deep seated roots in our nation s educational system through a fascinating in depth examination of America s wide assortment of texts from primary readers to college textbooks from popular histories to the most influential academic

scholarship Sifting through a wealth of materials from the colonial era to today Yacovone reveals the systematic ways in which this ideology has infiltrated all aspects of American culture and how it has been at the heart of our collective national identity Yacovone lays out the arc of America's white supremacy from the country's inception and Revolutionary War years to its nineteenth century flashpoint of civil war to the civil rights movement of the 1960s and today's Black Lives Matter In a stunning reappraisal the author argues that it is the North not the South that bears the greater responsibility for creating the dominant strain of race theory which has been inculcated throughout the culture and in school textbooks that restricted and repressed African Americans and other minorities even as Northerners blamed the South for its legacy of slavery segregation and racial injustice A major assessment of how we got to where we are today of how white supremacy has suffused every area of American learning from literature and science to religion medicine and law and why this kind of thinking has so insidiously endured for more than three centuries *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1964 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July December Exploring American History Mabel B. Casner, Ralph Henry Gabriel, 1938 **The Textbook as Discourse** Eugene F. Provenzo, Jr., Annis N. Shaver, Manuel Bello, 2011-01-24 This book is about the social political and cultural content of elementary and secondary textbooks in American education It focuses on the nature of the discourses the content and context that represent what is included in textbooks
