from so many different countries been among the world's best. Lastly Padel whose popularity is breaking all records and spreading around the world with incredible speed. The commonality of all the above games is definitely the fact that they are easy to enjoy. On the other hand they are complex games where the performance at the highest level depends on several parameters and their synergistic effects. This particular Research Topic aims to encourage researchers in the field to publish their latest findings on various areas that have a significant impact on either the popularity of the sport, healthy lifestyle or the achievement of excellence in an elite environment. These areas certainly include sociological, physiological and psychological aspects as well as aspects of appropriate physical conditioning and planning of the training process or performance analysis either in terms of biomechanics, techniques, tactics or movement behavior. Contributors are encouraged to submit manuscripts such as Original research, Systematic Reviews, Methods, Curriculum, Instruction and Pedagogy, Data Reports, Technology and Code.
