Sky High Amazing Story Of Bskyb:

The Curse of the Mogul Jonathan A. Knee, Bruce C. Greenwald, Ava Seave, 2009-10-15 If Rupert Murdoch and Sumner Redstone are so smart why are their stocks long term losers We live in the age of big Media with the celebrity moguls telling us that content is king But for all the excitement glamour drama and publicity they produce why can't these moguls and their companies manage to deliver better returns than you'd get from closing your eyes and throwing a dart The Curse of the Mogul lays bare the inexcusable financial performance beneath big Media's false veneer of power By rigorously examining individual media businesses the authors reveal the difference between judging a company by how many times its CEO is seen in Sun Valley and by whether it generates consistently superior profits The book is packed with enough sharp edged data to bring the most high flying hot air filled mogul balloon crashing down to earth And the Sun Shines Now Adrian Tempany, 2016-05-20 SHORTLISTED FOR THE GORDON BURN PRIZE FEATURED IN THE OBSERVER'S SPORTS WRITERS BOOKS OF THE YEAR On 15 April 1989 96 people were fatally injured on a football terrace at an FA Cup semi final in Sheffield The Hillsborough disaster was broadcast live on the BBC it left millions of people traumatised and English football in ruins And the Sun Shines Now is not a book about Hillsborough It is a book about what arrived in the wake of unquestionably the most controversial tragedy in the post war era of Britain's history The Taylor Report Italia 90 Gazza's tears All seater stadia Murdoch Sky Nick Hornby The Premier League The transformation of a game that once connected club to community to individual into a global business so rapacious the true fans have been forgotten disenfranchised In powerful polemical prose against a backbone of rigorous research and interviews Adrian Tempany deconstructs the past quarter century of English football and examines its place in the world How did Hillsborough and the death of 96 Liverpool fans come to change the national game beyond recognition And is there any hope that clubs can reconnect with a new generation of fans when you consider the startling statistic that the average age of season ticket holder here is 41 compared to Germany's 21 Perhaps the most honest account of the relationship between the football and the state yet written And the Sun Shines Now is a brutal assessment of the modern game The Accidental Investment Banker Jonathan A. Knee, 2006-08-15 Jonathan A. Knee had a ringside seat during the go go boom and bust decade and into the 21st century at the two most prestigious investment banks on Wall Street Goldman Sachs and Morgan Stanley In this candid and irreverent insider's account of an industry in free fall Knee captures an exhilarating era of fabulous deal making in a free wheeling Internet economy and the catastrophe that followed when the bubble burst Populated with power players back stabbers celebrity bankers and godzillionaires here is a vivid account of the dramatic upheaval that took place in investment banking Indeed Knee entered an industry that was typified by the motto first class business in a first class way and saw it transformed in a decade to a free for all typified by the acronym IBG YBG I'll be gone you'll be gone Increasingly mercenary bankers signed off on weak deals knowing they would leave them in the rear view mirror Once investment bankers prospered largely

on their success in serving the client preserving the firm and protecting the public interest Now in the financial supermarket era bankers felt not only that each day might be their last but that their worth was tied exclusively to how much revenue they generated for the firm on that day regardless of the source Today most young executives feel no loyalty to their firms and among their clients Knee finds an unprecedented but understandable level of cynicism and distrust of investment banks Brimming with insight into what investment bankers actually do and told with biting humor and unflinching honesty The Accidental Investment Banker offers a fascinating glimpse behind the scenes of the most powerful companies on Wall Street

The Successor Paddy Manning, 2022-11-01 Rupert s stepped down What now The first major biography of Lachlan Murdoch unauthorised and complete After years of speculation about his succession plans in 2023 Rupert Murdoch announced his retirement and the appointment of his eldest son Lachlan as sole chair of News Corp The decision confirmed Lachlan s position as one of the world s most powerful people Yet despite a lifetime in the spotlight his personality politics and business acumen remain enigmatic What can we expect from his leadership of News Corp and Fox and what will his ascension mean for politics and media around the world In this riveting biography acclaimed journalist Paddy Manning explores Lachlan Murdoch s upbringing political beliefs and his track record as head of Fox Corporation the man ultimately responsible for Fox News Manning follows Lachlan s trajectory from a privileged Manhattan childhood through his college years at Princeton his shock decision to walk away from the family business and his ultimate return as the prodigal son The portrait that emerges is one of intriguing contradictions Is Lachlan a risk loving adventurer or a dutiful son Ultra conservative or thoughtful libertarian Scarred by a series of spectacular business failures or an underrated leader who has shrewdly repositioned his family s assets This is a book about the good the bad and the ugly of the global media and about America in the age of Trump and Biden It is a book about power apprenticeship politics and succession It s a brave man to take on an autobiography of one of the richest and most powerful men in global media Crikey It is hard to think of a better time to write an account of the life and times of Lachlan Murdoch heir apparent to the News Corp throne or of a better writer to do it Who Lachlan Murdoch is how he thinks and what he does with his power is vital to Australian democracy Paddy Manning has it all covered Monica Attard author of Russia Which Way Paradise Television in the Streaming Era Jean Chalaby, 2023-04-06 This book explores the value chain that underpins the TV industry and reveals how digital technologies are accelerating the global shift **American Television on British Screens** P. Rixon, 2006-05-02 This work explores how American programmes have become an important part of British television culture since the 1950 s moving from schedule fillers to cornerstones and must see attractions The book analyses popular and industrial discourses the changing roles of such programmes on British screens and interviews with key British broadcasters **The Ascent of Media** Roger Parry, 2011-09-22 Our society is shaped by our media now more than at any time in history They play a crucial role in culture commerce and politics alike The Ascent of Media is the first book to look at the new digital era in the context of all that has

gone before and to build on the past to describe the media landscape of the future Roger Parry takes us on a journey from the earliest written story the Legend of Gilgamesh etched on clay tablets to the Gutenberg press and from the theatres of Athens to satellite TV and the coming semantic web Tracing 3000 years of history he shows how today's media have been shaped by the interaction of politics economics and technology He explains why Britain has the public service BBC whilst America developed the private broadcasting networks ABC CBS FOX and NBC He profiles the people and organizations that have created the media world and reveals the often surprising stories behind such ubiquitous items as the keyboard telephone dial and tabloid The book shows that issues of today such as a sensationalist press piracy monopoly walled gardens and balancing advertising and subscription revenue have all happened before Each upheaval in the media world the development of moveable type printing in the 1450s the telegraph network in the 1850s radio broadcasting in the 1920s and digital distribution in the 2000s created huge fortunes challenged authority and raised fundamental issues of copyright privacy and censorship Traditional media then adapt evolve and go on to thrive in the face of competition The convergence of the internet mobile phones and tablet computers is now transforming our culture Established media giants are struggling while new firms like Google and Apple are thriving The superabundance of media with increasing amounts generated by consumers themselves means that media professionals are becoming curators as much as creators of content The Ascent of Media traces the story of media from clay tablets to tabloids to the tablet computer It relates how we got where we are and based on the experience of history where we are likely to go next

Rugby Union and Globalization J. Harris, 2010-08-18 In 1995 rugby union finally became a professional sport following more than a century as an amateur game This book offers a critical analysis of the sport in the professional era and assesses the relationship between the local and the global in contemporary rugby union

Market-Driven Politics Colin Leys, 2020-05-05 With the globalisation of the capitalist economy the economic role of national governments is now largely confined to controlling inflation and facilitating home grown market performance This represents a fundamental shift in the relationship between politics and economics it has been particularly marked in Britain but is relevant to many other contexts Market Driven Politics is a multi level study moving between an analysis of global economic forces through national politics to the changes occurring week by week in two fields of public life that are both fundamentally important and familiar to everyone television broadcasting and health care Public services like these play an important role because they both affect the legitimacy of the government and are targets for global capital This book provides an original analysis of the key processes of commodification of public services the conversion of public service workforces into employees motivated to generate profit and the role of the state in absorbing risk Understanding the dynamics of each of these trends becomes critical not just for the analysis of market driven politics but also for the longer term defence of democracy and the collective values on which it depends

Cross-media Promotion Jonathan Hardy, 2010 Cross media promotion is one of the most salient characteristics in our modern media

systems arising out of a context that involves virtually every level of media studies media ownership advertising and funding technological trends and regulatory issues the latter a specialty of the author of this book These factors often work together and Hardy is masterful in interweaving in an insightful but accessible way the complexity of media promotion From the Foreword by Matthew P McAllister Penn State University Book Jacket
