Development and Employment of Fixed-wing Gunships, 1962-1972 Jack S. Ballard, 1982 *Development and employment of fixed-wing gunships 1962-1972* , **Gunship Pilot** Robert F. Hartley, 2015-02-24 It was 1968 and Robert Hartley was on his first combat mission in Vietnam as copilot of a helicopter gunship As he and his platoon leader flew over the A Shau Valley a Chinook helicopter engulfed in flames suddenly came into view Hartley noticed tiny black smoking objects exiting the tail ramp of the aircraft Seconds later he realized those objects were men escaping the flames and plunging to their deaths It was in that moment that he silently wondered How the hell did I get here Mr Hartley was still wet behind the ears when he was tossed into the cauldron of Americas most unpopular war as an attack helicopter gunship pilot As he shares a gripping birds eye view of battles that took him from the Demilitarized Zone in the north to the Mekong Delta in the south Mr Hartley compellingly details how he learned to rely on his superior training and equipment to follow through with his mission to kill the enemy and save the lives of his fellow soldiers below Gunship Pilot provides an unforgettable glimpse into two combat tours of duty in Vietnam as a helicopter pilot soaring high above rice paddies and jungles attempts to fulfill his duty of protecting Americas warriors on the ground **Skyfire** Mack Maloney, 2013-06-18 The threat of nuclear war keeps Hawk Hunter in the cockpit from the author who delivers desperate raw 200 proof action Stephen Coonts In the chaos that followed the end of World War III Major Hawk Hunter took refuge in the arms of a woman named Dominique As he waged war against the Soviets fighting to restore the United States the nation s greatest fighter pilot and the woman he loved became the most famous couple of the Free World But Hunter s campaign soon tore them apart and he was forced to send her to Canada where his enemies claimed Dominique as their own Drugged tortured and imprisoned she waits helplessly praying for his return After leading a daring raid to rescue his beloved Hunter announces his retirement declaring that only a nuclear threat could get him back into the cockpit But such a threat is coming in the sleek black nuclear submarines now steaming toward the eastern seaboard whose warheads threaten everything Hunter has fought to rebuild Skyfire is the eighth book of the Wingman series which also includes Wingman and The Circle War **LRRP Company Command** Gregg P. Jorgenson, 2007-12-18 A gripping account of ordinary men with extraordinary courage and heroism who had one last chance to make good and one helluva war zone to do it in The new commander of the Company E 52d Infantry LRRPs Capt George Pacerelli was tough but the men s new AO was brutal It was bad enough that the provinces of Binh Long Phuoc Long and Tay Ninh bordered enemy friendly Cambodia but their vast stretches of double and triple canopy jungle were also home to four crack enemy divisions including the Viet Cong s notorious 95C Regiment Only the long range patrols could deliver the critical strategic intelligence that the 1st Cav so desperately needed Outmanned outgunned far from safety these LRRPs stalked the enemy to his lair staging bold prisoner snatches and tracking down hidden jungle bases Hiding in ambush surrounded by NVA these teams either pulled off spectacular escape and evasion maneuvers in running

firefights or died trying *Vietnam Firebases 1965-73* Randy E. M Foster,2012-08-20 Artillery fire support bases of the Freeworld forces played a critical role in the conduct of operations during the Vietnam War They served to lay down high volume fire on enemy firing sites supported friendly infantry operations and executed harassing fire missions where exact targets were not known But the firebases themselves which housed a range of other facilities such as troop shelters surveillance radars and command centers had to be defended against ground attack and as a result became significant fortifications in their own right This book describes the design development and operational history of the fire support bases throughout the conflict *Returning Fire* Col. James W. Booth,2011-09-28 This book is the factual story of the development of armed helicopters in the US Army and their first employment in combat The story is dramatically told by the courageous men who lived it flying daily into enemy infested areas facing murderous fire from automatic and anti aircraft weapons In late 1961 the US Government deployed five Transportation Helicopter Companies H 21 lift ships to South Vietnam to increase the mobility of South Vietnamese ground forces The Viet Cong quickly recognized that the H 21s were unarmed and began shooting at them endangering the lives of American crewmen A helicopter company equipped with 25 UH 1 helicopters had been cobbled together on Okinawa by the Commander US Army Pacific Believing the company was soon to be deployed to Vietnam the men assigned to the unit armed its helicopters by scrounging weapons systems left over from WW II and Korea stored in Army Air Force depots in Okinawa Machine guns and 2 75 inch rockets were jury rigged onto the UH 1s Officially designated the Utility Tactical Helicopter Company but widely known as the UTT the company deployed to Saigon in September 1962 After some jurisdictional squabbles with the Air Force over roles and missions UTT began combat operations in October It quickly became widely known for professionalism and the courage of its crew members Such was its fame that for years South Vietnamese military personnel called all armed helicopters UTT Unfortunately over its years in RVN the Company endured frequent designation changes UTT 68th 197th 334th Armed Helicopter Company Why remains a mystery even today The Companys legacy is strong and endures today Armed helicopters are a major component of US Army combat forces The current Army Apache program over 600 is a direct descendent Additionally the Marines and Navy have strong armed helicopter programs as does every major military power in the world Ironically it all began with a small group of courageous men mounting scavenged weapons mostly outmoded on helicopters originally designed for medical evacuation This is their story **Black Souls** Patrick E. Thomas,2014-05-19 Patrick E Thomas attended Arizona State University and graduated magna cum laude with degrees in business administration and criminal justice He worked for Lockheed Martin Corporation for twenty nine years where he became very knowledgeable about airborne weapon systems This is Patricks third novel *Airman* ,1969 **The Encyclopedia of the Vietnam War** Bloomsbury Publishing,2011-05-20 Now in its second edition this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in U S history The Vietnam War lasted more than a decade was the longest war in U S history and cost

the lives of nearly 60 000 American soldiers as well as millions of Vietnamese many of whom were uninvolved civilians The lessons learned from this tragic conflict continue to have great relevance in today s world Now in its second edition The Encyclopedia of the Vietnam War A Political Social and Military History adds an entire additional volume of entries to the already exhaustive first edition making it the most comprehensive reference available about one of the most controversial events in U S history Written to provide multidimensional perspectives into the conflict it covers not only the American experience in Vietnam but also the entire scope of Vietnamese history including the French experience and the Indochina War as well as the origins of the conflict how the United States became involved and the extensive aftermath of this prolonged war It also provides the most complete and accurate order of battle ever published based upon data compiled from Vietnamese sources This latest release delivers even more of what readers have come to expect from the editorship of Spencer C Tucker and the military history experts at ABC CLIO Congressional Record United States. Lindsey, 2012 We could call this book Special Operations Recon Mission Impossible A small group of highly trained resourceful US Special Forces SF men is asked to go in teams behind the enemy lines to gather intelligence on the North Vietnamese Army units that had infiltrated through Laos and Cambodia down the Ho Chi Minh trails to their secret bases inside the Cambodian border west of South Vietnam The covert reconnaissance teams of only two or three SF men with four or five experienced indigenous mercenaries each were tasked to go into enemy target areas by foot or helicopter insertion They could be 15 kilometers beyond any other friendly forces with no artillery support In

sterile uniforms with no insignia or identification if they were killed or captured their government would deny their military connection The enemy had placed a price on their heads and had spies in their Top Secret headquarters known as SOG SOG had three identical recon ground units along the border areas This book tells the history of Command and Control Detachment South CCS The CCS volunteer warriors and its Air Partners the Army and Air Force helicopter transport and gunship crews who lived and fought together and sometimes died together This is the first published history of CCS as compiled by its last living commander some forty years after they were disbanded It tells of the struggles and intrigue involved in SOG s development as the modern day legacy of our modern Special Operations Commands Forbidden to tell of their experiences for over twenty years their After Action Reports destroyed even before they were declassified surviving veterans team together to tell how Recon men wounded averaged 100 percent and SOG became the most highly decorated unit in Vietnam and all were awarded the Presidential Unit Citation **We Remember** Edward L.
