Soldiers Side Of The Nez Perce War:

The Soldiers' Side of the Nez Perce War Bear Creek Press, Mark Highberger, 2003-03-01 **The Nez Perce Indians and the Opening of the Northwest** Alvin M. Josephy, 1997 This is the story of the so called Inland Empire of the Northwest that rugged and majestic region bounded east and west by the Cascades and the Rockies from the time of the great exploration of Lewis and Clark to the tragic defeat of Chief Joseph in 1877 Explorers fur traders miner settlers missionaries ranchers and above all a unique succession of Indian chiefs and their tribespeople bring into focus one of the permanently instructive chapters in the history of the American West **The Dying Grass** William T. Vollmann, 2016-07-26 From the National Book Award winning author of *Europe Central* a dazzling fictional account of the epic fighting retreat of the Nez Perce Indians In this fifth installment in his acclaimed *Seven Dreams* series of novels examining the collisions between Native Americans and European colonizers William T Vollmann tells the story of the epic fighting retreat of the Nez Perce Indians with flashbacks to the Civil War Defrauded and intimidated at every turn the Nez Percés finally went on the warpath in 1877 subjecting the U S Army to its greatest defeat since Little Big Horn the previous year as they fled from northeast Oregon across Montana to the Canadian border Vollmann's main character is not the legendary Chief Joseph but his pursuer General Oliver Otis Howard the brave shy tormented devoutly Christian Civil War veteran In this novel we see him as commander father son husband friend and killer Teeming with many vivid characters on both sides of the conflict and written in an original style in which the printed page works as a stage with multiple layers of foreground and background *The Dying Grass* is another mesmerizing achievement from one of the most ambitious writers of our time **Nez Perce Summer, 1877** Jerome A. Greene, 2022-09 *Nez Perce Summer 1877* tells the story of a people's epic struggle to survive spiritually culturally and physically in the face of unrelenting military force Written by one of the foremost experts in frontier military history Jerome A Greene and reviewed by members of the Nez Perce tribe this definitive treatment of the Nez Perce War is the first to incorporate research from all known accounts of Nez Perce and U S military participants Enhanced by sixteen detailed maps and forty nine historic photographs Greene's gripping narrative takes readers on a three and one half month 1 700 mile journey across the wilds of Idaho Wyoming and Montana territories All of the skirmishes and battles of the war receive detailed treatment which benefits from Greene's astute analysis of the strategies and decision making on both sides Between 100 and 150 of the more than 800 Nez Perce men women and children who began the trek were killed during the war Almost as many died in the months following the surrender after they were exiled to malaria ridden northeastern Oklahoma Army deaths numbered 113 The casualties on both sides were an extraordinary price for a war that nobody wanted but whose history has since fascinated generations of Americans **National Parks**, 1999-01 The flagship publication of the National Parks Conservation Association *National Parks Magazine* circ 340 000 fosters an appreciation of the natural and historic treasures found in the national parks educates readers about the need to preserve those resources

The Historical Archaeology of Military Sites Clarence Raymond Geier, Lawrence E. Babits, Douglas Dowell Scott, David G. Orr, 2010-12-15 The recent work of anthropologists historians and historical archaeologists has changed the very essence of military history While once preoccupied with great battles and the generals who commanded the armies and employed the tactics military history has begun to emphasize the importance of the common man for interpreting events As a result military historians have begun to see military forces and the people serving in them from different perspectives *The Historical Archaeology of Military Sites* has encouraged efforts to understand armies as human communities and to address the lives of those who composed them Tying a group of combatants to the successes and failures of their military commanders leads to a failure to understand such groups as distinct social units and in some instances self-supporting societies structured around a defined social and political hierarchy regulated by law needing to be supplied and nurtured and often at odds with the human community whose lands they occupied be they those of friend or foe *The Historical Archaeology of Military Sites* will afford students professionals dealing with military sites and the interested public examples of the latest techniques and proven field methods to aid understanding and conservation of these vital pieces of the world's heritage

The "Trapdoor" Springfield John Langellier, 2018-06-28 Intended to replace the proliferation of different small arms fielded by US forces during the American Civil War the Trapdoor Springfield was designed in 1865-66 by Erskine S Allin Using metallic cartridges it could be loaded in a single action increasing the number of shots per minute as much as fivefold The new weapon quickly proved its worth in two separate incidents in August 1867 small groups of US soldiers and civilians armed with the trapdoor repulsed

numerically superior Native American contingents A simple and cost effective weapon it was used along with its variants in every US conflict in the three decades after the Civil War especially on the American frontier Drawing upon first hand accounts from US soldiers their Native American opponents and users such as buffalo hunters this is the story of the Trapdoor Springfield one of the defining weapons of the Indian Wars

A People's History of the U.S. Military Michael A.
