Solid Truth Bible Studies For Postmodern Teens:

Solid Truth Concordia Publishing House,1998 This Bible study resource helps guide postmodern and millennial youth to the right path It includes notes for leaders that deal specifically with understanding and reaching those raised in today s highly relativistic culture Based on the Apostles Creed this course provides an ecumenical foundation for learning about the Christian faith and how to live as Christians in contemporary society Supplemental notes for leaders are included with each lesson

Faith in Small Groups of Adolescents Harmen van Wijnen,2016-10-01 The church is struggling with the gap between the church and adolescents Over the last decades the problem of bridging the gap was often outsourced to youth ministry in different forms such as special youth workers faith learning programs local activities national events holidays and education of youth leaders However the overall conclusion is that over the last ten years traditional youth ministry forms cannot function as the bridge they should be the gap is too deep and too wide or perhaps the metaphor of the gap is no longer appropriate to describe the current situation regarding the church and adolescents This book aims to provide a creative and innovative contribution to the search for new paradigms in youth ministry This book shows that small groups are very important for adolescents The natural social environment greatly influences adolescents in their process of transformation from childhood to adulthood including faith socialization The emphasis on the natural social environment can be defined as follows Being goes before organizing and the individual cannot be without others Briefly being together as a basic given The conclusion of this book is that youth ministry needs a twofold turn a turn from the individual to the communal and a turn from an organized environment to a natural environment

The Roman School ,2024-03-18 Did the twentieth century patristic renewal come from nowhere Was all nineteenth century theology neo scholastic Do theologians personal failings invalidate their theologies These are the questions that guide the contributors to this volume as they reassess the legacy of the so called Roman School a nineteenth century theological network centered in the Jesuit Roman College Though not entirely uncritical The Roman College represents a collective effort at sympathetic historical retrieval It shows how various figures connected to the Roman School Perrone Passaglia Schrader Franzelin Newman Scheeben and Kleutgen engaged theologically the problems of their own day and set the stage for later theological renewal

The Bible, Sexuality, and Culture Brian Neil Peterson,2021-05-26 We are living in a rapidly changing culture Since the 1960s the changes in our sexual ethics have

become increasingly problematic How are people especially Evangelicals and other conservative Christians supposed to respond Does the Bible address these seismic changes How is a believer supposed to raise a family in the cultural chaos of the twenty first century If you have asked any of these questions before then this book is for you Peterson argues forcefully that the changes in our culture are a direct result of a postmodern and post Christian cultural rejection of the mandates established by God in the opening two chapters of Genesis The reason Western culture is imploding morally is directly connected to the Enemy s undoing of each of the Genesis mandates established by God for human and cultural flourishing With Western culture s rejection or undoing of every one of God s mandates in Genesis is there any hope for the survival of once thriving Judeo Christian cultures Peterson tackles these and many other issues in a forthright and unreserved manner This book is not for the faint of heart It is a call for a return to cultural sanity rooted in the fear of God and his Word This Littler Light Jesse James DeConto,2013-11-01 Like other evangelical kids Jesse James DeConto felt called to shine the light of truth into the world His job as a journalist and his young marriage though would radically change him First he learned that Christians have no corner on truth Working out in the world trying to be the Roaring Lamb he d been trained to be he met atheists and agnostics who seemed to do better at embodying Christian love than many Christians did Confessing the church s failures was one thing but the author had to face his own weakness the hard way when the cheap threads that held his marriage intact finally snapped Jesse found himself at the end of his twenties with a broken bank account a broken body and a broken family In the midst of that pain he discovered his brokenness better equipped him to share God s grace than his striving ever had He learned to say with theologian Karl Barth that his importance may consist in his poverty in his hopes and fears in his waiting and hurrying in the direction of his whole being toward what lies beyond his horizon and beyond his power *Transformed by Truth* Katherine Forster,2019-08-22 Studying God s Word as a teenager changed my life And it can change yours too The Bible is more than just an ancient religious document It s a book filled with the actual words of the living God meant to be read often and studied deeply that we might experience its life changing power If you re a teen who s tired of low expectations and weightless platitudes this book will help you dig into the Bible and make the time you spend reading count for eternity Katherine Forster walks you through three simple practices that changed how she reads Scripture observation interpretation and application so you too can begin to understand what God has said in his word and discover how God s truth can literally transform you from the inside out Called to Worship Vernon Whaley,2013-04-08 What is worship Biblically speaking worship might mean a lot of things a celebration of God and his glory a display of reverence and awe an act of humility or prostration before our Creator But what does this look like today And do churches of today of any tradition or denomination really worship in a way that s biblical Called to Worship is a deep dive into what worship means in the Bible Vernon Whaley Dean of the school of music at Liberty University investigates each individual book of Scripture to uncover the tapestry of instruction and insight into God s idea of worship With this book you ll learn How to see through the

comfort zones of the modern church's worship rituals and routines. The biblical principles of worship and why understanding these principles is essential in our discipleship and important to our creator. How the life of Christ serves as a living guide to worship throughout the entire Bible and the history of Christianity. The Bible describes a rich history of Yahweh worship offered first by the hosts of heaven in eternity past and then by mankind from Creation to present day. This book is a call to understand and participate in that richness.
