The Latin Odes Of Jean Dorat:

The Latin Odes of Jean Dorat Jean Dorat, 2000 *An Anthology of Neo-Latin Poetry by Classical Scholars* Stephen Harrison, Gesine Manuwald, William M. Barton, Bobby Xinyue, 2024-01-11 Presenting a range of Neo Latin poems written by distinguished classical scholars across Europe from c 1490 to c 1900 this anthology includes a selection of celebrated names in the history of scholarship Individual chapters present the Neo Latin poems alongside new English translations usually the first and accompanying introductions and commentaries that annotate these verses for a modern readership and contextualise them within the careers of their authors and the history of classical scholarship in the Renaissance and early modern period An appealing feature of Renaissance and early modern Latinity is the composition of fine Neo Latin poetry by major classical scholars and the interface between this creative work and their scholarly research In some cases the two are actually combined in the same work In others the creative composition and scholarship accompany each other along parallel tracks when scholars are moved to write their own verse in the style of the subjects of their academic endeavours In still further cases early modern scholars produced fine Latin verse as a result of the act of translation as they attempted to render ancient Greek poetry in a fitting poetic form for their contemporary readers of Latin *Odes of Anacreon, Translated Into English Verse, with Notes. By Thomas Moore ... Sixth Edition*, 1806 *Odes of Anacreon, Translated Into English Verse, with Notes. By Thomas Moore ... Eighth Edition. [With a Portrait.]*, 1810 *De Rerum Natura (The Nature of Things)* Lucretius, 2008-08-06 This elegant new translation at last restores the poetry to one of the greatest and most influential poems in the Western tradition *De Rerum Natura* is Lucretius's majestic elaboration of Greek Epicurean physics and psychology in an epic that unfolds over the course of six books This sumptuous account of a secular cosmos argues that the soul is mortal that pleasure is the object of life and that humanity has free will among other ideas Renowned author translator and poet David R Slavitt has captured Lucretius's elegance as well as his philosophical profundity in this highly readable translation of a poem that is crucial to the history of ancient thought **The Judgment of Palaemon** Philip Ford, 2013 In Virgil's third Eclogue Palaemon concludes the poetry competition between Menalcas and Damoetas by saying that he cannot choose between them a judgment that is emblematic of the contest between Neo Latin and vernacular poetry in Renaissance France Both forms of poetry draw on similar roots both are equally accomplished and the contest between them is largely amicable The Judgment of Palaement illustrates the almost symbiotic relationship between Renaissance Latin and French poetry while exploring poets motivation for choosing one language over another the different challenges each form of writing involved and the extent of the collaboration between different language communities It focuses on some of the major writers of the period as well as less known ones and on genres specific to humanist poetry It shows that composing in Latin was often considered more natural than writing in the vernacular at a time when many Frenchmen's mother tongue was a non standard French dialect or distinct language Book jacket *The Neo-Latin Verse of Urban VIII, Alexander VII and*

Leo XIII Stephen Harrison, 2024-04-04 A fascinating insight into the most talented Latin poets to occupy the Papal throne after Pius II Piccolomini in the 15th century this book offers translations of and commentaries on the major poems of the three popes all Italians Urban VIII Barberini Alexander VII Chigi and Leo XIII Pecci Their highly accomplished Neo Latin poems owe much to the major Latin poets and are significant instances of classical reception but also cast an interesting light on their lives times and papacies Urban elected pope in 1623 published a mixture of secular and religious verse drawing on the hexameter epistles of Horace and the lyrics of Catullus and writing Horatian material in praise of Alessandro Farnese governor of the Netherlands for Philip II of Spain and the Spanish martyr St Laurence Alexander elected pope in 1655 like Urban combines secular and religious themes and often uses Horatian frameworks writing hexameter accounts of some of the journeys he made as a papal diplomat in Germany and an Horatian ode on the fall of the Protestant stronghold of La Rochelle 1628 Leo's poetry was mostly religious and published during his papacy 1878 1903 his Horatian ode on the new millennium of 1900 was widely read and other works include an elegy which links a shrine of the Virgin with the Battle of Lepanto an Horatian satire on moderate diet and hymns to saints which combine early Christian and Horatian forms

Perennis Wim Verbaal, Yanick Maes, Jan Papy, 2009-06-01 No cultural phenomenon can remain vital and evolve without a continuous integration of external elements Instead of reading the process of appropriation in terms of sources or models the dynamics involved are better understood using more flexible categories such as creative reception polyphony and dialogue In every phase of its evolution in Antiquity the Middle Ages or Early Modern times Latin literature had to face a double challenge one from the past and one from the present although the models and heritage of the past always remained normative contemporary demands had to be met too The contributions in this volume analyze different moments of intercultural negotiation within the long history of Latin Literature **Odes ... Anacreon**, 1815 *Odes of Anacreon*

Anacreon, Thomas Moore, 1803 *Early Modern Women and Transnational Communities of Letters* Julie D. Campbell, Anne R. local regional national and transnational affiliations and conflicts *Humanistica Lovaniensia* Gilbert Tournoy,1982-02-15
