The Law Of Compensation Or Karma:

The Law of Compensation Or Karma K. T. K., Florence Huntley, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work **The Eloquence of Effort** ,2017-11-28 The contents of The Eloquence of Effort Beware the Path of Least Resistance are deeply moored in the principles of Entropy to wit the tendency of all things events to spontaneously degenerate into chaos unless of course there is an infusion of human energy It is a universal law chaos is spontaneous solutions demand effort Have you ever wondered why things naturally break up breakdown degenerate depreciate or simply fall apart Why is Alzheimer s Disease more prevalent among the lesser educated Why is physical exercise a vital component to a healthier lifespan Consider two cars an old and a new abandoned under similar conditions Revisited a 100 years later the new would deteriorate while the old would disintegrate into untraceable dust But why not the reverse As the new car aged into a rusted rattle trap the old retrogressed into a spanking new car Just the way the universe operates you exclaim Answers to these questions reside in the forces governing Second Law of Thermodynamics sometimes referred to as the Law of Entropy To prevent being submerged under an Entropic tsunami of destruction one must apply personal effort Failure to do so can only result in catastrophe Over 700 years ago the concept was succinctly captured by the polymath Leonardo da Vinci He wrote that God sells us all things at the price of labor Arguing that dreams are only achievable through sustained effort the book relies heavily on biographical philosophical economic religious historical and scientific data Accordingly work is the mission the multiple rewards are the byproducts More significantly the pleasure resides in the effort not the outcome Against the dark backdrop of malignancies inflicted on society by unrepentant leeches the benefits of unstinting diligence are sharply focused The reader is nudged into a higher plane of reality namely purposeful effort is rewarding Hence regardless of the end result effort is never wasted Conversely indolence is the bane of progress the root cause of socio economic crimes and social chaos Indeed corruption in all its diabolical forms is nothing but laziness masquerading as diligence Analysis of biographical data sustains the thesis that hard work extends life indolence shortens it Moreover indolence in all its fiendish forms is causally related to personal chaos The terminally lazy degenerate Pablo Escobar validates this principle when he prophetically asserted that no drug dealer ever died of old age He was right at age 44 he was slaughtered The persuasiveness of the arguments is supported by a wealth of references Together they form the final authority they lend credence to the arguments provided **The A to Z of Karma - 2nd Edition** AiR - Atman in Ravi, Most people are aware of the concept of Karma the Universal Law that states What you give is what you get But not everybody knows the A to Z of Karma that we can actually transcend Karma escape from all misery and sorrow and ultimately attain Liberation or Moksha freedom from the cycle of death and rebirth This book

Volume I** H. P. Blavatsky,2019-12-09 What s in a name Very often there is more in it than the profane is prepared to understand or the learned mystic to explain It is an invisible secret but very potential influence that every name carries about with it and leaveth wherever it goeth Carlyle thought that there is much nay almost all in names Could I unfold the influence of names which are the most important of all clothings I were a second great Trismegistus he writes The name or title of a magazine started with a definite object is therefore all important for it is indeed the invisible seedgrain which will either grow to be an all over shadowing tree on the fruits of which must depend the nature of the results brought about by the said object or the tree will wither and die These considerations show that the name of the present magazine rather equivocal to orthodox Christian ears is due to no careless selection but arose in consequence of much thinking over its fitness and was adopted as the best symbol to express that object and the results in view Now the first and most important if not the sole object of the magazine is expressed in the line from the 1st Epistle to the Corinthians on its title page It is to bring light to the hidden things of darkness iv 5 to show in their true aspect and their original real meaning things and names men and their doings and customs it is finally to fight prejudice hypocrisy and shams in every nation in every class of Society as in every department of life The task is a laborious one but it is neither impracticable nor useless if even as an experiment **Lighting the Lamp of Wisdom** John Ittner,2013-09-13 The insiders guide to Hindu spiritual life Ashram is the general term for a study center retreat house or monastic community in Hinduism the millennia old religious tradition of India Ashrams of various kinds are now found throughout North America and are popular venues for spiritual retreats workshops and classes Lighting the Lamp of Wisdom takes you into a typical week of retreat inside an ashram to demystify the ashram experience and show you what to expect from your own visit You will experience all the elements of a typical day and week including The colorful puja or worship services Meditation practices and yoga classes Classes on Hindu scriptures Chanting and music Satsang an informal talk with the ashrams guru Work practice and much more You ll also meet some of the people who visit ashrams to hear their reasons for going there as well as the spiritual benefits they derive from the experience Also included are a helpful glossary a list of books for further reading and a directory to ashrams in North America that will enable you to locate one near you and set up your own visit **The Lotus and the Lion** J.
