## **The Liberal Crack Up:**

**The Liberal Crack-Up** R. Emmett Tyrrell, 1984 Explains the reasons for the decline of liberalism examines the anti nuclear feminist and peace movements and discusses liberal policies towards the Third World and the economy

**The Liberal Crack-up** R. Emmett Tyrrell, 1984      **Crackup** Samuel L. Popkin, 2021-04-19 Samuel L Popkin applies his extensive experience with presidents and presidential campaigns to provide a lively extensively researched story of the contemporary Republican Party He shows how reforms intended to take corporate money out of political parties ended up crippling party leadership rendering them unable to cope with a new political landscape In their stead the machinations of billionaires pursuing pet issues and purity for profit activists thrived As Popkin lays bare party rebels such as Ted Cruz exploited these forces to block immigration and healthcare reform opening the door for Trump s election

*California Crackup* Joe Mathews, Mark Paul, 2010 California Crackup is brilliant It cuts through the familiar tangle of diagnoses and quick fix solutions to provide a comprehensive and persuasive analysis of California s dysfunctional governmental system Paul and Mathews have coolly laid out a complicated story made it readable sometimes even comedic It is the best discussion of the issue I ve seen in over three decades Peter Schrag author of California America s High Stakes Experiment I know of no other work that combines so succinctly and enjoyably a historical summary of California s existing problems with such a sweeping and provocative program of reform Ethan Rarick University of California Berkeley Mark Paul and Joe Mathews have produced an indispensable guide to California s crisis of governance and they have done so with humor scholarship fairness and storytelling verve Every Californian should read this book Steve Coll Pulitzer Prize winning author of Ghost Wars Mark Paul has a talent for presenting California Big Think stuff in an easily accessible and always readable way offering clear and creative insights on the subject of California s collapse CalBuzz Joe Mathews has done an artful fascinating and convincing job of connecting the California of today s Schwarzenegger era to the long history that made his rise possible James Fallows The Atlantic Monthly on Mathews book The People s Machine

**The Death of Liberalism** R. Emmett Tyrrell, 2012-05-07 The grave is dug the headstone carved the hearse idling out front A once potent political and cultural scourge of our time Liberalism is breathing its last and loudest breaths In this provocative postmortem R Emmett Tyrrell Jr traces the dubious rise and inevitable fall of the deeply flawed Liberal Progressive movement which has culminated in the nation s first stealth socialist President Barack Obama the unwitting pallbearer for American Liberalism While exposing this nonsensical worldview Tyrrell also winsomely reaffirms the timeless values Liberalism has endeavored to undermine free enterprise personal liberty limited government empiricism reason and common sense Ultimately Tyrrell welcomes conservatives moderates independents and the heretofore apolitical to step forward at this crucial juncture and take the final steps necessary to administer Liberalism s last rites From Harry Truman to Ed Koch to McGovern Liberalism has been in decline With Obama Liberalism is dead Now comes Crony Capitalism This is a hilarious and profound book especially because Tyrrell

sees the value of Fox News and Talk Radio Sean Hannity author of Conservative Victory and radio host of The Sean Hannity Show and Fox News Channel's Hannity R Emmett Tyrrell chronicles with growing joyfulness the high points of Liberalism's demise until we get to 2010 and Liberalism's lurch into the grave A wonderful read and a fitting send off to a very dreary ideology Mark Levin host of The Mark Levin Radio Show and author of the bestsellers Liberty and Tyranny and Ameritopia The Death of Liberalism is a dashing sharp well argued and succinct tract for the times Mr Tyrrell is a controversialist of stature a polemicist of robust energy and a man who knows how to present his case with power and precision Paul Johnson author of Modern Times Intellectuals and A History of the American People **After the Hangover** R. Emmett Tyrrell, 2010-04-19 Looking for real hope and change The man Hardball host Chris Matthews calls the legendary R Emmett Tyrrell Jr has done it again Tyrrell author of such tours de force as New York Times bestseller Boy Clinton The Political Biography The Liberal Crack Up and The Conservative Crack Up serves up an insightful and delightful exploration of the past present and future of American conservatism or what he terms America's longest dying political philosophy And its future is bright Tyrrell begins with a sparkling distillation of conservative theory and history complete with personal anecdotes from his decades in the movement inspired by its luminaries bored by its dim bulbs He explains the nature of the conservative temperament its political libido and how it plays out in today's curious political culture examines the vital role of a true political culture and solidarity in opposing the left and then offers a comprehensive agenda for the future of the movement that every political player on both the right and the left will have to read to grapple with in 2010 and 2012 Tyrrell also considers American Liberalism its excesses quirks and near suicidal instinct Far from offering mere indictment however Tyrrell also delivers a unique perspective on Liberalism's strengths such as its intramural ecumenism and rare ability to rally around shared causes explaining how conservatives could learn and profit from the example It goes without saying that through it all Tyrrell's famous humor crackles and lifts the spirit Conservatives looking for perspective on the current scene a richer understanding of their shared past and hope for the future will find After the Hangover as refreshing as it is restorative **PREVIOUS ACCLAIM** The legendary R Emmett Tyrrell Jr **CHRIS MATTHEWS** No columnist no author has had a greater influence upon the course of American political history over the past decade than that ribald contrarian R Emmett Tyrrell Jr Even the slain giants die laughing **TOM WOLFE** Washington would not be the same without Bob Tyrrell and neither would the American conservative movement While dilettantes come and go the relentless and irrepressible Tyrrell is forever **DAILY TELEGRAPH LONDON** Tyrrell is the master of a particular form taking broken shards of silliness deviance hypocrisy crime and treason shaping them into Erasmian examples of human folly and doing so with style and flow **ARAM BAKSHIAN** Tyrrell alerts us to the dangers our political system faces and he does it with the insight wit and style that mark him as a great American writer **BOB BARR** R Emmett Tyrrell Jr has written a stimulating book which should cause many Americans to rethink positions they have taken in the debates of the past decade **HENRY KISSINGER** For a man I disagree with as much as

Emmett Tyrrell I must say that I enjoyed the sheer hell out of his book NORMAN MAILER Blinded by the Right David Brock,2003-02-25 In a powerful and deeply personal memoir David Brock the original right wing scandal reporter chronicles his rise to the pinnacle of the conservative movement and his painful break with it David Brock pilloried Anita Hill in a bestseller His reporting in The American Spectator as part of the infamous Arkansas Project triggered the course of events that led to the historic impeachment trial of President Clinton Brock was at the center of the right wing dirty tricks operation of the Gingrich era and a true believer until he could no longer deny that the political force he was advancing was built on little more than lies hate and hypocrisy In Blinded By the Right Brock who came out of the closet at the height of his conservative renown tells his riveting story from the beginning giving us the first insider's view of what Hillary Rodham Clinton called the vast right wing conspiracy Whether dealing with the right wing press the richly endowed think tanks Republican political operatives or the Paula Jones case Brock names names from Clarence Thomas on down uncovers hidden links and demonstrates how the Republican Right's zeal for power created the poisonous political climate that culminated in George W Bush's election With a new afterword by the author Blinded By the Right is a classic political memoir of our times

*Boy Clinton* R. Emmett Tyrrell,2015-07-07 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country **Cadres for Conservatism** Gregory L. Schneider,1999 In this history of the other Sixties Gregory L Schneider traces the influence of Young Americans for Freedom a conservative political group that locked horns with the New Left and spawned many of the major players in the contemporary conservative movement from the Goldwater campaign in 1964 to Reagan's revolution in the 1980s Cadres for Conservatism reveals how young political conservatives unlike their leftist counterparts avoided fracture in the wake of the Sixties Rather YAF continued to serve as a seedbed for future conservative leaders many of whom drew on the contacts and counter activism of their youth to consolidate conservative power Schneider's talent for trenchant archival research is supplemented by a plethora of detailed interviews with virtually every past national chairman and executive director of the YAF as well as important sponsors such as William F Buckley William Rusher and M Stanton Evans *The Liberal Persuasion* John Patrick Diggins,2017-03-14 For more than half a century the celebrated historian Arthur Schlesinger Jr has been the guiding force of American liberalism both intellectually and in practice The author of many critically acclaimed books Schlesinger vigorously defended FDR's New Deal policies in his earliest writings and later served as a close advisor to President John F Kennedy In this volume twenty of today's most eminent historians join forces to explore Schlesinger's unique brand of liberalism one that has steered clear of ideological extremism and social fragmentation favoring instead pluralism and the pragmatic use of state power By engaging the reader in various aspects of his career and intellectual pursuits these essays offer an exhilarating journey through American political history from the Jackson era to multiculturalism while demonstrating historical writing at its best The volume opens with essays on Schlesinger as a historian and a political participant contributed by William E Leuchtenburg

Hugh Thomas George Kennan John Kenneth Galbraith and John Morton Blum The influence of the Jackson era is explored by Robert Remini Sean Wilentz and Jean V Matthews In a section on modern liberalism and governance such topics as the New Deal the Great Society and the fate of liberalism under the Carter administration are discussed by Alan Brinkley Kathleen D McCarthy Fred Siegel Leo P Ribuffo and Richard C Wade Betty Miller Unterberger and Ronald Steel comment on liberalism and the Cold War Louis Menand and Eugene D Genovese explore ideological controversies within liberalism including pragmatic liberalism and relativism and multiculturalism In the final section George Cotkin Neil Jumonville and Sir Isaiah Berlin write on three figures whom Schlesinger greatly admired William James Henry Steel Commager and Edmund Wilson Originally published in 1997 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Rise of the Counter-Establishment Sidney Blumenthal, 2011-05-17 A classic of American politics returns How did the Republican Party build its infrastructure and arrive at the Reagan triumph in the years following Barry Goldwater's defeat and Nixon's cataclysmic resignation in 1974 The Rise of the Counter Establishment a now seminal study of contemporary politics provides the answers Based on hundreds of interviews with key policy makers Sidney Blumenthal shows how the conservatives orchestrated their influence to change American politics By charting the rise of a small group of ideologues who transformed their vision into Washington's ruling orthodoxy he brilliantly illuminates the important currents of conservative thought and action as well as the mythology of Reaganism Although Blumenthal himself is unabashedly liberal he is also frankly admiring of the organizational genius displayed by the right wing in finding donors and benefactors eager to fund the think tanks institutes magazines and endowed academic chairs that made the Reagan Revolution and the George W Bush presidency possible He presents an indispensable object lesson for any out of office party determined to regain political power

**The Populist Persuasion** Michael Kazin, 2017-11-15 In The Populist Persuasion the distinguished historian Michael Kazin guides readers through the expressions of conflict between powerful elites and the people that have run through our civic life filling it with discord and meaning from the birth of the United States until the present day Kazin argues persuasively that the power of populism lies in its adaptable nature Across the political spectrum commentators paste the label on forces and individuals who really have just one big thing in common they are effective at blasting elites or the establishment for harming the interests and betraying the ideals of the people in nations that are committed at least officially to democratic principles Kazin's classic book has influenced debates over populism since its publication The new preface to this edition brings the story up to date by charting the present resurgence of populist discourse which was front and center in the 2016 elections and in the Brexit debate

Bayard Rustin Michael G. Long, 2025-12-02 2024 Outstanding Academic Title given by Choice Reviews Celebrates the life and legacy of Bayard Rustin the civil rights leader behind the 1963 March on Washington for Jobs and Freedom While we can all recall images of Martin Luther King Jr giving his I Have a Dream speech in front of a massive crowd at Lincoln Memorial few of us remember the man who organized this watershed nonviolent protest in eight short weeks Bayard Rustin This was far from Rustin's first foray into the fight for civil rights As a world traveling pacifist he brought Gandhi's protest techniques to the forefront of US civil rights demonstrations helped build the Southern Christian Leadership Conference led the fight for economic justice and played a deeply influential role in the life of Dr King by helping to mold him into an international symbol of nonviolent resistance Rustin's legacy touches many areas of contemporary life from civil resistance to violent uprisings democracy to socialism and criminal justice reform to war resistance Despite these achievements Rustin was often relegated to the background He was silenced threatened arrested beaten imprisoned and fired from important leadership positions largely because he was an openly gay man in a fiercely homophobic era With expansive searching and sometimes critical essays from a range of esteemed writers including Rustin's own partner Walter Naegle this volume draws a full picture of Bayard Rustin a gay pacifist socialist political radical who changed the course of US history and set a precedent for future civil rights activism from LGBTQ Pride to Black Lives Matter

*Church in Crisis* Oliver O'Donovan, 2008-07-03 What if the challenge gay men and women present the church with is not emancipatory but hermeneutic Suppose that at the heart of the problem there is the magna quaestio the question about the gay experience its sources and its character that gays must answer for themselves how this form of sensibility and feeling is shaped by its social context and how it can be clothed in an appropriate pattern of life for the service of God and discipleship of Christ But suppose too that there is another question corresponding to it which non gay Christians need to answer how and to what extent this form of sensibility and feeling has emerged in specific historical conditions and how the conditions may require as an aspect of the pastoral accommodation that changing historical conditions require a form of public presence and acknowledgment not hitherto known These two questions come together as a single question how are we to understand together the particularity of the age in which we are given to attest God's works

**Goliath** Matt Stoller, 2020-10-06 Every thinking American must read *The Washington Book* Review this startling and insightful *The New York Times* look at how concentrated financial power and consumerism has transformed American politics and business Going back to our country's founding Americans once had a coherent and clear understanding of political tyranny one crafted by Thomas Jefferson and updated for the industrial age by Louis Brandeis A concentration of power whether by government or banks was understood as autocratic and dangerous to individual liberty and democracy In the 1930s people observed that the Great Depression was caused by financial concentration in the hands of a few whose misuse of their power induced a financial collapse They drew on this tradition to craft the New Deal In *Goliath* Matt Stoller explains how authoritarianism and populism have returned to American politics for the first time in eighty years

as the outcome of the 2016 election shook our faith in democratic institutions It has brought to the fore dangerous forces that many modern Americans never even knew existed Today s bitter recriminations and panic represent more than just fear of the future they reflect a basic confusion about what is happening and the historical backstory that brought us to this moment The true effects of populism a shrinking middle class and concentrated financial wealth are only just beginning to manifest themselves under the current administrations The lessons of Stoller s study will only grow more relevant as time passes An engaging call to arms Kirkus Reviews Stoller illustrates here in rich detail how we arrived at this tenuous moment and the steps we must take to create a new democracy      **Madame Hillary** R. Emmett Tyrrell, Jr., Mark W. Davis, 2004-01-01 First hand reporting and revelations of recent behind the scenes maneuverings that shows the reality between her carefully crafted image      **The Political Life of Bella Abzug, 1976-1998** Alan H. Levy, 2013-12-05 The Political Life of Bella Abzug 1976 1998 is the second part of the first full biography of Bella Abzug Alan H Levy explores the political life of one of the most important women in politics in mid and late twentieth century America This second part takes up Abzug s life from the point in 1976 when she narrowly lost her bid for the New York Democratic Party s nomination for the U S Senate The biography follows her subsequent failed effort to win the Democratic Party s nomination for Mayor of New York City in 1977 her leading a controversial National Women s Convention in Houston in late 1977 her failed attempt to return to the U S Congress in 1978 and her conflicts with President Jimmy Carter and his administration The biography then traces the efforts in which Abzug was engaged to regain political prominence and her work on behalf of women at both national and international levels Through the events in Abzug s life Levy explores tensions that surrounded the contrasts between political principles which idealized a world in which gender posed no barriers to any human effort and political views which sought to extol and develop notions of gender and of ideas about its special meanings in human affairs and politics      The Spectator ,1877 A weekly review of politics literature theology and art      The Liberalism Trap Menaka Philips, 2023 In The Liberalism Trap Menaka Philips identifies a methodological problem in contemporary political theory preoccupations with liberalism have come to dominate the study of politics To evaluate the effects of such preoccupations Philips turns to John Stuart Mill the so called paradigmatic liberal She shows not only that Mill s famed liberal status is habitually substituted for his political arguments but also that this substitution obscures the role of uncertainty in Mill s political thought Across his writings on women s emancipation class reform and British Empire Philips recovers the uncertain strategies that inform Mill s politics offering an innovative account that sets into relief the limits of reading through liberalism      Watch on the Right J. David Hoeveler, 1991 The ascendancy of conservatism in the last twenty years is an unprecedented episode in American intellectual and political history In Watch on the Right J David Hoeveler Jr gives us enlightening often immensely entertaining portraits of the key thinkers behind this revolution As Hoeveler writes conservative thinkers hang their hats on many different racks and this book dramatizes for us the breadth of the conservative coalition as exemplified by the eight writers surveyed William

F Buckley Jr George Will Robert Nisbet Irving Kristol Hilton Kramer Jeanne Kirkpatrick R Emmett Tyrrell Jr and Michael Novak These eight gurus of the right represent a very wide spectrum of conservative thought but Hoeverler also considers the present day conservative renaissance against the literary background that has given the movement its identity since Edmund Burke Amid the multiple voices unifying themes do emerge American conservatives share a hostility toward the liberal new class the professional media and academic elites and the entrenched government bureaucracies that still believe in the perfectibility of society by enforced social engineering Moreover conservatives of all persuasions are united in struggling to sustain traditional values against the onslaught of revolutionary capitalism and technology and all are profoundly hostile to imperialistic communism on the Soviet model Despite the existence of a generic conservatism however Hoeverler's portraits provide us with a fascinating tour of the shifts and turns in modern social thought from the decline of liberalism in the late 1960s to the current era a path that leads through such diverse areas as the Cold War bourgeois culture art and aesthetics civil rights and the welfare state New Age culture and the gender revolution To a whole generation that has never known anything but conservative leadership Watch on the Right will explain in clear accessible prose how the movement flourished in the 1970s and 1980s For readers who saw it happen but never thought it would and for liberals who are feverishly trying to recover their mandate this book as no other pulls the ideological threads of the story together Watch on the Right is illustrated with delightful pen and ink caricatures
